"Truly in the heart there is a void that can not be removed except with the company of Allah. And in it there is a sadness that can not be removed except with the happiness of knowing Allah and being true to him. And in it there is an emptiness that can not be filled except with love for him and by turning to him and always remembering him. And if a person were given all of the world and what is in it, it would not fill this emptiness."
 No matter where we go or who we become, never forget who helped us get there.

Smiling is infectious, you catch it like the flu. When someone smiled at me today, I started smiling too. I passed around the corner, and someone saw my grin, when he smiled I realized I'd passed it onto him. I thought about that smile, then I realized it's worth a single smile, just like mine could travel around the earth. So, my cuz, a smile begins don't leave it undetected, let's start the epidemic, duck and get the world interested.
 Everyone needs a smile!
 A big smile to Massey staff and all of my friends!

SB SL BL CD MM SL LR LS- you mean the world to me and so much more.
 Quebec, Cancun & all that was before & all that is still to come. We've made it this far and it wasn't easy. SB fashion shows, 7hills & the heartbreaks made the journey seem as though it would never end. Twins are the greatest people s2. My new girls- Sorry it took so long. Nights @ CDs Moxies and countless lunches in the Caf. JW- I can only hope that the next 13 years are just as fun. To those we lost & to those we love. Thanks- I wouldn't change a thing!

Are you thinking what I'm thinking B1? It's graduation time! Wow, that looks good! What did you think I was talking about K? I meant graduation. 5 years already!
 So many memories: learning to spot, getting thrown off of K's couch by A, Sand ppl, Wood, K's living couch cushions, yellow doors, B's b-day cheese, "testing 1 2 3", "Moo", the effects of giving blood, "Yeah, Calculus!", Yellow Jeeps and Campus Crew.
 I could go on forever, but I'm running out of little boxes.

 Thanks to my teachers, especially Ms. P.

So I guess we made it, huh? Coming to Massey had to have been decision. Where else could I have met my best friends? SM-LA, AC, LS, SE, and mostly Sara, Wang, for always being there, time goes by and bud! Crazy time w/ Albion, eh? Let's not forget the many regrets of last year. Also my boys- MP, UV, KD, GB, DK, JH, BA, JJ and BN, you've all made school so much better and amazingly fun. Don't ever change! To anyone I've missed, I'm sorry. Just cuz UR not on this page does not mean that UR not in my heart! Thanks to all my friends for being w/! Take care and good luck! We did it!

Mmm K... these past 5 years at Massey will be remembered forever. Hi to all my boys: JT, DF, DD, JM, JL, NS, NR, and KP. Flying over Campbell was sick!! Dude, as long as we have Black Betty, the police will never catch us. Q-Stirs nights were the best!!! East side 4ever. DF, remember our Maiden bush party? 99 red balloons floating in the summer sky. Panic bells, it's red alert. There's something here from somewhere else. A war machine, it springs to life, opens up one evil eye, focusing head on spy, 99 red balloons go bye.
 Peace Massey, I'm out.

Time goes by fast when you're having fun. There are so many things I will never forget: Drive-by & Jaffry's Parties, Tina, GB, BP, QUE, Germany, I want to see it all. Movie nights, marshmallows are dangerous. U lost? In my? Lost shoes & I like your truck... remember the worst crime is faking it. Don't ever give up on anything or anyone.

To me, Massey wuz all one big party. From chubb'n' for two years, to growing up too fast, yet never being afraid to be who I am. BBQs, kegs, fights at my house, or just chillin' with the gels. We've been through a lot: from stolen cars at Noli Fest '99 to 5 girls + 3 days = \$550 of alcohol. If no one stopped us by now, we can never be stopped. It's too hard to write down all of the memories I've had, but I have no regrets and nothing but love. I'll always be there, and never forget.

It is time for the Phuzroh to leave for his work is now complete.
Now the time has come to leave and pave our own paths. However, this new journey will not be lonely because within each of us is a piece of those who have shaped us into who we are now. We may never see one another again but the memories and lessons will always be there. I thank all my friends and teachers who have made this part of my life not just a lesson but a journey as well.

Highschool holds some of the happiest moments of your life. A place filled with friendships and hardships. Despite the difficulty of it all, everyone comes out on top. With great memories and great friends who have helped us along the way we've made it. We've finished one stage of our life and are moving on to new and exciting challenges that lie ahead.
I would like to thank two people that have been there for me through it all; Megan and Dave, I LOVE YOU BOTH!
Some things that I will never forget are CB that's my bra, MD & the TP!

There comes a day when you walk through Massey's doors for the last time. For me this time is now. My memories of Massey start at good old CP and all the lunch and after school meetings at the Blue tree and SWA. And who could forget Art class with 'the Schwartz'. And as these doors close, to all my Boyz, you know who you are.
Peace Out.
P.S. I will visit. K-Bye

Most people say that high school is the best time of your life. I hope that's not true. I mean I have had some good times, but most of my high school life has been filled with stupid things I've done, and gotten over, and stupid friends I made, and gotten over.

