PRESIDENT'S MESSAGE

Our progressive world, with its inventions of rockets to the first man in space, is a world where education is a necessity. Everyone should take the opportunity given to him of fulfilling his academic activities.

The Church and Collegiate are the centre of every community. Gratitude should be conferred to God, the teachers, and our friends for giving us freedom and the means to advance our spiritual and intellectual faculties.

However, the rest is left up to us—the first graduating class of Vincent Massey Collegiate Institute. We are fortunate in what has been given to us. The doors have been opened to the wonderful future that lies ahead. But only you, the student, can mold that future into what it should be and what it will be.

SUSAN MORGAN

1960

1961

It is a pleasure for me to write a message for this first edition of "The Pegasus".

I wish to congratulate the Editor, her assistants, the Staff Advisor and all who have helped in the production of this pictorial record of the first year's activities at Vincent Massey Collegiate Institute.

This has been a most interesting year for all of us. For those students coming from other schools, it meant divided loyalties for a time; rapidly, however, each student realized that he had a part to play in forming traditions and goals for this new school community. Now we have a student body at once, loyal, co-operative and energetic.

We have been fortunate in acquiring a group of teachers possessing a high degree of competence and enthusiasm. To them goes much credit for their co-operation and imagination in starting this school on a firm academic foundation.

I offer one counsel: This era of electronic miracles, of space exploration and of cold wars has brought with it a disturbing disregard of the homely virtues of punctuality, keeping one's promises, and doing a little bit more than one's job actually demands. I commend to you that the cultivation of the basic virtues of honesty, industry and self-respect will have a great deal to do with your future success and happiness.

Each of you has a part to play in the future greatness of Vincent Massey Collegiate Institute. Establish your goals with thoughtfulness and thoroughness—then pursue those goals with utmost zeal.

MASSEY SCHOOL SONG

Sing the acclaim
Of a school whose fair name
We will ever revere and adore.
Mid all the rest
Massey always is best
And we'll see that she leads ever more.
Oh! Hail to the white
And the dark blue and light;
May our cheers through the years never fail.
For there's nothing in this world
No matter how you try,
Can be better than
The days we spend at M.C.I.

SPORTS

Massey is expected to accelerate on its climb to the top of the sports list if this first year is any indication.

Champion honours are due to our golf team consisting of Mike Kane, Bill Welsh, Bob Brown and Peter Guthrie who captured our very first trophy: The Augustine Golf Trophy. In addition Mike was awarded a medal from the Board of Education.

Our junior cross country team this year was able to place third in the city while our seniors captured a respectable fourth.

Praise also goes to our swimming team who will no doubt flourish with access to a pool in future years. In spite of lack of practice Nancy Bevan placed second in both girls front crawl and breast stroke. Third place was won by the girls relay team and in style Pat DesRosiers and Ellen Stannard placed third and fifth respectively. Ian Stone held up the boys by taking a third in diving.

Both girls and boys volleyball and basketball teams made good efforts for their first year and "here's hoping" they will have better luck next year.

Games won by the football team deserved much praise and applause (both of them). Bill Welsh our star half-back was chosen for the City All Star Team. Congratulations Bill!

To round out our school year nicely, let us give a big cheer for our expert badminton team. Eric Pertsch won the men's singles with skilled ease, while Dave Powell and Arla Gasparini captured the mixed doubles title. Good Luck in W.O.S.S.A. Competition!

GENERAL ACTIVITIES

November 7, the date of the official opening of our school, brought with it many oo's and ah's as the public roamed through the bright corridors and climbed the aerial staircase at the entrance. Perhaps then, they too experienced our pride in being a part of the first high school in South Windsor.

Parents of grade nine students were led through a brief eight period day at Massey's first parents night.

Early in January after reports were given out, a general parents evening was held, and much collaboration and many understandings took place as usual, to the consternation of some.

Our houseleague program, set up and organized by Miss Stone, Mr. Edwards, and the Athletic Association was carried out with enthusiasm by the students. It included these activities: Volleyball, Basketball, Badminton, Table Tennis, Deck Tennis and Track and Field. The winning house is not revealed until the end of the season but last-minute checks report a close margin between all four houses.

The eloquence of our public speakers was proven during the school contests. Senior winners Joan Neilson and Brian Pape were not to be outdone by the Juniors Heather White and Peter Schneider, who sent Heather on to win the city finals.

Pat Marcinko gave a very interesting and informative speech to capture first place in the school's Industrial Accident Prevention Speaking Contest.

Congratulations go to Peter Schneider who won a third prize in the Cleary Auditorium Science Fair.

