# PAJAMA DAY

CLASS

OF

1998

### Mark Abraham

If he is not driving around bopping his head to ICP, he is sitting in Shane's car driving around and listening to ICP. The friends you have made will last you a lifetime and remember don't eat Hungry Howie's pizza and drink diet Pepsi. Personal message: To everyone who helped me out, thank you. To all those I helped out, You're welcome.

### Naima Ahmad

What would you say about Naima? She is a responsible, hardworking, generous, loyal person and sometimes you might not even hear a peep out of her. During the five years she's been at Massey she had the experience of meeting people and learning many new things. She will never forget her years at Massey. Now she's off to university and she hopes she has as much success as she did at Massey.

### Joe Baker

Joe, AKA Emory, would like to thank God, The Pope, and all of his wonderful teachers for supporting him through his short stay at Massey. But his greatest inspiration comes from a wise man named Shandor, who told him the secrets of the world. He would like to say peace and so long to everyone he's met at Massey.

### Karen Balkwill

Help! The raccoons are after me! Massey was always fun, although I don't remember ever being in class. I would have to say that this year has been the best yet because of all of my great friends. I don't know how, but one day I am going to be in Milton and my hand will stay on my head. Ha ha! Soccer was great. Thanks to everyone who put up with me. I'll miss you all.

### Jason Allan

Jason has enjoyed the past 4 years at Massey. Most of which he spent on the football field and hanging with his girlfriend, Katee. Jason has met a lot of interesting people. Some good, as well as some bad, but he will remember them all forever.

### Ali Asfour

My two years here at Massey were great. I enjoyed the good times and bad times. I had a lot of fun playing on the soccer team... But now its time to move on to bigger and better things.

### Marka Beaten

I am happy to graduate from High School, but I will miss everyone in the Community Living Programme. Presently, I have no future plans.

### Amanda Bennett

*And if you feel that you can't go on and your wheel is sinking low, just believe and you can't go wrong. In the light you will find the road.*

-Led Zeppelin  
In The Light

### Hussein Asfour

Being at Massey for the past two years has been great. But being a twin at Massey is a whole different story. Especially when I've had to finish conversations that I didn't start and get blamed for things I didn't do... Thanks to all my teachers and friends.

### Fonda Asprakis

*Have more than thou showest,  
Speak less than thou knowest,  
Lend less than thou owest,  
Ride more than thou goest,  
Learn more than thou trowest,  
Set less than thou throwest,  
Leave thy drink and thy whore,  
And thou shalt have more  
Than two tens to a score*  
-King Lear

### Jay Bhatt

The best four years of my life were spent at Kennedy, but Massey just added one more.

R.I.P. Tupac "R U Still Down"

### Uzma Bhatti

Uzy, Uzy. It's been twelve years now since we first became best friends. Many more years to come, especially when you become my successful lawyer. Don't forget your promise. I live downstairs and P.S. I'll pay rent. First grade school, now high school and maybe university? I know you do not need luck because you are lucky. So I love you lots and I'll always be here for you, promise.

- Bun.

### Maggie Averill

When thinking about Steggie's fascinating journey through Mustangland, Steggie's other half is reminded of the many stops and visits along the way. Such as the conspiracies involving Maggie's mallifuous megalomaniacs, Stefu's so-called saboteurs and Pei's pathetic posse... Or the tacky lawn ornaments that decorate our hearts... We were thankful that Manasi was there to beat up whenever bio got too boring. Magadillo says bye Mustangland!

### Jason Baker

I've enjoyed my 5 years at Massey greatly. I'll have many fond memories to fall back on in the future. I want to thank all the friends I've made, for making my high school years so much fun. I'll never forget the crazy things we did. I love you all.

Buenos Noches

### Brad Binder

Ten years from now, when Brad thinks back to his years at Massey, the things he'll remember most are those weird and crazy teachers, (the ones who thought he was a trouble maker- even though he gave them no reason to), Semi Formal, Curling, but mostly he'll remember all those Euchre games at lunch with his psycho (but lovable) friends. Good luck to all those graduating, may you be successful in all that you set your mind to!

-xo Carly

### Kevin Blundell

Kevin has enjoyed the past four years here at Massey a great deal. He has met a lot of old friends, as well as some new ones. Some he will keep forever, and the others he will remember. Kevin played hockey for the school, and will be remembered for his play on the blue line. He has learned a lot of good and bad things. Besides that he will never forget his years at Massey.

### David Boen

I can't believe my days here at Massey have ended. I guess all that hard work (sure!) paid off. Thanks to Mr. White and the rest of the staff for making our stay "interesting". Good luck to Neil, Jazz, Wick and Al, wherever they may go. Take care, class of 98!  
For DCM and CW, we'll always have Friday.  
*Education is not the filling of a pail but the lighting of a fire.*

-WilliamButler Yeats  
Thanks for lighting my fire guys.

### Brooke Boggs

Happiness is friendship: those special people who celebrate our victories, sympathize with our sorrows and join in our silliness.  
Thank you Massey for memorable moments and great friends.

### Stephanie Buerke

Wow, how can I sum up 5 years into one paragraph?! I have a lot of memories that will be with me forever, like bush parties, Rondeau (cow cookies), J. & R. days, T. O (Feet), Quebec '97 (How Bizarre) & piercings in G. B. These memories wouldn't be the same w/o the galls: KK, WK, CH, LW, BB, CS & MW my partner in S.W.A.S., meat packing and ice cream melting.

Well, it's been a blast. Good luck to all in the future!

### Dawn Bullick

In the time Dawn spent at Massey she's taught people things, been there for you and has been a great friend. People know her for her cheery personality and her sense of humour that can always make you laugh. She will always remember the fun times at Massey she's had. She will be a friend forever.

Good luck in the future.  
Your friends,  
Lorraine and Amanda.

### Stacey Bowden

I would like to dedicate my last words to the people I love. First, thank you to Mr. Cassivi, you were my biggest supporter, and I will miss you so much. Mrs. Edwards, thank you for your shoulder, I will miss you too. Mr. Marchand, thank you for giving me a chance. To my friends, Bob, Mark, Anne, Meredith, Patti, Sarah A, Sara, Dawn, Sarah F, Darcey and Dave - I love you all. And to my big brother, who has always been there for me, I love you Billy.

### Fred B. Bristow

*Destiny is not a matter of chance, it is a matter of choice, it is not a thing to be waited for, it is a thing to be achieved.*

-W. J. Bryan

I'm not sure whether I'm ready for this journey into the unknown. I am sure that my life will be full of new experiences and freedom which I have been waiting years for.  
Now comes the mystery.

### Laura Caldwell

In the last 5 years I've met a lot of interesting people and gone to a lot of exciting places. I will always remember the friends I made and the things we did. Camping with KB and SP, and opening doors with SS, BS, and KK. But most of all I'll remember my time spent with DK. Thank you to everyone who changed my life.

### Yun Cheung

*Welcome to the real world  
You better be strong  
Never know which way to go  
It might end up wrong  
So you better be strong  
Too many games we have to play  
They always change the rules  
You and me, just trying to get along  
What can I do?  
Got to be strong*

-Lenny Kravitz

### Ian Broadbent

The two years I spent in Massey were very interesting. Thanks to my friends and all the girls who flirted with me. I would like to thank all the teachers that put me on the right track. To future Massey students and graduates I hope you have as much fun in Massey as I did. Remember this: There's more to life than getting good marks. It's about time I freaking graduated!!

-S.H.

### Diane Clark

(SOFF, TNMclub, Beg, Yasmin!, St. Donat, 1000 steaks, George Bush, fun things, R&C, car trips, que sera!, bucs, X-files and many more) and extraordinary friends and family. Sara leaves Massey with quotes from two of her favorite movies: "All men die, not every man really lives." - Braveheart  
"Not on Rex Manning day!"

-Empire Records

### Jason Cousineau

The last 5 years at Massey have been great. I'm going to miss this school, and all the teachers and friends who helped guide me along the way. I will cherish my memories of Massey: my many detentions in 105, the great bomb threat of 96' or just going outside on the corner for a smoke. Thanks Sue, Diane and Dana, you 3 have made my last year great. Thanks Massey, it's been a blast!

### Jennifer Dalley

*Far away there in the sunshine are my highest aspirations. I may not reach them, but I can look up and see their beauty, believe in them and try to follow where they lead.*

-Louisa May Alcott

Many unforgettable memories have been created during my 5 years at Massey. The people I have met, and the activities that I have been a part of have helped make this transition an amazing experience. Massey has helped shape my path for my future endeavours.

### Susan Danby

Although I will be taking with me five years of friends and unforgettable memories, it will still be hard to leave. To all fellow grads, cherish the moments you've had, but make the ones in the future even better! Stay true and keep smiling!

### Liana Dass

Once upon a time, there lived a dark-skinned, long-lashed beauty. She had conquered a long treacherous adventure with her hard work and dedication. Her contagious smile charmed all those she encountered. Though her journey was at its end her companions were there to see her ride off into the sunset and arrive at her destiny.  
-We'll all miss ya!  
XO Eader and The Doll

### Amanda Ellis

Amanda came to Massey in '96-'97. She proved that she was a true friend many times, but by her just being there for me is what made her a very reliable friend. Good luck Amanda.