However, there is one person who has always been there for me, THANKS DANIELLE, you're the best!

And finally to my boyfriend, Chris Brazeau. Thanks for everything that you've done for me! I LOVE YOU! and I don't know what I would do without you!

Dayna Chan

There's nothing like high school to remind you of a bug on a windshield. In the long journey of 5 years that seem like 5 seconds the most anyone can hope for is to remember what colour the car was. Hopefully you'll make a big messy splat instead of being smushed to the glass wriggling an arm or two "twitch twitch." Thanks to all those who knew me for all the good times.

To my closest friends (you know who you are): It won't all be for nothing and we can look for nothing and we can look forward to a blinding future. So 'til we meet again, this is not the end.

Finally high school's done... it's been a great 2 years Darnell. Coming to Massey has given him a chance to reunite with his old grade school friends and meet new ones.

He'll never forget his times with BH, GB, DD, TC, ED, MP, JY, AZ, JR, JS, MF, WE, VL. He'll always remember the smart things said by AE, KD, & of course DT.

My high school experience has been pretty sweet. I'll mostly remember all of the memories and good times. Crazy golf attendants with JR, playing basketball and football, and lunches at Wendy's to name a few.

Thanks to all my friends and teachers for everything. I came to Massey not knowing what to expect and now that I'm leaving, I still don't know what to expect. It was definitely interesting. Thanks for 5 great years Massey. - DD

Nikki Chartrand is a great chick. She has been at this amazing school full of memories that none of us will forget for five years. Most might say she was mexican, but in fact she is not, she is actually "mexican" from the land of Mexico.

OK seriously anyways, Congratulations to anybody that has made it this far and good luck to all.

Nikki's goal in life is to some day be the queen of mexico, or if that fails, a Computer Technician or something like that. Finally Nikki will leave Massey, a proud and successful student with no regrets. Ciao!

Most importantly I would like to thank Allah for guiding me through these years. Secondly, I would like to thank my parents, without them I wouldn't be here.

Well it's finally over, the fun is no more. I enjoyed my time at Massey even though I wasn't the most popular kid around, I met wonderful friends along the way. Friends who have kept me on the right path, a path which has made me what I have become today. I feel that that is more important than being the most popular kid around. Popularity fades, but true friends will always be there: HS, SC, MAH, WK, IA, Yazzy, ME, AL, AN, ghetto shorty, rosdalian, Nobs, shorti, SL, Massey TA Basketball 4 Life.

Time has a strange habit of disappearing. It seems like only yesterday I was playing army-tag during recess at Bellewood. In the time I have spent at Massey, I have learned much, mostly that I have too much more to learn.

I wish to say what an honour it has been to spend the past 5 years in the presence of the kind and intelligent individuals that characterize this great school.

As I conclude this era of my life, my only regret is that I did not get to know many of you better.

I wish you all the best of luck. Until we meet again, farewell.

In the world we are ignorant to what is behind these walls. After we leave these walls our lives will change for the better or for the worst, it will be different. To be realistic is the key to survival. But if you live in a delusion that you will be handed everything and that your parents will always help you out, the real world will eat you alive!

Ben Goldstein

A teacher told me that I should write my experience as an analogy so I said to him: "High school is like a marshmallow." "How's that?" he asked. And with a line that sums up the last five years of my life, I replied: "I don't know. What the heck do I look like, a philosopher?" Well, aside from all the sarcasm and the occasional learning of a thing or two and all the cards and chess...actually, that about sums it up. Those who deserve my gratitude know who they are and have it. Special thanks go to my friends. And a warm goodbye to my teachers and kids, for those of you who think life sucks now, remember: It's always darkest just before it goes pitch black.

Darren Gopie

5 years. 5 years too much. And what do I have to say for all of it? I have no idea. Thanks to my friends and teachers for the memories and laughter. Too many people to thank and too little room. Now, some Homer Simpson quotes:

"Do you want the job done right, or do you want it done fast?"

"You tried your best and failed miserably. The lesson is never try."

"They might make you think you're happy, yeah maybe for a minute or 2. They can't make you laugh, no they can't make you feel the way that I do."

Our hangout TH, going to Detroit, Drama class, and of course cruised' around chekin' out the guys. Everything was a blast.

In the five years he has been here he has gained an undying love for English, an identity conforming only to himself and a true appreciation for the friends he has. Above that, Massey has been a place to go, to strike up good conversation (not often as part of the lessons) and absorb what I cared to. Here's to getting by without caring or trying! Ta!

Time flies, and here I am ready to go to university. I can almost hear a haunted voice saying: "Be afraid, be very afraid." But I'm not.

I thank all my friends for making my years at Massey a wonderful experience. Our friendships mean a lot to me, they will continue to be my anchor. I thank all my teachers for their kindness. They have taught me a lot about life.

I want to say "thank you" to the billionth power, to my teachers, to my friends, and to Massey. They'll live in my memory always.

Well it's finally come to an end. First and foremost, I'd like to thank the almighty Allah for bringing me where I am today, and for keeping me strong.

