FACULTY

PRINCIPAL'S MESSAGE

Final Thoughts

As I prepare to leave the teaching profession, I have compiled some of the thoughts that I have presented in past yearbooks:

If you can accept the challenge of thinking clearly, logically, and objectively and avoid your own biases while taking a questioning approach to life, you will have come a long way in fulfilling your role in society. If you can take on a desire for excellence in your everyday activities, then you will have accepted your responsibilities in that life.

You will find that doors come in many sizes and shapes, and may take on different forms. They may shut out the elements, or may serve as an opening to personal achievement for those who choose to open those doors. The key to opening the doors is your teacher. You have the access to the key, but only you can make proper use of that key. Seek out your teacher and you will find that teacher willing and able to help you gain understanding. The pessimist closes and locks the door. The optimist unlocks and opens the door.

Your experiences govern your decisions. You may call upon advice from others, but the final decision is yours to make. With that decision comes the responsibility to accept the consequences that may arise. When you are ready to accept that responsibility, you are ready to face life.

As you accept your responsibilities, you learn that happiness does not come from your work, but from your attitude towards that work. Happiness does not come from completing a task but from the inner growth and achievements on the way to completing a task. It is not your position in life that makes you happy, but your disposition.

So now I bid you all adieu, and I should like to express my happiness and thanks for the opportunity I have had to be associated with you of Vincent Massey Secondary School over the past years.

VICE PRINCIPAL'S MESSAGE

Congratulations to the students and staff for making this year one of our most exciting in the history of our school. Our scholars and athletes have contributed much to preserve our fine tradition and reputation as the outstanding secondary school in the City of Windsor. However, we must not rest on the laurels of past achievement. We must move ahead with much resolve and vigor to preserve the Vincent Massey legacy.

The yearbook shall be a reminder for many years of all the great moments of the 1988-1989 school year. Mr. Nanson and his staff have once again provided us with an excellent volume of Pegasus. Their hard work, perseverance and dedication will be rewarded by the many fond memories of their achievements.

FAREWELL TO MR. MOTRUK . . .

This year marks Mr. Motruk's final year in a long and distinguished career as a teacher, coach and administrator. An artist leaves paintings and sculptures. An architect is remembered by his buildings and cities. But what permanent mark does an educator leave? In Mr. Motruk's case, he can take pride in the accomplishments of his students, the championships of his teams and the continuance of excellence in education. It is perhaps in this last point, that Mr. Motruk leaves his greatest mark on Vincent Massey S.S. He has guided Massey through a union with Centennial S.S. to mold a united school body that quickly developed a tradition of excellence in both academics and athletics. It is through his vision and leadership that Massey has risen to its present level as the finest high school in Windsor. We all thank you and wish you a happy life in your retirement. You will always be remembered by Massey as a good friend.

GOOD LUCK TO A GOOD FRIEND!

OUTERS CLUB

The Outers Club of Vincent Massey is being formed in the hope that students will become more aware of their environment and enjoy all that nature has given us, in a safe and healthy manner.

In order to do this, the focus of the Club will be twofold.

First to foster a care for our environment, wherever we may be. In so doing, we should put forth every effort to improve our surroundings whenever necessary. We should do all we can to prevent the destruction of our environment, and, if possible, to correct the damages done.

Second, to give students an awareness of nature through outdoor activities. This would include acquiring and improving various outdoor skills in a variety of outdoor activities. Through this it is hoped that all will appreciate and protect our natural surroundings.

These objectives will be obtained through both classroom discussions and lessons (theory), and specific outdoor activities (practical).

Inter-School Christian Fellowship is an inter-denominational Christian group here at Vincent Massey, that meets every Tuesday during lunch period. Every week the group has an activity planned. It may be a video, a guest speaker, an activity led by one of the members including games and other fun activities. There are I.S.C.F. groups in the other high schools, and we get together with them 3 or 4 times a year for a fun time.

Our goals as a group are to encourage others to consider Jesus as a friend who wants to help them with the things that cause the pain, to spend time with others with common beliefs, and to strengthen and nurture God's presence in our own lives and the life of the school.

This year marked the formation of a Junior Boys' Volleyball program which challenged 20 new players, as well as a rookie coach, to face some experienced WSSA teams. The team improved and impressed the league throughout the season and should provide Massey with some significant talent in the future. I'm proud to have coached such an interesting team.

Deb:
Sometimes when one has alot of love in their heart for a certain person - It's not that simple to find the words to tell how one exactly feels. I know - even though words sometimes fail me - that I love and appreciate you alot. You are a big inspiration in my life - and most of all you are the sister I always wanted. You and I have grown together in so many ways - and we have a special "Sister bond" that no one will ever rob us of.
Thanks for being so great and for being a Big Special part of my head. I love you always.

Deb:
Hi, no need to thank me for letting you play in my head. It was a great year. I will