Dawn Bullick

When Amanda came to Massey I wanted to be her friend because of her kindness. She is truly a friend forever, and will never be forgotten. Best wishes in the future.

Lorraine Zimmerman

### Alex Esgolmin

*I would not exchange the sorrows of my heart for the joys of the multitude. I would that my life remain a tear & a smile. -K. Gibran

I owe so much to so many: family, M. Goy, teachers, Crystal, My Karla & Grandma full of grace. You've held my hand through isolation.

### Christina Fabischek

### Mark Donlon

My high school career began on the wrong foot. I was wearing a uniform and had to tuck my shirt in. Everything changed after walking in the front doors here at Massey. These three years have given me such great memories as jamming with Kovack, being kicked out of prom parties and taking a nap on the cold cement. I have gained a lot here at Massey even a brother and a cousin. Thanks to everyone, it has been a blast.

### Sasha Fedchun

Sasha's years at Massey hold many great memories ... St. Donat, Captain Jay, horse-snowing, May 24, GCB, happy gang, happy bus, M.J.'s stubbornness, B-ball tournaments, Baz's crazy driving, finding purple cows, Ralph & Chuck, alphabet game, star gazing on the roof, late night swims, "Turn off the heat!" Quebec, stalking with S.J., all night dance Gr.10, slurpees, being trapped in cabins, Barb's cottage, teasing C.L., hip concert, prom '97, C.S. falling off picnic tables, thanks 4 all the great times!

### Robert Ford

Scotter's years at Massey will be remembered by many. The girls may remember the brushing of his elbows in the hall, others him stumbling around at parties. If you're lucky you will remember them all and still know him today. (If not you might find him & T#2 at California's.) Rob was always up for a good time & never too picky. Rob was a great guy too and an even better friend. He lived life for the moment and the rest he'd say "we'll do tomorrow."

### Bunnara Eak

What can I say about Bunnara? It's her last semester and already she's on the edge. Waitressing/bartending, working at the bank and now dealing blackjack at the casino. We have been through a lot together, the Bay, it's been exactly three years now. I love you and I will never forget you, Uzy hold styling gel!

### Hoda El-Kassem

When they speak of a friend who's especially dear, who's niceness keeps growing year after year, when they speak of a friend who's the most precious kind, then naturally you come quickly to mind T+A\*. We've been through so much through the years. Thank you for being there for me and for all the great times. Our eyes will burn together TG\*. *When you feel life ain't worth living, you got to stand up and take a look around and you look up way to the sky. And when your deepest thoughts are broken keep on dreaming boy, because when you stop dreaming it's time to die. And as we all play parts of tomorrow, some ways will work and other ways we'll play. But I know we all can't stay here forever, so I want to write my words on the face of today.*

### Kristy French

The blond bombshell with blue eyes. Kristy makes friends everywhere she goes. The guys are attracted to her like bees to honey. Kristy's outgoing personality and athletic ability has made her known among her peers at Massey. Kristy has always been determined to get what she wants when she wants it. I should know, I have lived with her all my life. After Kristy's O.A.C. graduation and her long hours at her full time job she will be furthering her career in law.

I am excited about graduating from Massey S.S., but I will miss all of my friends and the staff of the community living program. In the future, I know that I will work at Burger King on a permanent part-time basis. Also, I hope to enroll in cooking and hairdressing classes at St. Clair College.

**Jason Hajdu**

Time for Big Daddy to move on to bigger and better things

**David A. Halliwill**

Dave's years at massey have been unforgettable. He would never miss a chance to lie around and be the spectacle of a party. Dave was always up for a little wine if it meant that he could fall asleep early and not watch T.V. Dave was dynamite with ladies, and Les will agree with that. Dave has always been a great friend to everyone and will always be remembered as a good guy. As for coming to Massey a cub I'm sure everybody will agree he is leaving a bear.

**Aaron Gertz**

The last 5 years have been fun, memorable, etc. But there's 1 thing I never understood, why do people call me Gertz? I was under the impression that we call people by their first name in our society. I REALLY started to wonder when Bruce began saying "Gertz". I never minded though, and actually enjoyed it. W. We wish you the best of luck! Love always, your cousin, Hanaa.

**Jennifer Hague**

Cuz, Congratulations! This is probably the last year we spend together, since we are all going our separate ways. Whatever you plan on doing with your life, just know you can count on me. Once, a man was being chased by a tiger toward the edge of a cliff. He leapt off the cliff, grasping a vine. Below him was drop to certain death; above him, a mouse gnawing at the vine. Growing out of the cliff in front of him was a wild strawberry, which he picked and ate. He said, "This strawberry is delicious."

### Kimberly Hook

This chicky monkey is bouncing off the walls with energy, wit and humour. She is a great pal to hang around with, whether it be hiding in glass boxes with Maggs, or roughing it as her alter ego, "Nature Woman". Kim is a Burger Queen all the way with an addiction to good music and c.c.d's from T.H's. Kim will always achieve success no matter what goal she pursues. See you on the road Thelma.

Where do I start? What do I say about Massey? I've been here for two years, but it seems like just yesterday. I am leaving Massey with fond memories. I have learned about life and other people. Thanks to my friends who have helped me through my high school years. I will always remember you. I want to thank all of my teachers, especially Mr. Cassivi (the best guidance teacher). Also Mr. Klein, the most energetic teacher in the mornings. Take care all my Paki friends. Good-bye class of '97.

### Matt James

James will never be forgotten in Massey history especially his famous quotes "Honest suds I don't remember her last night" or "Suds, why didn't you stop me?". James attempted to be a student but was better known as a partier or a hockey player. He was known to be followed by regals from The Beer Store. Matt is always ready for a good time with his friends. If Matt isn't home check Woody's. Matt was a true ladies man and a great friend.

-CS

### Toni Kolevski

Toni, A.K.A. Sandor, was very successful in his many years at Massey (2). One thing he loves about Massey is the terrific teachers he's had. His favourite quote is "perfect". Farewell to all and to all a good life.

### Kathy Koukosoulas

Kathy has had a great time at Massey. There have been many good times and some bad times. She'll never forget her cravings for CHEETOS, the cold (BRR!), BAPS, Quebec 97, swimming and especially the D-crew. She has made many wonderful friends and hopes to continue on being friends with them in the future. She'll miss everybody but be happy to move on!!!

### Stefanie Jaques

These last 5 years have been like a fairy tale, or better yet like a Saturday morning show. Hey remember the episode where we put a peeing dog in A.F's duotang. Or the time where we had a crazy english teacher who tried to shoot us with her shoes, or the time we picked on Manasi, oh wait, we did that every episode. Don't worry we'll live on in re-runs and I'm sure we can have a prime-time special called "Steggie goes to Baywatch".

Half of Steggie

### Pamela Johnson

Apple picking! MM Forever, B.W. Oh yup, dupe, party line, Somme rocks!, girls hell, hobbies, what? Mel, was that a red light? S.S., thanks for the best two years of my life. Hey. My hair? Don't laugh!! *Life is very short, and there's no time for fussing and fighting, my friend.*

-Lennon

"Party it up man!!"  
I love you all!!!

### Manasi Koushik

I remember the first day of school. I was watching my principal pace in front of a group of eager, excited yet shy students. We listened as he told us of our roles in our new school. We listened as he told us of the best times we were yet to experience and we listened as he enthusiastically predicted the next 5 years of our lives. After 5 years I can honestly say he was right. Thank-you my friends for making the years so memorable, and to my teachers for the many challenges. I'll never forget, love, Manasi.

### Sarah Krey

As my final year at Massey ends, I want to wish those in the graduating class good luck. Many thanks go out to my teachers for instilling good work ethics in me. Ruth, good luck you're on your own now (you can do it) and God Bless in all you do. Kim and Andrea may hard work reap happiness and blessings, and to all of Massey wish me luck.

Proverbs 22:6  
Ecclesiastes 3:2-8

### Wendy Jovanov

Everyone says that these are the best years of your life. It would be nice to think that way, but I would rather be more optimistic. Thank you to everyone who made the years fun. Cheer up!! The best is yet to come!!

### Amy Lynn Kelly

I am pleased to graduate from secondary school, but I will miss all the people in the community living program. Presently, I have no future plans.

### Julie Kryk

Let us tell you about our sweet Julie Kryk. She always has a smile on her face and Goonies is her fave flick. Up on the big stage one day she will be, singing the songs that she writes or talking about curry. If not on stage she'll be on Broadway, as Wendy, in Peter Pan or in some other play. Hanging out with our fellow SWH are the best times we had. Let's just say this to our sweet little grad: It's okay to get mad!

