## THE CANYON OF DREAMS

Through the mists of eerie marshes,  
Past the vales of craggy peaks,  
O'er the stretch of empty prairie,  
To the sea from eddying creek  
I wander as I fall away  
Into the canyon of Dreams.

I search in vain to find this land  
When overheard the sun has shone,  
But vexes me; my patience wears--  
The Land of Night has quickly gone.  
So pray that eve I'll fall away  
Into the canyon of Dreams.

It is a place that lives in dark  
Recesses of the mind,  
Where memory fails to recall that  
Which in the blackness one may find.  
A floating visage falls away  
Into the canyon of Dreams.

It lasts but briefly; a fleeting grasp,  
A scene of unknown places,  
It sails away on fleecy clouds  
As night discards all traces,  
Phantasies gathered, fall away  
Into the canyon of Dreams.

And in your slumber I am sure  
Your Voyage by the way;  
Have visions of unearthly hue  
A phantasmagory.  
Dreamland beckons you fall away  
Into the canyon of Dreams.

## TO FEEL IS TO LIVE

I have met a part of all that I am  
I have become wiser  
Getting to know the many facets of my world  
I have listened to the songs of love  
I have cried the tears of sorrow  
I have dug deep down in the cavern of despair  
I have reeled with fear  
I have wrenched with pain  
I have faced the challenges of adolescence  
And the epitomies; rejection, hate, ridicule, and prejudice I have known,  
And with all this feeling  
I have grown to know a part of all that I am.

David Sobolov 2D

## SOMEONE SPECIAL TO ME

I do not know why sorrow comes  
Or burning teardrops start;  
I only know that underneath  
I hope we never part.

I do not know why we must leave  
Our loved ones and our friends;  
I only know that deep inside  
This love will never end.

I do not know what I would do  
Without you by my side;  
I only know you're always there  
To help me with what I hide.

So believe me when I tell you  
That no matter what you say;  
And no matter where you go  
I'll love you more each day.

Debbie Raikes

*God opened my eyes so I may see  
All that your friendship means to me.  
So when I'm down and need your help  
I know you are there, without a doubt.  
How can I thank you for the brother you've been?  
To care enough to take ME in  
And make me as your sister own,  
And allow me to feel right at home.  
Please forgive me for those selfish days  
I never mean to hurt you in any way,  
And if I did in times before,  
Thanks so much for not closing the door,  
And one thing more before I go,  
I must tell you; in case, you didn't know.  
How did I deserve a brother as such?  
Whom I love so very, very much.*

*Marianne Trepanier*

#### *FUTURE SHOCK WAVES*

*Transparent in sight,  
enormous in magnitude,  
ever travelling in unknown destinations -  
floating, gliding, infiltrating  
throughout space, without escape.  
Desperately touching our lives,  
wetting its goals, dreams and ambitions.  
Echoing our past experiences, influencing  
our present ones and reflecting our future's.  
Bringing along with it our unique character:  
individualism.  
Silent, invisible, and unexpectant as it may be,  
out there it will get to us,  
willingly creeping into our systems,  
further implicating it with more thoughts  
dreams and goals.  
Shock waves as unexplainable as life  
in itself.  
Changing our lives within the accumulation  
of fractions of a second; nonetheless,  
that will remain with us forever.*

### LEAF OF LIFE

The leaf floated gently through the air  
As the gentle wind blew without a care  
It reached the ground only to die  
And, as I watched, I started to cry.  
Isn't this the way we live?  
We take and take and rarely give  
When the day we hope will never be  
We lie down and die like the leaves of a tree.