My 3 years at Massey have been long but great. I'd like to thank Mum & Dad for their guidance & encouragement, my teachers for helping me out, and last but not least; my friends for always being by my side, you guys all know who you are! I have many memories that I'm taking with me, which will always remind me of my days at Massey.

Always keep your head up high & never give up! Take it easy & good luck!

Pat Kim

Yeh. School was pretty fun, but it sucked when you had to do work. Yeah, that's when it sucked.

Everything went by pretty quickly, too quickly.

Well, I'd just like to thank my jans: Britney Spears, AK, JZ, AM, Caf Ladies, right hand, R2-D2, and everyone else who touched me there (in the ear).

Good luck to everyone. Too cool for you. -Pat Kim.

I thought of a good grad write-up, and I wrote it down on a piece of paper, but I forgot it on the kitchen table at home. I think it said something about friends, cards, and a little bit of school.

Then I thought of something enlightened and insightful, and here it is:

Massey life can be compared to an onion! No, not because it stinks... well, ok, sometimes it does... but anyways it's because onions have layers... and I know what you're thinking, "Not everyone like onions... parfais! Now everyone like parfais! Why can't Massey be like a parfai?" and all I can answer to that is EAT ME!

Talia Kleinplatz

"I want to appreciate the times when moments are made into memories. I want to embrace them, cherish them, never forget that they came few and far between. It's not just life, but living. It's the journey, the destiny, and all the points in between. And I must admit, I like what I see."

-Aron.

To the girls, we had some fun times. The club crew; IR, JB, KK, JA. Rush it is. Jill, thanks for the insight, the advice, and the good times. Smitten, a pair like us are one in a million. Couldn't have done it without you. Thank you to all of my teachers who taught me beyond the text.

Pawel Kosicki

So it's that time... I've been thinking what 2 write here 4 months now and every week I wanted 2 write something different. Life changes too fast to be able to freeze it in a couple of lines of text. The words will soon be outdated and meaningless. If you really want a good picture of today remember the conversation, the laughs, the good times you've shared with your friends and your family 'cuz they'll never happen again the same way.

"The only constant thing in your life is change." (To all you friends who wanted a personalized message, look in the front or back) :P

My time at Massey has given me many great memories like Canadian Bacon, Cancun 2001, the luetime outings, Fink and the Frog, beating JY at everything, bathroom boxing and all the drunken parties. I hope my next few years at university are a lot better. If anyone wants to contact me I'll be at my beach house in Barbados.

Jess Lazarus

5 years of tests, projects, teachers, 7:21am band (which you never went to), spares, lunch at McD's, trips, exams, friends, and it all boils down to one little paragraph. We may not always remember what we learned in high school, but we will never forget our memories. Jess is my best friend, and without each other we never would have survived. Jess, U are the most caring, bright, and sensitive person I've ever met, and whatever U choose to do in life U are going to make a difference. Congratulations U did it!

Good luck in future luv always.

It doesn't get any better than this!

Nicole LeBlanc

Nicole is a great best friend that I have been through good times and bad with. From pondering the origin of the name orange juice to going to see Hannibal we've had it all. Thanks for helping me join a great school after the first awkward week of joining a new school. Maybe the best thing to say is that good times come and go; friends come and go but good friends last forever. Have a great year away from me and Massey even though I hate you for it. Brit

The most important lesson I've learned wasn't even taught in school. It was basketball which taught me that if you pass up a shot because you're afraid to miss you will never succeed. It seems like yesterday we were all in grade 9, now we are all graduating as young adults. I'm proud to say that I went to Massey. It made me who I am. As a school we have been united through the good times and the bad times. Now as we end this chapter of our lives, we begin a new one but not forgetting the good times. Congrats everyone.

Hmm... let me see, how can I make my brain fart onto this paper?
OK... to MP, AL, SW, AS, MP...yes, we are the Bacon Boys - never forget it.
To RR... I'll always know what it feels like to love someone.
To the boys in D, I'll see you when we get there. I love you all.
To anyone I've lost contact with over the last five years, I still miss you so let's hang out sometime soon.

Danielle McNamara

Danielle is one of the newer additions to Massey but came through with flying colours. Danielle, aka Britney Spears, keeps the guys chasing after her and continues to shoot them down. This girl is fun to party with and can polish off a twenty-sixer like it's going out of style. Danielle can also be noted for posing in the mirror, not taking any crap from anyone, and asking me to do that funny voice.

PS, "What a loser he doesn't have a car," and "I don't know." You are an awesome friend and I know you'll do well in the future.

These past five years @ Massey have been incredible. The knowledge gained, the friendships made and the countless memories are priceless; all you need is some flour and potassium... Hey, it's Shaggy! CW, foil blankets, Forum, Washington, N.Y., 18 boxes of Kraft Dinner, Wal-Mart & Sobey's parking lot. AZ, FH, SG, thanks for always being there, you're like family. PN, SB, BA, NS, RS, you guys are the greatest. JG, thanks for being the best aunt around.

Thanks for the memories Massey. It's been amazing!