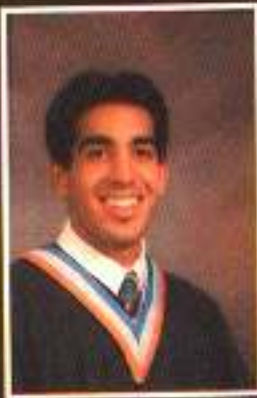

### Charlie Lacey

The only word I have to describe Charlie is: WOW! Charles has had 4 1/2 wonderful years at Massey, which I know he'll never forget! A.K.A. The dancin' machine. P.P. People who eat peanut butter from the jar while they're talking on the phone. Charlie has made many wonderful friends at Massey. There's only one difficult challenge that Charlie still has to overcome before he graduates: Getting up in the morning!! Charlie loves to walk around the block and all the rides home. Luv Ya! Love D.B.K.

### Hafiz Lalani

Aug's right, change did occur when I came here as a youngin. I didn't know what to expect. I ended up coming to Massey instead of Riverside and I regret the move ever since. Wait, I meant to say I've never had a second thought about it since. Ya, that's it. I've met many great people and have learned many valuable lessons. Hope you enjoyed this innovative cycle. Remember, when the going gets tough, smart move to easy things.

### Trevor Lee

Thank-you Massey for the great five years. Being involved in volleyball, swimming and hockey is an experience I will never forget. Best of luck to all graduating as we enter into a new world.

### Ahmed Mazloun

I can't believe that my high school career is finally over with. You wait so long to get to this point in your life and when the time does arrive you can't believe that you are graduating. From here on in, it's off to another level, a much more challenging level in our education. It is now time to set our goals in life and achieve them.

### Katee Lemire

Katee has enjoyed her past 4 years here at Massey. She has had a lot of good times, as well as some bad ones. Most of the good times were because of her boyfriend, Jason. As well as most of the bad times were because of him too. In addition to that, Katee has really enjoyed all the times here, and will remember them for the rest of her life.

I mean Batman.

### Jodi-Lynn Merrifield

J-Lynn will soon leave Massey behind, after her 3 years spent here, yet she will remain forever in many of our hearts. Jodi has always been the friend who is there for you when you need the most encouragement, a listening ear, or TRUTHFUL advice. I'll never forget our trips to London; ( D + !!!), her great infatuation with Durangos (Ohh, Laura, it's mine!), the red convertible that could, and she'll never forget the dream bowling date?! As Jodi would say " The best is yet to come..." and don't we know it. We will all miss ya . Love ya Jodi!

### Linda Mousaly

Through out grade school and high school we've survived! Linda has been the best friend to me and these years, actually more like a sister. Her plans are to go into law and security. I know she'll make it because her goals are always fulfilled. She is a trusting, sweet and SEXY friend. She's always there for you through good times and bad. I'll never forget all the Johnny breaks, Cedar Point and Getaway cruises- especially the time with our husbands, and you with your Southern Comfort! RA! ROAR! A & L FOREVER!

### Alan Lo

*... not dying.*  
Gertz isn't his 1st name? 2 had my nickname didn't stick. AL is easier to say than TETSUO. School is about learning, but all I can recall over the past 5 years is Bball against FIZ's D##, SF at the Q, anime, joking with KT in English (GO B!) & table tennis at the Y with SOGI, AKIRA & G\$. Penhold rules! Some parting words of wisdom...

### Elizabeth Louie

Smiling, bubbly, kind and generous. These are just a few ways to describe the type of person Liz has grown to be. Through her years at Massey Liz was the one friend who always managed to bring a smile to everyone's face. The times we've shared have been anything but dull. Liz, I'll always remember the laughs we've had together. You've been a wonderful friend and confidant to me and many others. I wish you only the best for your future and may your beautiful smile never fade.  
Your friend, Billygoat

-Dag Hammarskjold

Someone once said that time exists just so everything doesn't happen at once. I find this hard to believe because the last five years of my life went by in a flash. Massey not only helped me discover myself, but acquire great friends and unforgettable memories. The OAC year was definitely the most eventful and enjoyable. Thanks!

### Alia Nasser

Alia has been my best friend for as long as I can remember. She's honest and reliable and I know I can always trust her. She always keeps her head up high and I know for a fact she will make it in life. The only piece of advice I could give to Alia is to stay away from those Growers. We will always remember her nickname, Jennie, and I can't even describe the nicknames she's given to me. We will always have each other's back so keep it real girl! Because you know your the Playa.  
P.S. " GET DOWN ON IT"

*...but enemies accumulate. So watch out!*  
Penhold? Al's crazy! Shake hand table tennis style is the preferred choice of world champion Khong Linghui. Too bad "AKIRA" has not caught on as my nickname here as well as it did in Japan. How do you do it Gertz? The most valuable lesson I've learned at Massey is that success is meaningless if I have no one to share it with. ### Jennifer Papak

What is my most memorable moment? Well I don't really know! I've had so much fun the last five years! I guess it would be lunch with my friends. (If you can call stuffing whatever you can into your mouth between laughing "lunch"). And the daily soap-opera of my friends' lives. (I gave more advice some days than Ann Landers). Finally I would like to thank all my friends and teachers who made my mental instability possible. Love, the psychotic, schizophrenic, neurotic and just plain nuts one.

### Partha Paul

Over the past 5 years, I have learned many things, including "never pet a burning dog." But now, I must look towards the future. I can picture a perfect world, a world without violence. And I can picture us attacking that world because they would never expect it. Those hateless scum. Seriously though, I'll miss Massey and the people who made it fun.

### Erica Pohjola

Intriguing - yes. Great - no. But I've met interesting people along the way. Thanks to: Marchand - who wants my royalties - the rest of the eng. dept. - which has seen quite enough of me - White - deliver us from the new math! - and all the rest. *A man of great common sense and good taste - meaning thereby a man without originality or moral courage.* - Shaw. Thanks to those who know better. In conclusion consider: Niet sche? Snoochy noochies! Christians - like teabags - are useful in hot water. Slam is possible. Good Luck!

### Jessica Poupard

When I transferred here from Holy Names, I was welcomed with open arms. Through the last four years I have said hello and goodbye to a lot of people and a lot of friendships. I will most fondly remember OELC and our swim team. Thanks for a great couple of years Massey.

I had a great time during my semester at Massey. I am grateful to all my friends for all the support and the unforgettable memories they've given me. I wish the entire class all the best for the future.

### Jason Perrone

My five years at Massey have been great. Grade 9 and OAC were the best years of all. I'd like to say thanks to all of the people who made school somewhat fun. So let's see. What's after this? Job...Wife...Kids...Retirement...

Since my first day at Massey I have made two really good friends who made me feel right at home, Farah and Iram. I've been here just for two years and this has been the best time of my life. It would be hard to leave this homely atmosphere with helping teachers and friends like Mr. St. Clair and Mrs. Wilson, but I guess this is what life means.

### Ian Reich

I don't have too much to say as usual. I had a pretty good time at Massey. It went by really quickly, the fastest five years of my life. I'm sure that I will see some of you at the U of W in the fall, so talk to you later, maybe at Woody's.

Thanks to Mr. Defcol and Mr. Basinski.  
Last word: Sometimes you hit a fork in the road, all you gotta do is take it!

### R.J. Petrasovic

To anyone who thinks Massey is going to be the same... Sure buddy, sure! Cause the spaz won't be running around jumping and screaming but that doesn't matter because you're all a bunch of mo-mos anyways. To all my friends I leave you with this: "See you at Wilson's". Well, the time has come and that means it must be 4:20. So round up Maynard, I think it's time to go.

### Peter Phinney

If there is one thing that I have learned from my experience at Massey, it is this: "Attitude is a little thing that makes a big difference."

### Stacey Renaud

My five years at Massey have been a great experience. I'd like to thank my friends, Mrs. Stevenson, Mr. Basinski and Mrs. Harrison for all the encouragement that gave me! Should we give you a THDD or can you bounce off that wall yourself? Almost getting kicked out of Wheatly, going to the Beans every night, you constantly trumping me, our conversations (what did we ever talk about), you hopping through Quebec on crutches... we've definately had fun these past five years. We'll continue this friendship forever. You became an individual in the pool. P.S. I bet on you to win OFFSA.

Friday nights and rosy cheeks, were a part of this girls fun at the end of the week. Crazy sayings and great laugh, meoubie, peeler, lick and lunch in the caf. ### Brook Robinson

This blue-eyed, baby faced guy lives up to his image. He's known for his "tough-guy" title but when it comes down to the hardcore facts, he's been beaten out by plastic bags and holding open doors seems to pose as a great challenge for him. All in all, besides his minor faults, Brook is sincerely understanding and compassionate, a friend I am very lucky to have. He's always been there for me and his absence will be a great loss to Massey and a tremendous loss to me. We'll miss you BROOK!! (gotcha!) Love ya kiddo.

### Natalie Slopen

-10000 Maniacs

I will always remember my years at Massey. The classes, the activities, and the friendships, created busy days which have left me with many wonderful memories I will always treasure.