Donna Williams  
First Place Senior

### AS TIME GOES BY

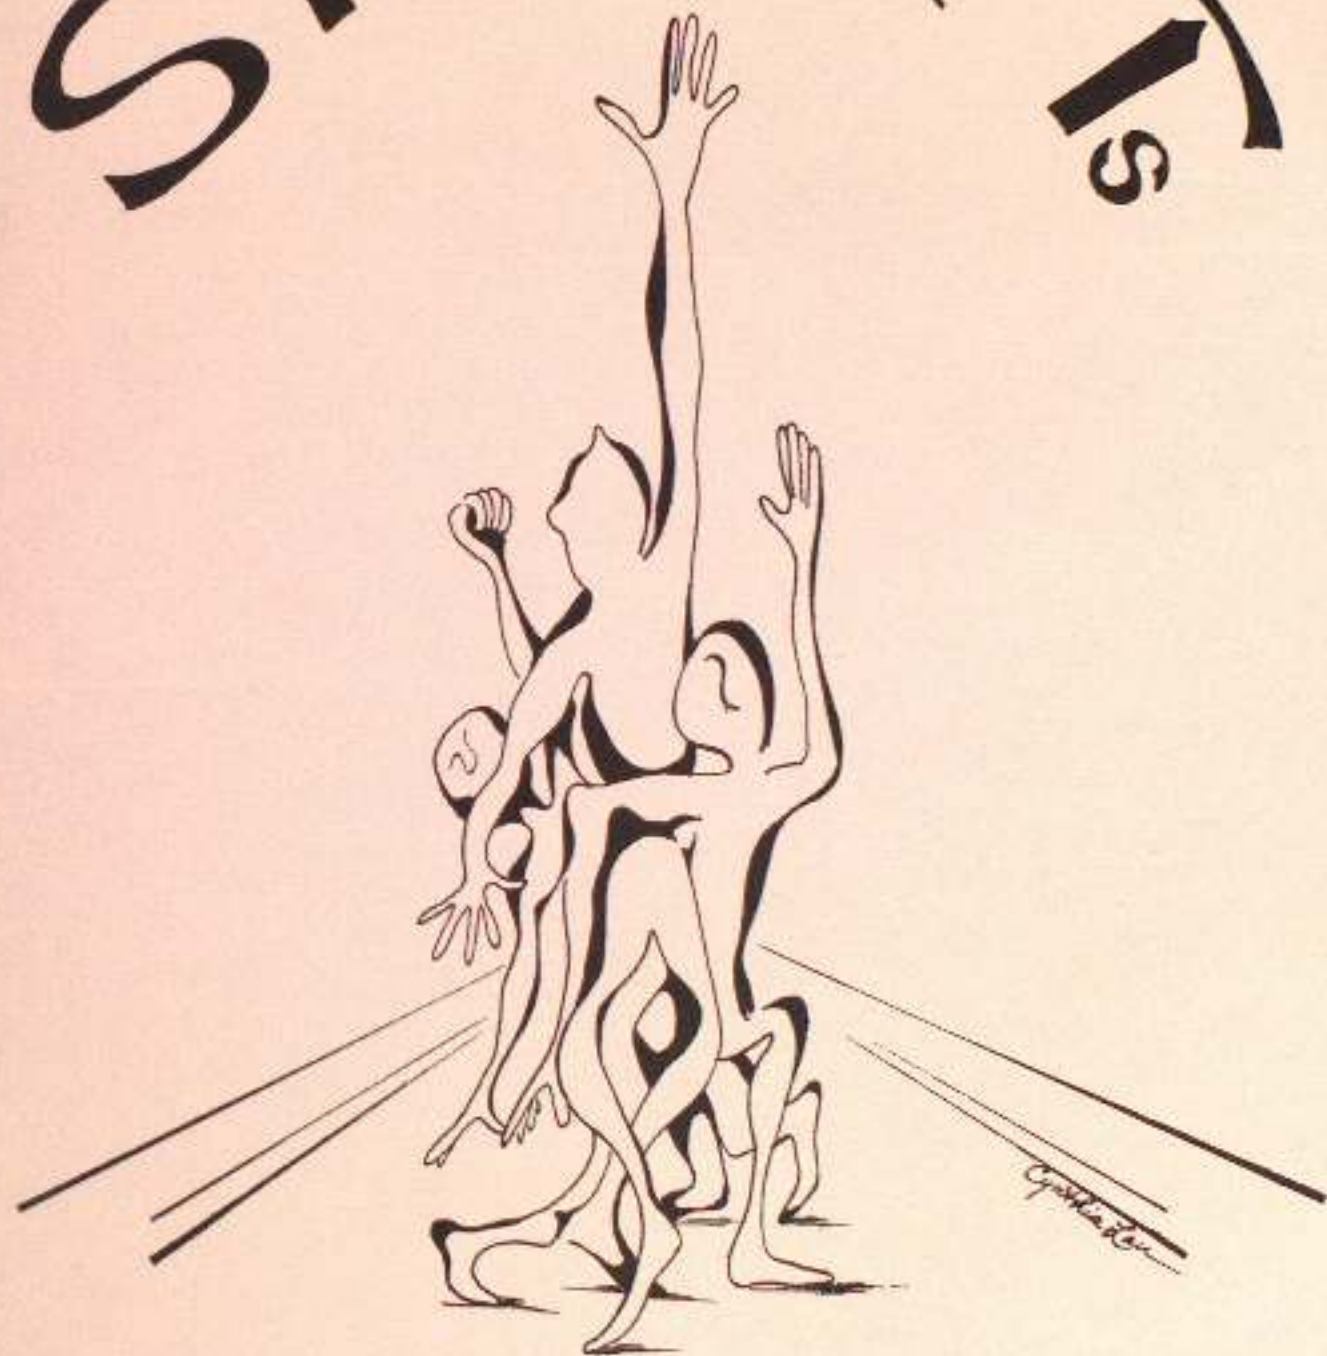

Leaves do change and so do seasons,  
Time goes by without a reason,  
Days pass,  
Years elapse,  
All that's born comes to an end.