You guys made me laugh everyday! Thanks Massey for all the great times: X-Country, TRACK, St. Donat, Cancun, and Montreal. BYE!!

Jeff Ohler

I can't say I won't miss any of this, 'cause I'm sure I will. However, I'm glad it's finally time for me to get out and move on. I always seemed to be doing my own thing, but I think that's because my head's just been in a different place than most in the school, at least these last couple years. To all my friends, I thank you. Also, anybody and everybody who ever gave me crap for my hair can back off. Maybe you'll see me again when BONES is at the top. Later.

People say high school is the best time of your life. It's had its ups and downs. But it's the friends that make it fun and leave you with the memories. Cineplex, spring break, Grock-stock, Massey hockey, summer nights, GOCW Ball, Daytona, Howl, Techpranks, VW's, juvenile, Greek girlfriends, MD white sunfires, Prom 2001, Stevenson Prom '01, foreign cars, '02 T.O. trips, and tons more fun ahead.

How is it going Mustangs? This school year is finally over and it sure has been a lot of fun. This year would not have been the best without all my friends, yeah you know who you are; and especially the teachers I am sure my high school years at Massey will always be remembered by me and a few others. I wish that everyone graduating this year has a great future and the best of luck to all you guys I would like to thank all my teachers for trusting and not giving up on me. Lastly I'd like to say what's up to Jeff, China, Corn-bread, White-Boy, and Tank.

Adam Nguyen-Dang

I wasn't Einstein in math, couldn't write like Shakespeare, didn't understand physics like Newton, and I didn't throw it down like Carter on the Courts.

But I tried.
Peace, it's been chillin'. See you when I see you. If not, good luck.

My past five years in Massey had been very enjoyable and memorable. Thanks to all my friends and teachers for bringing me an enjoyable high school life. I will miss you all!

It's finally over! Though I'm excited to move on to bigger and better things, I'll miss the good times at Massey. To the girls SK, JA, TK, AM, and NS, we've had some crazy times. Wow, I actually graduated. I just wish I didn't waste all that time doing homework. Now time for some shout outs: CM you're the best. The Boys, GB, VL, AZ, DD, DC, BH, JY, AL, MELLB.
My advise for next years student - I think you can get away with 150.

Katie Piescic

It seems like only yesterday that I was in grade nine. I thought Graduation couldn't come fast enough. Now that it's here I can't help but want a bit of that time back. In these past 3 years I have made more friends and shared more experiences than I have ever thought possible. I'll never forget our Friday Night Dance Contests, Tap dancing on well you know Prom: Prom: Hey who's she dancing with, BA always remember yellow pants! and Tarzan you know who I mean. Anyway, it's time to leave Massey and I hope that the future Mustangs have as much fun as I did.
P.S. I said dog food!

Mike Plantus

To me Massey has been a family. Poker w/ AZ, MP, KD, & team G@ VL and my girls SB, JS, CI, LA, *AC*. Jeff and Brandon you will never know how much you mean to me. Steak every Sunday? I'm there! BD, thanks for the never ending laughs. Thank you Shana for always being there to hug me or give me a kick in the rear. Some day I'll find the locker Gods of gr. 11 and thank them. Well grads, I'm out. High school can be a scary place, but with your friends behind you you will never feel alone. Be proud to be a Mustang and proud of who you are! :- MP

These past five years at Massey have been the most crazy years of my life. It would not have been so ill without my buddies, and my true B.F. Jess. Thanks to all my friends for always being there to party with. There has been some crazy parties, that I will never forget, and the road trips that I wish never ended. If there is one word to describe these five years, is that it was all FUBAR. 311!
P.S. Thanks to Carol Backhouse for teaching me so much about myself.

Erin Rutherford

I can't believe high school is almost done. 5 years does go by pretty fast. I met some really great friends that I'll never forget. JW, KJ, JS, DD, AK, NB, FH, DM, RS, you guys are awesome, never change. Except for you RS, you're a little weird. To NS and SM you better believe we're gonna tear it up this summer at CLUP! If I could leave you with any words it would be don't hold back on anything! Go on an exchange cause it's the most amazing thing you'll ever experience. To my twin, we're gonna miss you bro! Time to start thinking about that future of yours.

I only spent my last 2 years of high school at Massey. I moved from a small town in Northern Ontario where the high school only had 300 students, so Massey was a big change. Thank you to my friends who made this adjustment easier.

Long & Painful is high school or at least it seemed that way. It wasn't. I had lots of good times outside these walls, lots of experiences, Bush Parties, Feelgoods, Scott's etc. I lost a couple of friends along the way but I gained a whole lot more. In the end high school is for growing and that's what I did, grow up. It'll be interesting where everyone is in 20 years. I had lots of good memories and I hope I'll have many more in the future.