### Carrie Smith

My first day of Grade 9 I would never have guessed how many great people I would meet or great times I would have during my 4 years at Massey. I've made lifelong friends, burned heads, travelled, loved, laughed and cried. I'll never forget the road trips (burger patio dale), parties, cram sessions, wierd parties, cram sessions, weird conversations (boston cream, venom spewing and stalking) and especially those I got to do it all with. So long. Good Luck. I'll miss you all.

### Andrea Rumford

The last five years at Massey have been great. I am thankful for the many good friends I have made and the countless memories we have shared. I'd like to thank the teachers and staff who have all been more than helpful. I wish all of my classmates good luck in life and I hope all of them accomplish their goals. Thanks to all my closest friends: Lisa, Kam, Manasi, Stef, Maggie, Tanya and Jen for always being there for me and sharing some great times. I will always remember all of you.

### Chris Samson

Through my entire high school career I said I hated school. Now that I look back on it I think that it might not have been so bad. I met new friends, hot chicks and many cool people. Then I remembered homework and classes. Yes school did suck! See you!

### Jason Smith

The last five years at Massey have been memorable ones. I will always remember the times with the J's, Jaime, James, Suds, Donny, Fonzy, Scooter, smoke dog McKrow, Toni, Dave, Chuck and Burp master Forsythe 8:32pm, Nov.30, 1997, the Quebec clan, London times, grand bend and the late nights after the bars giving money to charities. I wish everyone the best of luck in the future and hope that mine will be as great as my five years at Massey. Later! Massey Hockey Rules!!!

### Jennifer Smith

### Catherine Senior

The last four years at Massey every time you saw Cathy at school she was always smiling. But at night you saw a different side of her. Such as yellin' "Ricola" at fine guys and the car tires squealing. I'm glad you're my friend cat.

Lova ya, Allison

You'd better show up at my Salon! Love you all, keep in touch. Peach, love and happiness

### Keith Shaw

My years at Massey have not changed me. I am not older, everyone else is younger. I don't see a difference in myself, but everyone else does. Everything has changed around me and suddenly I'm too old for this place. It's time for me to go.

I know what I had at Massey was special; years filled with laughter and tears and smiles and cheers, friends and toes and hugs to go sunshine days and stormy weather, forgotten names and patent pleather. (Hee hee) I'll try not to cry because it's over, but smile because it happened.

### Nikolas Stiller

During my 5 years at Massey I have learned much about life. The most important lesson I have learned is the importance of friendship. To my friends I leave this parting thought:

*Be courteous to all, but intimate with few, and let those few be well tried before you give them your confidence. True friendship is a plant of slow growth, and must undergo and withstand the shocks of adversity before it is entitled to appellation.*

- George Washington

### Kristi Stocks

We all are going to miss those days, the cottages, the purple stuff, the nights downtown, the broken chairs, the booty shakin' line, dances (curb) and the noises heard in the living room. You have been a great friend to us all and thanks again for the memories. Wiggle, wiggle! It's been a great 5 years. You've been a great friend - love ya. Just remember, fantasies do come true!

### Tracy Summerfield

All I really have to say about the years is "It's been fun". The past couple of years will definitely never be forgotten. Thanks to all of my friends and teachers who have helped me obtain this diploma. I could not have done it without all of your help. A special thanks goes out to my bestest buddy Tanya V. (Keep throwing those knives baby. HeHe) Take care everyone and keep smilin.

### Chad Sutherland

Chad known as "Sudsy" has made many good friends over his 5 years at Massey. His best times were partying away school and at hockey. He made fair share of being the highlight of the party like falling off the picnic tables. Remember to hold on to your hat in the back of limos. He hopes to continue his education at thte U of G and party at a new level. M.J.

### Bob Switzer

It's been a great two years at Massey for Bob. With the help of his friends Brooke, Ian, Diane, Dena, Kevin, Sue, Lisa, Mark, Dave and Laura, the past two years have been truly amazing. Memorable moments : flashing Fridays, Amazon lunches, going to "The Place", lumber-jack spares, saving Rachele, door ajar, pitching cab drivers, crime stoppers, pink cadillac, milking cows, BK parking lot, margaritas, tattoos and Texas Road! All in all Switz will never forget the times he had at Massey. Hostage and MM 4ever!

What can I say about crazy T. She walks in a room-boys fall to their knees. She's short and she's sweet, her loud music is a treat. All she thinks of are boys. ### Melissa Toffolon

I would like to thank my friends (especially the Jen's), my teachers, my family and God for helping me through these past five years. Many good times were spent in the Art room, Library and Family Studies room. These years were great but the best is yet to come. May God bless you and let all your dreams come true.

This looks like a job for Superman!!

### Laura Wellmann

Laura has been a very special friend to me and always will be. Her loyalty, integrity, understanding and down to earth nature are some of her greatest gifts and qualities. Laura has always been there for me when things were not going so great or when I just needed to talk. These are merely some of the reasons why she means so much to me and why she will always be a friend of mine for life. Laura will always remember her year long exchange to Germany and her times here at Massey. Thanks, love always, Jodi

### Angela Tristovski

The five years I have spent at Massey have been a great experience. I have met many interesting people who have made me laugh, who have inspired me and whose friendships I will treasure forever. I have learned many things and have accomplished many goals including teaching everyone that A.T.G. was MAK!!!

Thanks Massey, I will always cherish the memories.

### Tanya Valentik

I'm leaving Massey with the same uncertainties I had when I first came here. I'm anxious to finally leave and yet a little scared at the same time. But I'm not leaving empty handed. I have gained so much from my 5 years at Massey. Memories that will last a lifetime and friends who I will always cherish who stood by me through the best and worst of times (even though I'm late for everything, I never go to english & I always tell endless & extremely detailed stories). I'm leaving Massey with a smile on my face and a tear in my eye.

### Jonathan Young

How do you sum up 4 years at Massey? Early mornings (Thank God for Tim Horton's), swim "Practice", purple cars, Subway, Night of the Burning Head, UCCP, odd and even days, getting naked in the rain (Parking garage), lockers in the boonies, the never ending lunch and most important friends! Thanks to everyone for the great years at Massey. It's been all good!

In the four years Lorraine spent at Massey, she accomplished many things. She learned how to try and believe in herself, how to open up and talk more, but most of all, taught us all how to be a caring, kind friend who will always be there for you no matter where she is. Mr. Mercer  
Principal

Mrs. Kersey  
Vice-Principal

My sincere thanks to all the staff, students and parents in this community for making me feel so welcome in my first year as Principal of Vincent Massey Secondary School. It has been an edifying experience.

I have been constantly in awe of the veracity, creativity, passion and enterprise of Massey students and amazed at the seemingly endless involvement of students in activities related to their school and community.

This yearbook is but one extension of that enterprise and I commend Mr. Quaggiotto and all members of the Yearbook class (TGJ 4G1) for their dedication and commitment to excellence. In particular I would like to single out Kim Cote responsible for co-ordinating all photographs and the co-editors Erin Rizok and Jenny Thorne for overcoming all obstacles in producing this lifelong snapshot of a year in the life of Massey

Congratulations to all!

Massey continues to provide an environment of caring and sharing. The students and staff work closely together in a co-operative effort to make "our" school the BEST. Our grads lead the way in continued academic excellence and athletic successes.

The unselfish acts of caring for others in our volunteerism and endless hours of helping, tutoring and community involvement lead the way. This year marks another sharing first for Massey when we began the Community Living Programme here with great acceptance and enthusiasm.

To our grads and staff who are leaving, we thank you for your contributions and wish you all the best.

To our undergraduates, keep striving to make yourselves better people and to provide the same types of leadership that your senior colleagues will take with them in search of their careers.

To the parents and members of IMPAC, thank you for all you do for the school and for your own sons and daughters. Without your support Massey would not be the great school that we are. Keep planning to succeed and we will!

The members of the Community Living Program are part of Massey's staff and student body, despite being a separate entity. The instructors consist of a program leader, teachers, educational associates and occasionally volunteers. The clientele, who are all developmentally challenged, enter the program as teenagers (14 - 16 yrs) and graduate as adults (21 yrs). They are grouped into one of three classes based upon age and ability.

With respect to the pupils' scholastic curriculum, seven classes are scheduled under the following categories: Communications/Mathematics, Apartment/Community and Human Relations/Pool/Physical Education. Respectively, communicative/reckoning, coping/survival and socialization/behavioural skills, along with athletic development and sportsmanship ethics are learned. In addition, these aforementioned requirements are accentuated through community related work experience, public transportation training and in-school academic/fellowship integration.

Moreover, the highlight of these individuals' year is their participation at District #1 Ontario Special Olympic Swimming and Track and Field Events. This three day spectacle, where athletes compete, live and mingle with their counterparts from the Tri-County Area, takes place every spring at the University of Windsor. Overall, it is hoped that via this multi-faceted experience, these students, upon graduation, will have achieved their maximum independence.

Coach Thomson

Massey's 1997 season was a rebuilding year for their senior football team. They practiced hard and played even harder.

We started the year shorthanded, but thanks to Coach Kalle and Coach Cafferty and Massey's student body we managed to pull together a spirited group of young men.