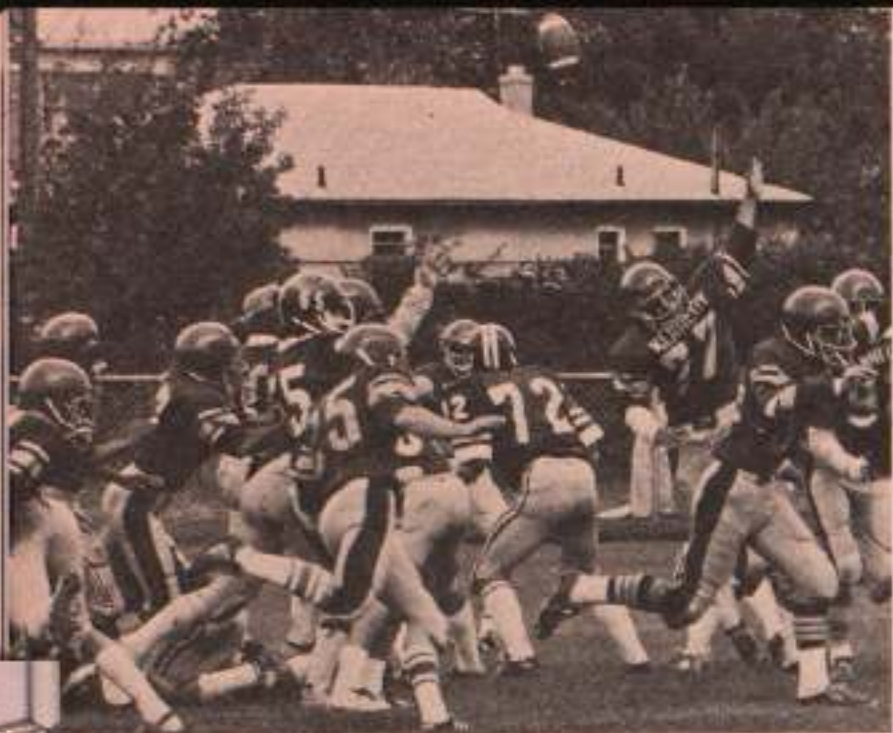

But do not worry about the end  
As now's the time to contend  
With all there is to be and do,  
To make the ambitions of your life come true.

Coaching on!

The Junior "Stangs" went through a rebuilding year, which means we lost more than we won. In fact, we should have put on a play as we had more than enough characters!

However, there were a number of quality players: Andy Smallhorn, Tom Platt, Jeff Parent, Doug Moore, Doug MacEachern, Jeff Clarke and Scott McCrindle who should move up to Senior and help them in the next few years.

Returning, we have four outstanding junior athletes: Tim Sands, John Tucker, Rick Pickersgill and Tim Eansor and, hopefully, Massey will get back on the track in Junior Football in '79.

VINCENT MASSEY SENIOR FOOTBALL 1978

This year's Senior Football team finished its regular season with four wins and three losses. The highlight of the season was a 14 to 5 victory over arch-rival Centennial. In their quarter final game against Brennan, the Mustangs came up on the short end of a 15-14 score.

Congratulations go out to All city selections Pat Hickson and Bob Sutton (first team), Morgan Wortley and Dave Lovegrove (second team) and Tom Crowley (third team).

With a good nucleus of players returning for next year, the coaching staff is eagerly awaiting the upcoming season.

Best of luck to all the graduating Mustangs!

Although Massey was defeated overall at W.S.S.A. this year by Kennedy, excellent performances were given. A record was broken in the 200m by Beth Carmichael.

Twelve qualifiers (4 boys, 8 girls) travelled to Toronto and, once again, the girls captured the O.F.S.S.A. championship. Obviously eight is enough!

Congratulations to all the swimmers and many thanks to coaches Mr. Pocock, Jim Snow and Erwin Miller.