You know this kid. You say him at Bush Hotel and House Parties. Or SWA Central, Curry, Crusin in the Olds or the Rally Bar, Burkes, TJs Feelbunks Foolerys or back in the day at Ohlers house 4 lunch. You didn't see him in class - he was sleeping. He made fun of you and messed around w/your girlfriend. Any experience is a good one. In 16, we'll never forget summer of 2001: 5-2 and H-1 were the best nights of my life, nights that ended when the sun came up. Who'd have thought in their breakfast dreams... that 13/10 would happen to all those who asked me to smile and those who called me Randy. Thanks for the experiences. To the N. wood crowd reunion and the ones who have always been there, it's been fun.

These past five years at Massey have been the fastest five years of my life. In those five years it is where I had my best times, I got to meet new friends and learn many different things that I will carry with me for the rest of my life. I also had my worst times at Massey but I wouldn't trade them in for ANYTHING. But if I could go back I would of took those five years a lot more serious than I did.

I've only been at Massey for two years but I have so many memories. Thanks to everyone who made moving to the city for Gr.12 so much easier. Paul Wilcox, OA Physics, Midnight madness, and UCCP.

I'll miss playing volleyball the most and the "Fatty Combo" and the great wall. There is one good thing about leaving though, no more band at 7:15 in the morning. I'll see most of you next year and the rest of you in 2 years. It's been a great ride.

Gosh, I really hate school. If there are suppose to be the best years of your life, then the rest of my life is really gonna suck. However, I don't believe that saying is true so Muhahahahaha!!!

Five years gone already - I can't believe it. Let's all hope university will go by just as fast. Time to move on, but I'll always remember the important thing - Red is the best! Purple is good, Orange is... okay. Walking into fridges, running from pigs (well, trying to at least), hiding from "certain" people, making up dance routines... all the old times - I'll never forget. Let's ~~not~~ leave out Prom Night - "No, Really I Can Do It!" (you know who you are) or dangerous card games in the DR (I'll leave out details!) I'll just finish up with the words of our friend
"DR, Evil... Rught... okkkaayy..."

I've been a mustang for 9 years. (w/ 5 years being a cougar. Campbell soup, MrsMm good!). Those were the good times: unlearning Physics, summer movie madness, non-stop dancing, useless stats, living near the mall, being the "smart" one, back corner of gr. 12 english w/ KD, DP and AZ! I'm gonna miss hearing Mich's "this one time @ "church camp" stories... Not!
Shout out to: SB, DC, DX, SB, NL, SM, PN, NMLPT, JS and MW!

Well it's been fun and I'm gonna remember everything that has happened. All the people: AZ, VL, MP, MF, GB, JH, JS, AN, DC, AM, NS, SK, school, teachers, student council, tennis, curling, b-ball, too much to talk about so just saying that high school life was great. Honestly I have no idea what to write, cuz to summarize 5 years of amazing memories into one small paragraph is quite hard to do. Just a big thanks to everyone, couldn't have done it without you. No complaints, no regrets, just trying to keep it real.
Thank you Jeff "double ya" for always making me laugh, Erin, Jenny and your entourage, Tara and the J.C. v-ball player and Marci Z because admiring you, Mr White, words can't express how highly I think of you.
Thank you. Peace Out

To all the boys I chill with: GB, DC, DD, VL, MP, BH, AL, MF, JV, SO, JS & TY. You made school fun and kept it real. I came to Massey a innocent boy and you guys turned me into a criminal. I wish all my friends at Massey the best of luck.

Without the friends I've made in the past 5 years, being a Mustang wouldn't have been as much fun as it was. My memories of Massey involve everything from classes to jokes shared since grade 9. These good times include: London, Math, the Movie Club, Gibi War Kercbi, Greenwood, Friends Survivor, WCCA, JACT, dances, locker decorating, the spare club, Arnold (you know who you are), and studying for exams. Finally, my advice to all of you: if you're not going to remember it in ten years, there's no need to worry about it!

Being In Grade Ten Is Not Always Smooth Sailing

Heather White

I have never been a pretty girl. I don't think I ever will. My lack of self-esteem, is making me quite ill. I've never been looked at like a diamond in the sun. Only as a demon's fist punching at the one. Trying to make it through my endless days, and my endless nights. As one of the loser kids, who gets beat up in fights. Buying only the cheap brand, because I am so poor. Wearing all the torn clothes, my older brothers wore. Getting pick last for gym class and never playing still. I'm the annoying kid in the corner, everyone wants to kill. I'm walking all the paths, the pretty girls have paved. It's ok, I don't care, and I don't want to be saved.

Sarah Hawilo

Q: What's it like to be the youngest person in your grade?
A: "It's ok, I guess, even though teachers tend to pinch my cheeks and all. I mean hey, I know, I'm just about the cutest thing you'll ever see, but come on. It's about time people realized, I'm a BIG GIRL now."

But There's Always Grade 11 To Look Forward To.

The Twelve Days Of Holiday Fun!

The second annual holiday event was a huge success thanks to the tireless efforts of the Twelve Days of Holiday Fun Committee, lead by Ms. Wheatley.

The highlight of this year's festivities has to have been the first annual Teacher Decorating Contest, which featured teachers such as Mr. Braithwaite in his Leprechaun outfit and Mr. Nanson as an anti-festive holiday mummy.