After just two weeks of practice Massey pulled off their biggest highlight of the season by pulverising St. Annes 40-0.

The team worked hard for the rest of the season and made their coaches proud!

Special thanks to the leaders of our team; Joe Grondin, Joe Galiwango, Austin Corlett, Kevin Mitchell, Matt Barber, Charlie Lacey, and Sean McKrow.

Team members missing from the individual pictures include Matt Barber, Mark Chimienti, Mark Donlon, Don Killingsworth, Scott Mason, Marvin Mnaymneh, Brook Robinson and Mike Vaciaros.

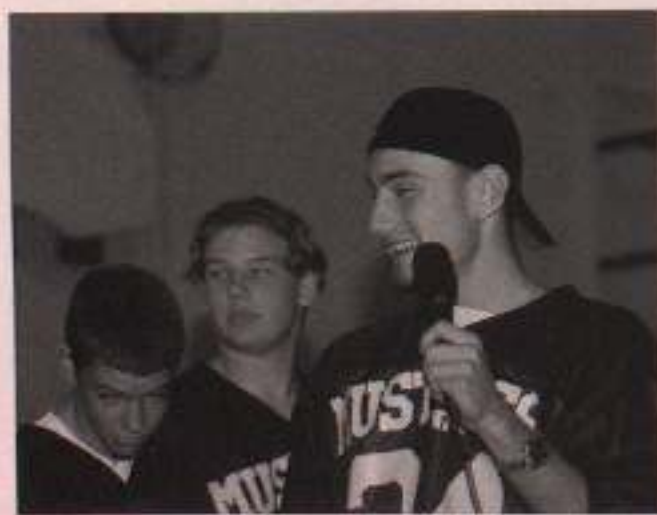

Back (l to r): Shane Renaud, Dan Liliac, Steve Ward, Thomas Whitfield, Shawn Hicks, Mr. Penney, Zack Willick, Brad Patterson, Jonathon Bussy, Matt Pilon, and Mike Khan.  
Front (l to r): Mike Masse, Rodi Mazloun, Adam Vickery, Kelly Wahl, Franklin Lyons, Brian Huff, and Keith Turton.

The Junior Mustangs led by their powerful offense exceeded their expectations by making it to the junior finals. Finishing off 3-2 with a strike shortened regular season, they rolled directly into the playoffs, knocking off the Riverside Rebels and the Brennan Cardinals to make it to the finals. Unfortunately the team ran into a good Herman team who defeated our Mustangs in the Junior Final. The Mustang offense was led by a talented backfield including Thomas Whitfield who led the team with sixteen touchdowns on the season. Dan Liliac and Zack Willick filled the rest of the backfield doing a great job. Shawn Hicks led the team to the finals at Quarterback. Thanks to coaches Mr. Penney, Mike Krsul, and Bob Wilson. Congratulations on a great year!!

Captains (l to r): Zack Willick, Mike Masse, Rodi Mazloun, Dan Liliac, Thomas 'Sugar' Whitfield, and Shawn Hicks.

Back (l to r): Coach Derek Schroeder, Teefo Elkadri, James Smyth, Steve Miles, Rob Hussain, John Luna, Dave Paterson, Mr. Smyth.  
Front (l to r): Scott McMullan, Bill Berchali, Trevor Dinham, Brad Stocks, Jason Gulas, Adam Nguyen-Dang

The Junior Boys Volleyball team enjoyed one of their best seasons ever. Starting the season slowly due to an early season coaching change, the Mustangs found themselves a dismal 2-7 and near the bottom of the standings. Our Mustang team then "clicked" and finished the season with twenty wins in twenty-four games. They were the hot team going into the playoffs as the 2nd seed. A 9-1 record in the playoffs was strong enough to capture the '97 W.S.S.A.A. boys championship. Our boys were the class of the field with an all around solid offense and intense defense. Unfortunately a strong S.W.O.S.S.A.A semi-final opponent ended the Mustang run at a South Western Ontario Championship. This Mustang Junior team has laid the foundation for a Senior Championship in the near future. Tournament play: Consolation Champs at John McGregor Invitational Tournament Finalists at Kingsville Comets Invitational Regular Season: Record 22-11, finished 2nd place. Playoffs: Record 9-1, finished WSSAA Champs.

The 1997 Massey Mustangs Senior Boys Volleyball team was an inexperienced one but as the season progressed they steadily improved their play. They had an interesting mix of players including veterans, rookies and players who had taken a couple of years off from the sport. By the end of the season they proved to be a challenging competitor to all teams they faced. In every tournament they entered they advanced to the play-offs. Their best finish at a tournament was the semi-final round in Kingsville. The team finished sixth in the league losing in the quarter finals to the Assumption Purple Raiders. Good luck goes out to the 1998 team and graduating players Toan Nguyen, Tomi Kolevski, Aaron Forsythe, Jason Baker, Trevor Lee and co-captains Jay Kerr and Aaron Gertz. Also, congratulations to Jason Kerr on being elected to the All-City Team.

COACH WHITE

This season we suffered from last year's work to rule and this year's interruption of school. The interest in volleyball and skill level left a lot to be desired. However, the fourteen girls who stayed practising up to our last game and were able to compete with any team in the city up to twelve points and then we seemed incapable of winning the games. For the first time in many years we did not reach the playoffs. Highlights of our season included Alison Dilworth's improvement and effort as setter. The tenacious defence of our middles Laura Caldwell and Wendy Jovanov. Best of luck to graduating seniors Alison, Laura, Wendy and Kara. Also, congratulations to Wendy who came in seventh in the city all star balloting. Many of the very young players improved their skills a great deal and next year looks promising.

What a trip!

Our juniors had an awesome season finishing with eight wins and one loss to end up tied for first place. Their championship hopes were upset by Catholic Central in a one point loss in the semi-finals.

The season was full of highlights. The Mustangs were at their best as they breezed up to a tournament championship at Herman. Jess Way was selected M.V.P. as she ball-hawked and steered our offense throughout the tournament. Talya Natyshak distinguished herself as leader and player as she captained the squad demonstrating the determination and dedication essential to success. Many players showed promise as they raised their level of play throughout the season. Kendal and Morgan Malewicz played outstanding defence. Jess Sasso came through with clutch shooting. Newcomer, Melissa Hewitt sparkled in her role as post player, controlling the boards and scoring effectively inside. Karen Jacquart and Shana McDonald improved with every quarter. Hustle best describes the performance of Jesse McCulloch and Stacey Lealess. Coaches Bill Lawe and Mr. Basinski would like to thank all the players for their commitment and continued effort.

The future of Massey Basketball looks oh, so promising!

This season, the junior girls volleyball team with a squad of nine grade nines and three grade tens have shown a great deal of talent and dedication.

Led by captains Talya Natyshak and Jess Sasso, both power hitters, Karen Jacquart, Shana MacDonald, and Allison Myers, middle hitters and blockers, Brynn Pengelly, and Chantal Duguay as offside hitters and Jess Way, our setter, the team is developing into a WSSAA powerhouse. Stacey Lealess, Danielle Ball, Niki Samson and Aimee Hawkeswood round out the team.

Thanks to Brian Stocks and Dave Patterson who worked as assistant coaches and to Mrs. Bourdeau our coach.

This years goal is to advance in the playoffs.

# SENIOR GIRLS

The senior girls basketball team had a great season this year. The experience of seasoned veterans: Wendy Jovanov, Sasha Fedchun, Laura Caldwell, Alicia Vossen, Sheri Switzer and Suzanne Hamil led the team to the WSSA semi-finals. They defeated the St. Joseph's Lasers in a quarter-final upset, and made a valiant effort against Holy Names in the semi-finals. The girls wish to thank their coaches Mr. Prisley and Mr. Voy who donated a lot of their time towards Massey excellence. They should also like to thank Ms. Wilson for her great time-keeping skills. We would like to wish the graduating players good luck in the future. Those that remain at Massey for future seasons : Sheri Switzer, Suzanne Hamil, Julie Cornwall, Jenny Fields, Michelle Catton, Samantha Sanders, Kelly French and Evelyn Powers are destined to Mustang greatness in the years to come.

This year has been one of the most challenging seasons for the Massey Senior Boys Basketball Team. All of their games were close and at the height of their season, they made a spectacular win against Walkerville. This season we had Joe Baker and Dave Krauser as captains, Mr. McWha and Mr. Kadri as coaches. John Lock, Josh Gaul, Naz Samsair, and Mike Vaciaros were guards. Nindy Takhar, Pindy Takhar, and Alex Esgolmin were forwards. The captains Joe Baker and Dave Krauser were forwards/guards. Thank-you's go out to Mr. McWha and Mr. Kadri for all their hard work and to all the fans for their support.

The Junior Boys Basketball Team had its share of ups and downs throughout their 97-98 season. From the unstoppable feeling they got at times such as their game versus Herman, to the feeling that they could do no right in the second half against Kennedy. However, the story of their season was the poor second half play. It seemed that even a twenty point lead at the half was not safe. Overall, though, this season was full of many bright spots. This is still a young team and they are looking forward to future success.

