ADMINISTRATION 2012 - 2013

PRINCIPAL

Ms. Nantais

Principal of Vincent Massey S.S.
2006 - 2013

As I reflect on my yearbook message from my first year as Principal, 2006-2007, my comments included thanking the students, staff and parents for welcoming me into the Massey community. A short seven years later, I want to once again thank the students and staff, this time for your support, enthusiasm and learning with me during our time together. You have made a lasting impression which will forever be remembered. I also want to thank our School Council, parents and community partners for your commitment to supporting our school and helping create a positive school culture which we all celebrate.

Over the years, an "M" is been presented to students for their contributions. This year, I too have earned my "M", and will proudly keep it as a reminder of what it means to be a "Mustang". I know each of you will continue to exemplify the "Mustang" qualities of trustworthiness, responsibility, caring, respect, self-discipline, and leadership, which you have done throughout the year.

To the Class of 2013 - what a privilege to work with you this year! You are an amazing group of student leaders who will continue to do great things in our community and in our world!

Thank you to the Yearbook Committee, the Editor Lloyd Torres, and Teacher-Sponsors Ms. Fillion, Ms. Suchiu, and Mr. Trudell for their vision and hard work in capturing these moments as a lasting tribute to another great year!

VICE PRINCIPALS

Mr. Reid & Mr. Ash

What an awesome year for the staff and students at Vincent Massey S.S. It has been our pleasure and privilege to be the Vice-Principals of such an incredible school.

Massey continues to impress with its strong academic program and wide variety of extracurricular activities. What sets Massey apart from other schools is the diversity, dedication, energy and hard work of students and staff.

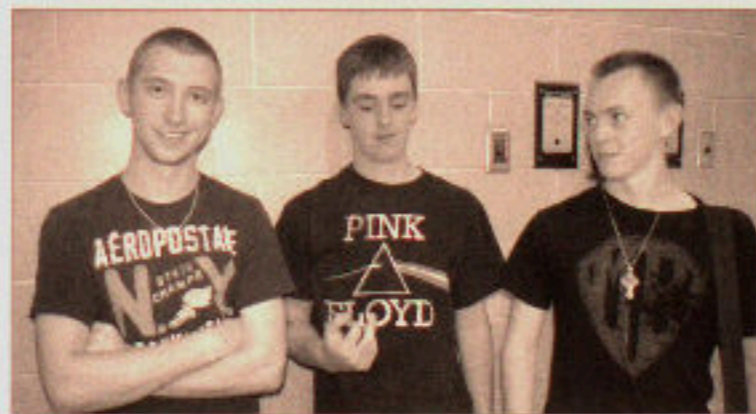

We would like to congratulate the graduates of 2012 - 2013. We wish you all the best as you go forth to an exciting and challenging future ahead. The lessons you learned as a Mustang will guide you well.

Sanofi BioGENEius

Melanie Grondin and Shawn Liu placed first in the Sanofi BioGENEius Challenge at McMaster University.

Their project outlined a process that helped thwart cell rejection after bone marrow transplants. They defeated sixteen other teams in the challenge.

They are the first students to represent Windsor-Essex at the competition in twenty years. They represented Ontario at the national competition in Ottawa.

Dear Massey Mustangs,

Vincent Massey is like no other school; we grow and thrive through our differences. Being able to be the Prime Minister has been a complete honour and an experience I will always remember. Every event we planned this year was only a success because of how spectacular our student body is. In terms of extracurricular events, this year is definitely one that cannot be forgotten. Despite what was going on in the school we, as Mustangs, came together and were able to stay positive and show our spirit and pride.

All we wanted to do this year was bring together our school, as difficult as they may seem to be. With the support of our teacher sponsors as well as Mrs. Nantais I hope we were able to help make at least one great memory for all of you this year. I also know that as Mustangs we are always doing things the best we can and that next year will be just as great if not better! So on behalf of our Student Council family, thanks for an amazing year Mustangs!