Above: Mrs. Davies was dressed by her entire homeroom class in the Teacher Decorating Contest.

Above: Mr. Adam and his Grade 11 girls; Carleigh, Kaleigh, Stephanie, and Kelly.

Left: Mr. Tod gets festive with Lisa and Ashley.

Right: Ms. Hudson starts to look like the Ghost of Christmas Present from Dickens' A Christmas Carol.

Blood Drive

This fall's blood drive was an amazing success. Massey had so many willing to donate not only did we meet our goal of 30 donors, we had to turn people away. Congratulations to Jess Way and Dan Kreski for making their donations in the fastest student time, under 6 minutes. Thank you Mr. Scorrar for your support organizing this year's Blood Drive. We were all impressed by his donation time of 4 minutes. Thanks to the rest of the donors for sacrificing a day of school to go donate blood. Hope to see just as many people out next year!

PLATO...

" IT WAS THE CHEMICAL REACTIONS! "

The first year in the life of this debating/philosophy started out slightly inauspiciously as global warming tried to sabotage the member turnout at meetings by cleverly prolonging the "foot-hockey" season. But, after a number of brilliantly-planned schemes were masterfully carried out by the co-founders, which includes coaxing fellow mustangs to join the club by false advertisement (the play dough club?) and "accidentally" cutting up a dozen or so tennis balls, our beloved club grew strong again. Memorable moments this year were discussions about Frutopia and some kids stealing a balloon. Thank you, Mr. Lutz for your time and insights. If it weren't for you, this club would have never got started. We are very grateful. Thank you, Mr. Mercer for approving this club and allowing us to try our hands in the world of debate and philosophy.

Fearless Leaders:

We've been down this road before and every year it's always the same thing. Lots of students spending their time to help everyone out, participate in sports, and get involved in the amazing clubs and activities that Massey has to offer. But what about all of the other people; the ones behind the scenes making all of this possible? Without administrators, teachers and leaders of the school we would surely be lost. A big thanks to Mrs. Beneteau, Mr. Mercer and Mr. Noveletto for your support in our attempts to make Massey a better place to 'play'. Without the support of a great Student Council and two new additions to the teacher adviser area, Ms. Wheatley and Mr. Lutz, I wouldn't have been able to do anything this year. Thanks. A very special thanks goes out to Jason Drake, our Community Living Representative for always bringing great ideas and a positive attitude to every meeting. With new ideas and tremendous improvements on old ones, the Massey Student Council of 2001/2002 has done an incredible job. Although we will miss Mrs. Beneteau and her fighting spirit, I'm sure that next year's council will be a great, if not better, collaboration of minds. And now for the quote:

The season started off on a bad note with team Captain Liam Wahl being injured and forced to sit out the year. The rough luck continued with Massey opening the season with a loss to St. Anne's and having a hard time coming together as a team. Eventually the good ol' boys got it together and pulled out a victory at Leamington, thanks to Massey's 3rd ranked Defense. The high point of the season came in the playoffs. Against undefeated Riverside, lead by stellar defensive play from Erik Lovegrove, James Branton and Brian Ward, and awesome special teams play by Captain Andrew Sulyok, Massey was able to hold Riverside to only 8 points. Andrew Sulyok was named to the All-City team. Honorable mentions go to Jeff Collison and Suitha Edriasinghe. Massey will use this as a building year and looks forward to a championship next season.

Massey's Junior Football Team had a great 2001 season. During the season they trained hard and played even harder. The team was rewarded for their efforts with a respectable 3-4 Regular Season record. This ensured Massey a place in the playoffs. Thanks to some excellent playing by the entire team the Mustangs won their first playoff game and were primed for their quarter final game against a strong Herman team. Despite each player giving a 110% effort Massey lost to Herman, ending an eventful season. Great job boys, the future looks bright for Massey Football.

Our season this year was marked with incredible moments...the talk around the city was how strong our team would be next year. This was because we only had two remaining players from last year's team. As a result, we had many young inexperienced players. We began the season however, with a lot of desire and very coachable talent. Although we did not make it to the playoffs, we had many highlights to remember. At the tournament in Chatham, our team played one of the eventual city finalists in a game that showed how tough we could be. We came very close to knocking them out of the playoffs and putting ourselves in their place. But we just didn't quite have enough experience to play the "end game." We had a lot of fun this year, and thanks should be given to Anand Patel and Aaron Wright for their help this season. Thanks also to Evan Hopes for his great leadership skills on the court and off. We will be strong next year and will be looking for a city finals match up against Holy Names.