The team would also like to give a big thank you to the coaching staff of Thomson and Thomson.

It certainly was a busy year for these young players as we participated in tournaments at Brennan, St. Anne's, Sarnia St. Pat's (overnight) and at Massey. In addition we played five other exhibition games. Although our tournament record was not outstanding, we had two "just missed" tournaments. At Brennan, in the opening tournament, we lost to tournament champions, Lowe, by two points in the semifinal. In our own tournament, we lost to General Amherst by five points as they went on to win the title.

This year's freshman team had a regular season record of eight wins and three losses, which placed us in a tie for second place in league standings. The first round of the playoffs brought us to St. Joseph's, a team which had defeated us earlier in the season. This time around, the young Stangs' were ready to even the score and dominated the game from the outset leading 32-16 at halftime and winning 53-38. This earned us the task of playing the number one team-Herman, who had won each of its games easily. Again, the Mustangs started strongly and in a well played first half trailed only 26-24. In the third quarter, our shooting was erratic and Herman built a double digit lead that we could not overcome. The final score was 58-45 for Herman who went on to become the City Champions.

The talent on this team certainly looks promising for the future as many of these players have certainly developed excellent basketball skills. The coaches would like to thank all these young men for their dedication and enthusiasm and wish them well as they move on to the Junior team.

The fall season would not have been the same without a group of 40 or so Massey X-country runners taking to the streets and trails of South Windsor. Coaches Mrs. Patterson, Mrs. Leonard, Mr. Pocock, Mr. Ocolison and new comer Mr. Baldwin, led the runners to another successful and enjoyable season. The after school training regiment included many long runs with alternating days of "speed" work. Fartleks, intervals and acceleration are what content the runners spirit. Running on the trails of Ojibway, Malden, and St. Clair hill prepared them for the Kitchener, London and many local meets. W.S.S.S.A and S.W.O.S.S.A were held in Windsor and saw strong performance by the midget girls team- Stephanie Derocher, Sara Kenno, Jillian Authier, Allison Meyers, & Janet Baglolo- midget boy- Shawn Taggart and Senior girl- Karla Houser. These runners each advanced to the O.F.S.A.A final in Ottawa. There, they faced inclement conditions of snow, ice and below freezing temperatures. Strength through dedication & perserverence was displayed by all. Congratulations to every one and good luck to those graduating runners.

Coming back to Massey to coach the swim team after being away for 4 years has definitely been a learning experience. The team struggled a little bit with a new coach coming in, but soon got back into the swing of things. The team had 4 league meets: 1 at Herman, 1 at Kennedy, and the last 2 held on home turf, all in which they performed with great results. But it wasn't until W.S.S.A. did they show their rivals Kennedy and Riverside, that they were going to be the team to be reckoned with in the future. Thursday, Feb. 12 was the date in which the Massey Mustangs Swim Team went into W.S.S.A. with unknown fear from other teams. By the end of prelims that day many Massey swimmers had qualified for what was to be an exciting final. That night, the junior girls 200 yd medley consisting of Colleen Johnston, Bethany Kitson, Samantha Hope and Victoria Skipper led the way for the team with an amazing defeat over the Kennedy Clippers. Other great swims were by Cord Kitson in the senior 50yd fly, Jennifer Dudok in the junior 50yd freestyle, Victoria Skipper with an extraordinary swim in the junior 400yd freestyle, the junior girls 200yd freestyle relay team and Alexis Mueller in the senior girls 100yd backstroke. When the results were read the junior girls had placed 2nd in the overall competition, only 10 points behind the defending Kennedy Clippers and 5th in the team competition. Congratulations goes out to all those who qualified for O.F.S.S.A. in Etobicoke including Cord Kitson, Samantha Hope, Victoria Skipper, Alexis Mueller, Sarah Plantus, Jade McGraw, Jasmin McGraw, Jennifer Dudok, Sara Kenno, and Lindsey Leenaars. A special thanks goes out to Mr. Pocock and the staff and students of Massey who either helped or supported the swim team. Good luck to the senior students who are moving on and I hope to see the rest of the swimmers next year in the 98-99 swim season. Jennifer Lachine - Massey Swim Coach

Despite a late start to the season, the 1997 Massey tennis team had a performance in W.S.S.A.A equaled by few previous Stang teams. Combining both youth and experience, the Mustangs were able to accumulate 27 points in the tournament, placing third in the city, falling only a few points from first and second.

The team was led by Australian coach, Mr. Mercer, Nadia Ramsewak and Katherine Yip won first place at pre W.S.S.A.A which took place at Essex Raquet and Fitness. The win gave the girls a first place seed at the tournament the next week. Talya Natyshak was also ranked number one in girls singles, and boys doubles team Steve Ouellette and Matt Boroski were ranked number two.

Talya Natyshak turned in the best performance of the season. She won the ladies singles title, and at S.W.O.S.S.A lost in the finals. In men's singles Mike Hickson and Matt Watters both turned in excellent results placing third and fourth respectively. Nadia Ramsewak and Katherine Yip lost in the finals to a talented Brennan team. The achievement gave the pair a berth in the S.W.O.S.S.A tournament in Sarnia, where they lost in the semi-finals. Mike Hickson also represented Massey at the tournament but he lost in the consolation round.

The team would like to thank Mr. Mercer for being such a great coach. It was an excellent year for Massey tennis, with many other great performances. The team would like to wish graduating players, Matt Watters and Mike Hickson good luck in the future, and thank the fans for their support.

With Mr. Mercer as our coach, how could we fail? Good Luck to all the seniors graduating and may there be juniors to fill our mighty shoes! The junior badminton team looks ready for a challenge. How about filling those mighty senior shoes? The juniors have several up and coming players. Good Luck at W.S.S.A. and may we all go on to S.W.O.S.S.A. It's been a blast.

The Mustang Hockey Team continued from where it left off in 96/97 to have a very successful 97/98 season. With returning senior players Chad Sutherland, Matt James, Jason Smith and Clint Maynard and a solid crop of maturing grade 11 players, the Mustangs were poised to compete for the city championship. Making the playoffs was accomplished with a 7 win, 5 loss and 2 tie season.

In addition to the success in the city this year the Mustangs also played several exhibition games in Michigan. Participating in a high school tournament in Grand Rapids as well as playing exhibition games in Grand Rapids and Waterford were also highlights for this year's team.

With approximately 15 returning players and a solid crop of grade 9 and 10 players, the Mustangs hockey team is not only looking forward to finishing this year off with a possible city championship but also to contend for one next year.

# CURLING

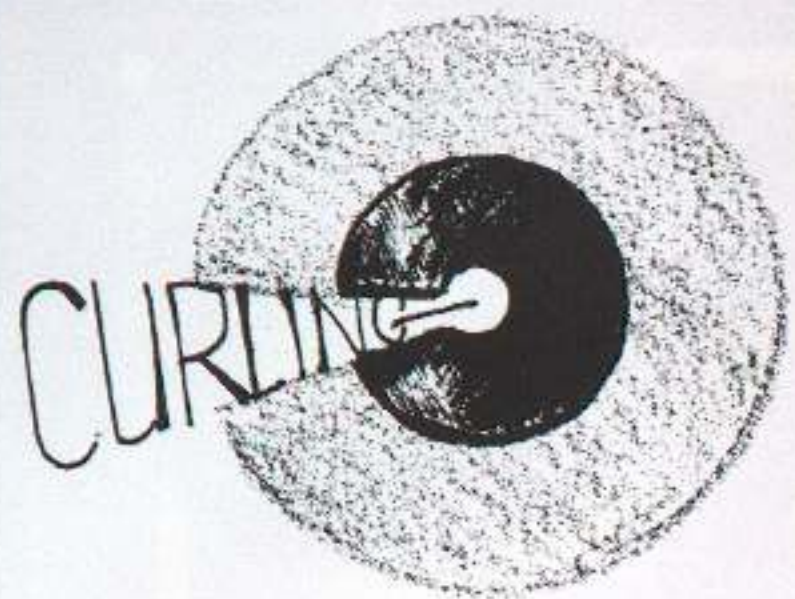

The Massey boys team came short of their goal this season which was the W.S.S.A championship. Though they did have their shining moments capturing 2nd in the City Round Robin, placing 2nd in the city overall and defeating the Pines at SWOSSA, who had previously destroyed the team in a tournament. The team members were Brendan Hawkswood (lead), Matt Beneteau (second), Aaron Forsythe (vice), and Jason Kerr (skip). Brendan will be returning next year with his powerful throwing and perfect weight. Matt will also be returning his overwhelming confidence and ability to always stay emotionally unaffected should help next year. Aaron will not be returning but his willingness to sweep every rock to the end will be missed. Jason will also not be returning with his clean sweeping calls that could never be mistaken. The quest for a W.S.S.A title will continue next year.