1979 W.S.S.A.  
Junior Girl  
Volleyball Champs

For the third consecutive season the Massey Junior Girls captured the W.S.S.A. volleyball championship, and their second S.W.O.S.S.A. trophy. Led by co-captains Tricia Blue and Tricia Hyland and diminutive but agile Lesli Hapak, the spiking was superb. Sets by Sharon Wardell and Charlene Wright were important factors as was the play of substitutes Pat Murenbeeld and Sheila Abu. Misty Thomas provided a double threat with her outstanding play at the net as well as her ability to spike. The entire team deserves credit for completing its second straight season undefeated.  
Congratulations from coach, Mac.

### Prime Minister's Message

*I would like to thank the Students of Massey for all the support they have given to this year's Student Council. From what I have seen in the past and what I see in the present, this year has been a great success! Many things have been accomplished this year, one of which being the acquisition of the stereo and another being the badly needed new PA system in the gym.*

*All the things that have been accomplished could not have been done without the help and management of Mr. Valentine and Mr. Molyneaux. Also on behalf of Student Council I would like to thank the teachers and student body who have helped out when they were needed.*

*I sincerely hope that the future years at Massey are as PROSPEROUS and fun as this year was.*

WHOSE WAS THAT SCREAM?

A HALLOWEEN STORY

The night was silent, and the dry leaves scurried across the grass. The night of Halloween was upon us and already our neighbours were preparing for the festive occasion, in an uncanny manner.

We had just moved in a month ago and my first impression of Melas was dreary; in fact, dead. The town was small and our neighbours only numbered twenty-three families. The first thing I noticed, once my family moved to Melas, was that every house was painted black. It was strange that the whole town had the same colour houses but peculiar also was the mansion that stood at the top of the hill across from our house.

Thus my impressions of the town were very cold, at first, until I met a girl of my age, by the name of Naomi. She was, at first, very reluctant to talk or to be with me; but, later on, she confided in me that this place was evil. She seemed to want my family to leave, and in a hurry at that. She pointed out to me that there was no church in Melas. I really had not noticed, nor cared, as my family was not very religious.

Naomi told me that the people of Melas gathered at the house on the hill every Halloween night to perform rituals that had been passed down to them for generations. She told me that she was leaving Melas because she could not stand another night living there. Before she said anything more, she left in a hurry; for we saw a figure peering around the corner, listening to our conversation.

Naomi had wet my curiosity and I had to see what actually happened that night. Halloween night was now upon us and the townspeople, I noted, were starting to congregate across the street from our house, wearing black robes. They sauntered along, all chanting in a low hum. I went out of our house and hid behind some bushes. I noticed a girl being forcibly brought up the hill.

The night became a demonic frenzy. The chants grew louder and, suddenly, in the middle of the circle, which the people stood around, burst a huge fire.

They brought the person to the fire and I noticed the girl was Naomi. What were they going to do with her? All of a sudden, a loud scream reverberated in the air. A figure appeared and took Naomi into the house. An hour later the people had gone and I was able to search for Naomi. I observed that the footprints where Naomi had stood resembled those of an animal. It appeared to have claws and, by the size of the print, the creature was immense.

I went towards the house. I felt a chill run up and down my spine. I was uncertain about entering, for I feared this place was an evil dwelling.

I approached the door and I was compelled to open it, all the while fearing to do so. The door screeched as I opened it, and I cautiously and very slowly walked in. To my surprise, the inside of the house was clean; the furniture was very old. I now began my search for Naomi.

I looked around for some clue to Naomi's whereabouts. Every room into which I looked turned up nothing. I entered the living room and, by chance, observed, above the mantelpiece, a picture. A picture of a horrid, beast-like figure, engulfed in flames, and, in one corner, attached to the side of this figure and held by what appeared to be demons, was Naomi.

I was horrified. How could this be? I ran out of the house; there were so many unanswered questions. What was that figure in the picture? What had Naomi joined? Why were those people gathering at the house?

I needed to be alone and so I took the car and drove for a while. I was just getting out of the town limits, when I noticed something in my rear-view mirror. I was stupefied. I stopped the car and stared at what was in my rear-view mirror.

Reflected in the mirror was the town sign. The town of Melas spelled backwards was ... SALEM.

## Editors' Message

Another year passes us by and again we look back on all of its events. We have worked very hard to give you an enjoyable yearbook. Mary and I are very grateful to our dedicated staff and it wasn't always easy to find enough pictures and to arrange things properly. However, most of our time together has been a lot of fun, especially the doughnut days!

We would like to thank the Camera Club and Todd Peterson for their photographs, Cynthia Lau, all other artists and Mr. Sokol and his advertising group. An extra special thanks goes to Mrs. Grimley for her perseverance and her much needed help!

We hope that this yearbook will prove to be an interesting review of 1979.