M.V.P. James Smyth

With all but two members of the '09 volleyball players graduating, '10 was expected to be a building year. Aaron Wright had higher aspirations & worked extremely hard, as did most of the players to be a competitive team. The season started with the Stangs sporting Holy Names, who returned all their starters from last year's team, who lost in the quarter finals two games to one. James Smyth led our team with toppling play & a jump serve that was successful more than 90% of the time. As the end of the season approached, Massey went to Assumption where they needed to sweep the Raiders to get 4th place in the league. In a tense game in the playoffs, in the 1st game the teams were tied at 19 & Massey lifted us play to win 25-21. In the 2nd game Blake Vickers had his best game of the season as the Stangs destroyed the Raiders 25-13. In the 3rd game, Assumption took a 13-4 lead. James Smyth then went back to serve & brought Massey back into the game trailing 14-10 & with great hustle they passed Assumption at 23 winning 25-23. In the quarter finals Massey led by James and Jeremy Wan who closed every block at the net, we defeated St. Anne's 7 games to one & went on to play Brennan in the semi finals. Brennan had not lost a game all season & in the second game, Massey extended the Cardinals to a 22-30 game as they worked hard to defeat the Cardinals before losing to Brennan. James Smyth made his first all city & Shaun Hughes was honorable mention. Congratulations to a great season.

Through hard work and plenty of coaxing we managed to find and train enough athletes to enter teams in all six divisions of competition. Massy's swim team had another very successful season. We had four league meets and participated in the invitational meet at the University of Waterloo.

All of the early morning practices and hard work paid off when we went into WECSSAA with one of our strongest teams ever. Everyone had great races and many swimmers made finals. The junior girls medley relay, consisting of Vera Semerova, Chantelle Lonsdale, Chelsea Betschel and Staci Kenno won 1st place and set a new WECSSAA record. Andrew Cheung and Chantelle Lonsdale also broke records in the 100 yard breaststroke. The junior girls team placed 3rd overall, which helped the team place 5th out of 18 schools.

Congratulations to those who qualified for OFSAA: Vera Semerova, Chantelle Lonsdale, Chelsea Betschel, Aislinn Pearce, Stacey Askew, Stephanie Rozenbojm, Staci Kenno, Deanna Quattrociocchi, Heather Leenaars, Heather Turner, Lindsay Pearce, Andrew Cheung and Sara Kenno.

Special thanks to Jen Lachine, without her dedication we would never have become the team we did. Also thanks to Mme Kaufman for her help, as well as the teachers and parents. We couldn't have done it without you. Congratulations team, we had a great year, good luck next season!

2002 Jr Girls Volleyball

The Junior girls had a very successful 2001-02 season. After winning just 3 games in the previous season, the girls became one of the top teams in the city, finishing with an impressive 25-11 record. With just 3 returning players from last years team; co-captains Mary-Beth Paterson, Laura Ehtrington, and Alex Stanic, lead the team with steady play and great leadership. After a slow start due to so many new players, the girls posted impressive wins over the top two teams in the league, Brennan and Sandwich. The team placed fifth overall in the standings setting up a match against Villanova in the quarter-finals. The girls played an

excellent game but unfortunately, came up a little short. The girl's would like to thank coach Zuk for all her time put into the girls volleyball team. She pushed the girls to play their best and encouraged them to win. After a great season, I really miss the team and look forward to another winning season next year. Good luck to all the girls moving up to seniors.

This year started out with enthusiasm and excitement. We had many returning players from last year and our hopes were that we would place in the top four. To our dismay, a key injury (Jackie Schneider) and other schools that had also many returning players, resulted in a finishing place in the regular season that was not expected. With a lot of interesting combinations of players, we finally found the most potent offense and defense that would eventually send our team into the playoffs against Villanova. The girls played their hearts out showing incredible defensive plays and attacking the ball as often as possible. Unfortunately, Villanova was too strong for us and they were the victors in the end. Congratulations to our graduating players: Karen Jacquart, Shana MacDonald (team captains) and Jess Way for their outstanding contributions this year...you will be sadly missed. Kudos also go out to the "Laurens" who's hands are as good as gold. Let's get 'em next year!

Mr.

The Freshman Basketball team had another successful season. In league play our record was an impressive 8 wins and 1 loss. In the playoffs we defeated Sandwich 67-41 in the quarter-finals and won a tough 61-57 decision over Herman to advance to the final. Unfortunately, we had an off day and were defeated 65-34 by an excellent Catholic Central team.

The team also played in four tournaments and though tournaments were not the focus of our season, they allowed the players to develop into a very cohesive unit for the playoff run. We finished as the Consolation Champs at Herman; were 4th in Sarnia; were fourth in our own tournament and were second at Brennan.

The team would like to thank Martina Kovacevic, Vic Pabla, Jeremy Romiens and Jordan Benza for all their help scoring, timing, and doing stats.

Mr.
Scarrow

The Junior Boys Basketball Team had a very successful 2001-2002 season. The team started off the year winning its first six games of the season, before losing to St. Annes and Herman. The team finished the regular season with a 10-2 record. The team faced Sandwich in the quarter finals defeating them 57-43. Massey then had to face St. Annes once again in the semi-finals. The team did not play well and lost a very disappointing game. Massey's record in the play-offs meant that the team was the top triple "A" school in the WECSSAA conference, giving us a birth in the SWOSSAA finals against Sarnia St. Clair. The SWOSSAA final was the most exciting game that this team played all season. The team found themselves down by 16 points heading into the fourth, but ended up, through much heart and determination, pulling off an amazing comeback beating them 66-63. The team finished the year with a 16-4 record. Congratulations!