The girls "A" Division curling team consisting of Brooke Boggs (skip), Katherine Yip (vice), Samantha Sanders (second), and Janet Baglole (lead), had quite an interesting year. Although they were squeezed out of the finals in W.S.S.A and the quarterfinals in SWOSSA, Massey girls had some powerful games which lead them to a successful year. We would like to thank Mr Caldwell for his time and effort for yet another good season.

...It is quite a funny story actually. Massey's 1997-1998 "B" Division Boys Curling team consisting of Skip Neil Wadehra, Vice Jasmin Mulaosmanovic, and 3rd and 4th players Ted Liao, Aubby Sherman and Jason Tong made it all the way to the semi-finals, by winning only 2 games! Neil would call it skill, Jasmin would call it luck, Ted would sit and nod, Aubby would laugh at the whole situation, and Jason would just slip on the ice again. However you interpret it, one thing is certain: these *superior bunch of athletes* learned a lot this year about teamwork, co-ordination, and balance! One would probably expect to see them in Salt Lake City for the 2002 Olympics! (Maybe as spectators or the clean up crew though!) Thanks for a great season guys!

"Wow, ooo, ah! These four are just beginners? Are you sure?" These were comments often heard while Kyle Givoque (lead), Natalie Sanders (second), Jillian Authier (vice), Jason Lee (skip) were dominating the "B" division mixed curling league! The four of them quickly picked up the game and became an unstoppable rink. They went on undefeated the entire season! This brought them to a bye for the quarter finals, but the final; game was no match for this Olympic bound rink. Massey 1, as they are otherwise known, took an early lead and won a whopping 7 to 1 victory. This score was a common sight for them however, with great shots by everyone throughout the season. Unfortunately for these "recreational" players, this was the end of the fire storming path to victory. With no SWOSSA or OFSSA for this division; the team retired for the season with a record of 8-0! A special thanks to Mr. Caldwell for his superior coaching

Special thanks to the coaches and parents who supported this endeavor.

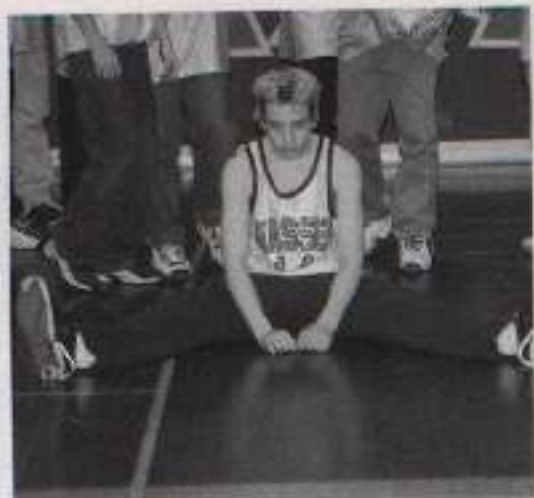

We are pleased to announce for its third consecutive year the Masey Girls' Fastball team. The Mustangs opened their season with two wins. We have a great group of ladies this season. A new influx of talented grade nine athletes and a core of experienced players make up this very good junior girls soccer team. Playing an exhibition schedule against selected junior and senior teams under the recently amalgamated Greater Essex County School Board banner, the team improved greatly as the season wore on with the excellent coaching of alumni Erin Caverzan and Sharon McDowell and also Mrs. Caldwell. Forward Charlene Wong, midfielder Jenny Parker and defender Tina Carlini returned to anchor the team and with the addition of defender Aida Shahbazi a solid core of enthusiastic players was formed. Newcomer goalie Nicky Mohan and midfield/defenders Jessi Dunbar and Lisa Wollison played well in their defensive positions. Eva Jaworski and Melissa Hewitt formed a strong midfield while Nikki Chartrand played well in both forward and midfield positions, scoring in our season opener against Villanova. Zaina Fattouh and Shana MacDonald moved as needed from offence to defence with great enthusiasm.

The team had a short but exciting season and look forward to playing again next spring!

This year's senior girls soccer team saw few returning players. The team struggled during the season striking up stats in both the win and loss columns. Although we saw some disappointing moments, the team shows great promise for the future with eleven rookies to carry the team over the next five years. Coaches Caldwell and Basinski were an inspiration as always not to mention support from former Mustangs. The team would like to wish the best to the four graduating seniors Karen Balkwill, Laura Caldwell, Erin Rizok and Jenny Thorne. Their efforts over the past five years have been heroic at best and lethargic at worst. Although the Equestrian team only had one show ( The Windsor-Essex High School Equestrian Challenge ) to attend together, we had an amazing time, decked out in Massey colours. We enjoyed success in winning the Senior Open Champion award ( Meredith Westbury, Kelly Poisson, and Angela Tonge) as well as the Individual Senior Open Champion award ( Kelly Poisson). We spent a lot of time together getting ready for our show and really appreciated having team members to lean on. Each rider was eager to help other riders and were all genuinely cheering each other on. We are excitedly awaiting a chance to defend our championship for the 3rd year in a row.

## Clubs & Activities

Prime Minister Sara Brunetti and Deputy Prime Minister Karla Houser

What can I say to you Massey Mustangs? Yes, I could reiterate the final words of every Prime Minister- that high school represents the best days in our lives, that school spirit is the core of fun and caring, that I thank you for your support and wish you good luck in the future. Well, maybe I have to do that, but at least I can do it in my own way which would truly express what has been a lesson for me all year; individuality and experience. From controversy over Bill 160 to the entertainment provided at the assemblies, from personal experiences to social situations, I am repeatedly reminded of the power of the individual. Can you think of anything more clarifying and more satisfying than being yourself? It has been proven that to do this, you must experience, and it is for this reason that I urge you to participate in all that goes on around you, particularly during the overwhelming kaleidoscope of high school. If you stand back and laugh at high school in general, how will you know your limits, be it academics, athletic or social, if you haven't even tried? Yes, in the space allotted to me, I can try to explain some of the ideas I have learned as the Prime Minister and a person; however, you will never truly understand unless you try to. Again, I say to experience-discover life and yourself. There's no better place to do it than at Massey! We provide you with the facility and the events- it is each one of you that contributes to the large picture which makes Massey one of the best high schools in Windsor.

Special thanks are deserving to Mrs. Edwards and Mrs. Beneteau, Mrs. Kersey and Mr. Mercer, the entire 1997-1998 Student Council and to the whole school, who served as a faithful audience and participants in traditional events and some new ones. The year is over, but the "legacy" lives on.....

Remember... "The greatest danger for most of us is not that our aim is too high and we miss it, but it is too low and we reach it."

This year's Massey Athletic Council (MAC) had a very exciting and eventful year. They began this exciting year with a spirited pep rally. It was led by MAC members, Alicia Vossen and Erin Rizok. It celebrated the achievements of the fall sports teams. Highlights included Joel Zieba's loss of hair, dancing by Jenny Thorne and Karen Balkwill and a spirited cheering session by the teachers. Another highlight of the year was the slam dunk and three point contest. Fun was had by all who attended. Massey's Athletic Council has worked hard to support Massey's amazing sports teams and wish them great success in the future.

The homeroom reps are a group of students elected by their fellow students to serve as a link between student council and their homeroom class. They attend frequent meetings, led by Karla Houser, and report back to their homeroom. This year the reps kept their homeroom classmates abreast of student council's planned activities, events and fundraisers, such as Cookie Day and the Twelve Days of Christmas.

The 97/98 Massey Yearbook Class worked exceptionally hard to create a book with the same standard of quality and creativity as previous books. Being the second year that the yearbook was compiled in the 'class' format and that many of the students had taken the class the previous year the production of the 97/98 book ran quite smoothly.

The class of fourteen was led by the very upbeat and patient Mr. Quaggiotto. Kim Cote, Reesa Del Duca, Justin Hoag, Sally Jacquart, Nadia Ramsewak, Erin Rizok, Carrie Smith and Jenny Thorne had all been members of the 96/97 class and returned determined to create a book as good or better than the year before. New comers Robert Connell, Sarah Fader, Jessie Lei, Linh Nguyen-Dang, Liz Oltman and Jenn Smith joined the team and quickly learned to ropes.

We hope you enjoy reading and signing your book as much as we enjoyed creating it.

If one were to walk into Mr. Koppeser's room at lunch on any given Friday, they will find themselves in the midst of many concerned and motivated Massey students. This group called the World Affairs Club have been gathering together under Mr. K's guidance to tackle difficult issues of the world. The WAC is concerned with the quality of life of all human beings. Whether we focus our efforts on supporting AIDS research, environmental concerns or helping people in third-world countries and even in our own community, we always work to help people who are less fortunate. We are very aware that we, as Massey students, do not face the unfortunate hardships felt by so many inhabitants of this earth. Our work includes volunteering, letter-writing, donating and, perhaps most importantly, educating.

Thank you to Mr. K who provided the support, encouragement and direction that enabled us to have another productive year.

The environment effort at Massey is alive and well. There are three large groups involved in our efforts, The Environment Club, Recycling Teams and the Friends of Oakwood Bush. Several students serve on two or three groups.