SOCIAL

Thanks to the efforts of the social committee, sponsored by Mrs. Bradley and headed by Pat Roland and Dave Braithwaite, the social events of the first year of our school have been a great success.

Our Friday night dances, the Sock-Hops, saw an increase in attendance each time. The dance contests attracted many and at the final contest trophies were presented to the winning couple, Brian Jacks and Donna Toldo.

The Silver Swirl, held on December 16, had as its theme the song "Silver Bells". Turquoise painted trees with angel hair foliage decorated the outer edges of the dance floor with lanterns placed at different intervals. The entrance into the gym appeared to be a silver archway while the stairs had pine sprays on the railings. The music for the evening was provided by Karl Straky's Orchestra.

Our spring dance, the Hi-Time was an informal round-about, held on April 21, with the music from Walley Townsend's Orchestra. A Parisienne Theme was presented with red and white as the main colours. There was a fountain which was used as a wishing well, the Eiffel Tower and L'Arc de Triomphe.

A sidewalk café, the special attraction, was the favourite oasis for the many teachers who were seen enjoying themselves that night.

ASSEMBLIES

Although assemblies this year have been few and far between they were of an excellent quality. We enjoyed speakers from the Bell Telephone Company, The Windsor Star and W.O.I.T. Our school proudly accepted the red ensign from the Chapter of the I.O.D.E.

During election week at Massey various names appeared on posters and throwaways for the officers of the student council. The campaigns ended with the election assembly, where the campaigners worked in groups to present their entertainment. Skits, variety shows and a teachers' court made up the program. As the assembly ended each student was left with the difficult decision of choosing representatives for his school.

Scripture lessons, hymns, and a minute of silence was the way in which we paid tribute and remembered the many soldiers who gave their lives for their country during the wars. The assembly continued as Bill Waymouth reported on his trip to the U.N. using several colourful slides to illustrate his experiences. We all gained a greater appreciation of the work of the U.N. through this assembly.

Semi-assemblies played a part in this year's program as well. On various occasions Marty Adler, using the P.A. system, spent about ten minutes informing the students of coming events.

Dracula visited our school at Christmas time. The stage was adorned with cobwebs, blood juice, spiders and pictures of Dracula's family to put everyone into a cheery Christmas mood. Dracula entertained the audience by bringing many teachers and students to the stage to give them their Christmas gifts.

The grade twelve assembly of skits and pantomimes turned out to be a big success. The Easter parade was one of the highlights as several boys displayed the latest women's fashions in casual, formal, bedtime and beach attire.

of the future*

Ford of Canada encourages young people in their search for education.

Over the past seven years, 41 university scholarships, each for a four-year course at a recognized college or university in Canada, have been awarded to sons and daughters of Ford employees.

Ford of Canada helps support youth programs including the very successful 4-H Clubs. As well, teaching aids and educational motion pictures are made available to Canadian schools, and, in many communities, our dealers participate in High School driver education projects.

Ford of Canada is proud to be associated with many educational activities, because we believe that a sound education is the best preparation for the challenges and opportunities of the future.

SOLID, MAN, SOLID!

AFTER A TOUR THROUGH THE ASSEMBLY LINES,
BILL WEAVER TELLS THE GANG ABOUT CHRYSLER
CORPORATION'S NEW WAY TO BUILD CARS —
UNIBODY CONSTRUCTION!

"Room to spare.
When Unibody
got rid of separate
body and frame,
it saved inches of
space. These
inches show up as
added stretch-out
room inside."

"Twice as strong.
New Unibody is built to last longer
than most people drive a car. It's
a solid, welded unit that's twice
as strong as cars built the old way."

"Rust
takes a vacation.
These cars are
soaked seven
times in new rust-
proofing chemi-
cals to stop rust
from the inside
out. The lower
body, where road
salt and gravel do
their worst, is
sealed off with a
special primer."

"Quiet as a mouse?
These cars are even
quieter. Unibody is one
solid unit with no joints to
loosen and get noisy."

WHY NOT SEE FOR YOURSELF
WHAT IT'S LIKE INSIDE A CAR BUILT
THE UNIBODY WAY? ASK YOUR DAD
TO STOP BY THE DEALER'S WITH
YOU, AND LET A DRIVE BRING OUT
THE DIFFERENCE GREAT
ENGINEERING
MAKES.

A KCLASS?

I think that there will never be

A class as wild as old 12C

A class whose marks were not so high

Enough to make a teacher cry

A class that likes to laugh all day

While teachers lift their arms to pray

But though they try so patiently

No one yet has tamed 12C