The Environment Club is responsible for the outdoor and indoor environment of the school. Their main task is the "greening" of the school. The gardens, the tree planting and scores of hanging green plants have improved the appearance and environment of the school. Through their efforts, the school has won several Civic Beautification Awards. Thanks to Mr. Redfern and his crew of landscapers for making Massey a beautiful place to be.

The Friends of Oakwood Bush is a non-profit organization formed to protect one of the last Carolinian Forest in Ontario, and is right under Massey's doorstep, Oakwood Woodlot. This past year our organization was ran by President Mr. Nanson, Vice President Victoria Davidson and a number of community volunteers as well as students of Massey.

Within the 1997/1998 year we have accomplished many tasks. We have organized a bowl-a-thon, 50/50 Draw, Bingos, purchase lots, participated in Earth Day, and helped improve the sidewalk within Oakwood Bush. We have also raised over \$10,000. We look forward to seeing new faces with new ideas in the 1998/1999 year.

It is yet another end to yet another year. We, the P.O.W.E.R. club have had success in accomplishing many of our goals. This year we were fortunate enough to attract a few more eager individuals into our club. We had 26 members in our club this year and as a result were able to reach our expected heights of achievements; namely, raising \$200 for Hiatus House; presenting an assembly for Massey's Anti-discrimination Week; holding workshops for grade nine classes on issues such as acceptance, multiculturalism and individualism; spreading awareness on issues dealing with violence against women, children and men; presenting Massey's second annual Multicultural Talent Show. We are proud and grateful to many for such a wonderful year. Watch out for next year's events Massey, if it's anything like this years, you're guaranteed to have a great time!

One of the highlighting events throughout the year is Massey's traditional Underprivileged Children's Christmas Party. This year's UCCP was, as always, a huge success which gave a joyous Christmas party to 167 children who would otherwise not receive a decent Christmas. The children played games, had a wonderful Christmas dinner prepared by Massey students and were given a Christmas gift from Santa and had their pictures taken with Santa. Thanks goes out to the 200 Massey students who helped organize and run the party, and the staff that gave endless hours for this worthy cause.

This year's fashion show, once again, was a huge success. With a theme based on time travel in the fashion industry, models

and dancers wisked us back and forth in time with period costume and music which delighted the audience. Under the new supervision of Mrs. Wilson, models, executive and dancers worked hard until the very end, pulling off an excellent show.

Back (l-r): Jeff Pocock, Mr. Powers. Front (l-r): Francis Sullivan, Joel Zieba, Paul Whited, Reesa Del Duca, Shawn Mohan and hope to continue having a great time together in the future. Thanks to Mr. Powers, our teacher sponsor, for all of his much appreciated help, encouragement and patience throughout the year. What would the year be like without the school packing into the gym on the bleachers for an assembly? Student life would be dismal, that's for sure. So thanks for coming out and supporting the team, Massey! And maybe someday, one glorious day, every metal fold-up chair will be properly stacked and stored. We can only hope.

And now, a brief message from the Assembly Crew: This year, we had some of the most memorable assemblies in Massey history. We welcomed our niners in the warm, fuzzy way unique to Massey with a Renaissance themed Initiation ceremony. Our first pep rally featured a brave rookie football player who whimpered a sad goodbye to his precious hair. Next we had a brief cameo by Alvin and the Chipmunks at the Christmas assembly. Going along through the year, we continued to amuse and enlighten you with our annual AIDS Awareness

assembly and the second Beach Day gathering. We thank you for being such willing participants in the fun and games, and hope to continue having a great time together in the future. Thanks to Mr. Powers, our teacher sponsor, for all of his much appreciated help, encouragement and patience throughout the year. Gaining a few and losing a few, the Art and Design crew continued in it's second year of existence. We took on some new projects, like painting a huge mural on the local firehouse doors promoting fire safety, and took part in our old projects, like painting murals to decorate the UCCP, designing the fabulous spring Fashion show set and making Student Choice Awards trophies. This year's Fashion Show set was a fun project, allowing us to be inventive and original in the different time eras. Thanks a bunch, Ms. Leslie for helping us out all year.

Lights! Camera! Action! Not exactly. Although off to a slow start, the Camera Club has had another productive year. At the beginning of the school year during the lunch hours, members met with the sponsor teacher Mr. Gault. During this time we learned many important facts about the art of photography, and then we were on our own to gain some experience. Some of us took to the streets of Windsor to find interesting things to shoot (with a camera), while others stayed in Massey to record countless memories such as the Under Privileged Children's Christmas Party. A lot of thanks to Mr. Gault for all his assistance.

This was the second year of the Massey Ping Pong Club. Lead by Coach Mercer and an executive group consisting of Alan Lo, Aaron Gertz, Augustine Rhee and Toan Nguyen (seen in left picture clockwise from top left), the ping pong team was one of the largest at Massey, consisting of over 30 students from all grades. Leading off the year with a singles tournament, the Ping Pong club gave away millions of dollars in prize money and paddle endorsements to the star players. A doubles tournament followed and this proved to be the most exciting event in the Ping Pong club's history. With all of the executive members graduating this year, the Ping Pong Club hopes that some new faces will emerge to take over the leadership next year.

After a short hiatus, Massey's newspaper returned with full force. The new editors had very little previous experience but published a paper which attempted to appeal to the different tastes of each Massey student. A large writing section in each issue offered students a chance to show off their talent of creativity. Contributors wrote about entertainment, sports & school life. Everyone's efforts were greatly appreciated. The Stang is especially grateful for Mr. Marchand's continued support and trust in decisions made.

The Vincent Massey Awards, annually presented to students who excel in areas such as academics, clubs and activities, and school service, are brought to everyone courtesy of the Awards Committee. Yes, we, the Awards Committee do all the dirty work (calculating, calculating and more calculating) involved in order for all deserving students to be presented with the medals that they have earned. We genuinely enjoy what we do and we are always up to the challenge of more to do and less time to complete it in. We would like to thank Mrs. Stephenson for the opportunity to be part of the committee and also for her help as she does more work behind the scenes than ever. A Vincent Massey Award can make anyone feel proud - without the Awards Committee that feeling simply would not be possible.

The 1997/1998 year was an exciting one for the Vincent Massey Concert Band. This year's band consisted of many fresh young talents and plenty of returning students. Together they travelled to Minneapolis to compete against schools from all over the continent. Some activities there included a trip to the Mall of America, Planet Hollywood and catching a Minnesota Twins ballgame. April was a busy month as the students participated in a showcase of bands and a 12-hour band marathon. Thanks goes out to Mr. Powers for providing encouragement during the early morning practices.

The 97/98 season for orchestra saw the return of many familiar faces as well as some new ones. The year was filled with many interesting fundraisers and events. The March concert featured many great solo artists, including Jon Armstrong, Brendon Hawkeswood and Greta Ra. Many members joined to Concert Band for a spectacular trip to Minneapolis in May. It was a fun filled weekend. Good luck to the graduating students who have put in years of hard work and dedication. Special thanks to Mr. D'Amico for his continuing support.

This year the Investment Club entered its second year and shows promise for the future. The Club deals with real money (up to \$200 a year) and allows for each individual to contribute. The stocks are limited under the Canadian Shareowners Association. The club has dealt with such companies as Wendy's, Motorola, Pepsi & Bombardier. The club will travel to New York and consume enough knowledge about the stock market to make sound investments in the future. Special thanks to the sponsor teachers Mrs. Beneteau and Mrs. Edwards.

A whole week full of events lead up to this final celebration before March Break, including the Hula Hoop and Limbo Competitions, Kool Aid Chugging and Hula Dancing; not to mention the All City Beach Dance Party hosted right here by hard working Mustangs. And as the week wound to an end, we bid farewell to winter at our Assembly. The brave bared their pasty legs, and Hui, our valiant Baywatch captain, followed by the swim team saved our dear Mr. Colak from certain death from the brute force of a ping pong ball. An award to the student with the most Beach Spirit went out to Mark Sherman, who won free tanning sessions! It was as great day Massey, and we can't wait until next year!

Mustang Rockfest '98 was Massey Music's attempt at displaying young rockers of Massey to raise money for this year's band trip. It succeeded. The walls of the south gym almost collapsed and the roof was almost blown off by the groovalicious, slap happy, whacked out sounds of Massey's young talent. The styles ranged from the heavy, heavy metal of Anarchy Army and the Ravens to the fun lovin' beats of Lucy's 45 and the skankin' Canadian Bacon. Specialties were the soft acoustic melodies of Andrea Terpenkas and the all original, 100% good as it gets Sewing with Nancie. The audience seemed to love the show skanking and be-boppin and even starting a few mosh pits. The show was organized by members of the music executive. Skanks to Mr. D'Amico, Mr. Powers, Adam White, Andrea Terpenkas, John Luxford, James Thibert, Karen Balkwill, Vicki Davidson, Sarah Plantus and Big Jonny A. for all your free love and spirited support. We look forward to putting on more of these psychedelic festivals, so until then keep your booty shakin' and your music playin'. Peace.