WRESTLING

This year Massey had a most promising wrestling program. With the addition of two new coaches, Coach Hlady and Coach Rumble to the already strong coaching of Coach Prime made the practices very grueling but at the same time tonnes of fun.

The team was led by some veterans like Pawel Kosicki and Josh Daniel but was composed mainly of rookies. When it came down to the final weeks, it was obvious that the team would do well at WECSSAA, which in fact they did, with Curtis Banyon and Pawel Kosicki qualifying for SWOSSA and Maria Lui and Kathy Ngo qualifying for OFSSA.

Thanks to all the coaches and wrestlers for making this a great season.

Reach for the Top

Like a phoenix rising from the ashes this year's Reach for the Top team staged what could only be called an outstanding comeback this season. Still suffering from the loss of key senior players in 2000 and a rebuilding year in 2001 the focus of this year was to find new talent in the vast Brain Trust that is Massey. Many talented people came to try out but only those with the unique combination of a steel trap mind, lightning quick reflexes, and let's face it, a taste for obscure and sometimes useless trivia survived. Competition was fierce and the decision as to who would make up the team was difficult but eventually the team was chosen...

Lead by co-captains Dave Dudok and Emily Dowell, with six years experience combined, was a team consisting mainly of rookies. They started the season as virtual strangers with few practices under their belts but pure skill ensured victories. As the team became more confident with each other their playing became more sure and the wins kept coming. Crucial points were scored in many games by May Habib, Alice Xu, and Dave Fox. Consistently high personal scores endured Sheng-Jun Xu a place on the starting line up and Darren Gopie, although an amazing scorekeeper, helped the team out greatly in the pop culture categories. Jesse Houston, a late comer to the team added another dimension with his much needed comic book knowledge.

This amazing combination of raw talent and coaching by Mr. Levack turned into the perfect 16-0 season. Some people over the years have suggested that Massey's success in Reach has been due to "one player teams" but there is no doubt that this team's success is to the effort and talent of each team member.

This year's announcement posse had a great season throughout the entire year. Many long, pain-staking practices all contributed towards their success. Returning players Habib, Parnell, Simanovski, Triantafyllos and Wisdom all played key roles in welcoming rookies Collison, Pontikis and Telka to the team.

The announcement posse was 38 - 0 going into the finals and they pulled through to successfully beat last year's defending champions, the Toronto Talkers, to take home the OFSAA title for Massey. They represented Canada in Salt Lake City but fell short to the Scottish team in overtime. The Scots fast, non-sensical gibberish unfortunately overpowered our team, though we beat them in the gross mispronunciation of foreign names portion of the competition.

A very special thanks goes out to Coaches Nelson and Szpak for their guidance and support; their efforts did not go unnoticed. Congratulations and Good Luck goes out to long-time team mates Parnell and Wisdom who are moving on to bigger and better things. Look out for next year's team who will once again risk everything as they attempt to win it all over again.

What would Massey events look and sound like without the constant efforts of a few good people. All Night Dance and UCCP

"There's nothing more inspiring than seeing Math and English teachers working side by side to help underprivileged children of Windsor. It makes you believe that there is hope for this world."

ALL-NIGHT DANCE CREW

In record time these amazing volunteers pulled together an amazing All-Night Dance. Executive members were talented organizers and put a Homeric effort into every-one of their tasks. The night of the dance was an endurance trial no one expected but which everyone passed. DJ's should be thanked for giving up monetary compensation for a good time. Their energy was truly contagious. All of these elements including all of the Massey students who came out to support the UCCP combined to form one of the greatest All-Night Dances. Thank-you everyone.

UCCP VOLUNTEERS

This amazing group of people fed, entertained and became Santa to over one hundred and fifty kids. No small feat. No UCCP write-up could end without a mention of Mr. White and his tireless support of this cause. He is what keeps the show running. Thank-you for making so many kid's Christmases.

Please Excuse the Interruption....

Congratulations to our yearbook class, led by editors Marcie Neuburger, Elizabeth Groen, Alex Telka and Julie Caron, for their dedication, creativity and final product.

Thank you to Mr. Powers for his leadership and commitment to the course.

Yearbooks capsule "a year in the life" of what we are about. They record our successes and our disappointments. They underline our priorities and our commitment to causes by both inclusion and exclusion. This year, as in the past, our yearbook is a celebration of life in our school. I hope everyone shares with me, our collective pride of accomplishment. I am constantly amazed at the diversity, the creativity and the energy of so many Massey students who are devoted to the school and the invaluable reputation it enjoys in our community.

Warwick M. Mercer
Principal

The 2001-2002 school year has been a tremendous success in the classroom, on the playing field, and in our community.

Throughout the school year I had the opportunity to visit and sit in on a number of applied academic and enriched classes from Physics to Spanish. I was impressed by the quality, determination, and creativity of our students as they applied themselves each and every day.

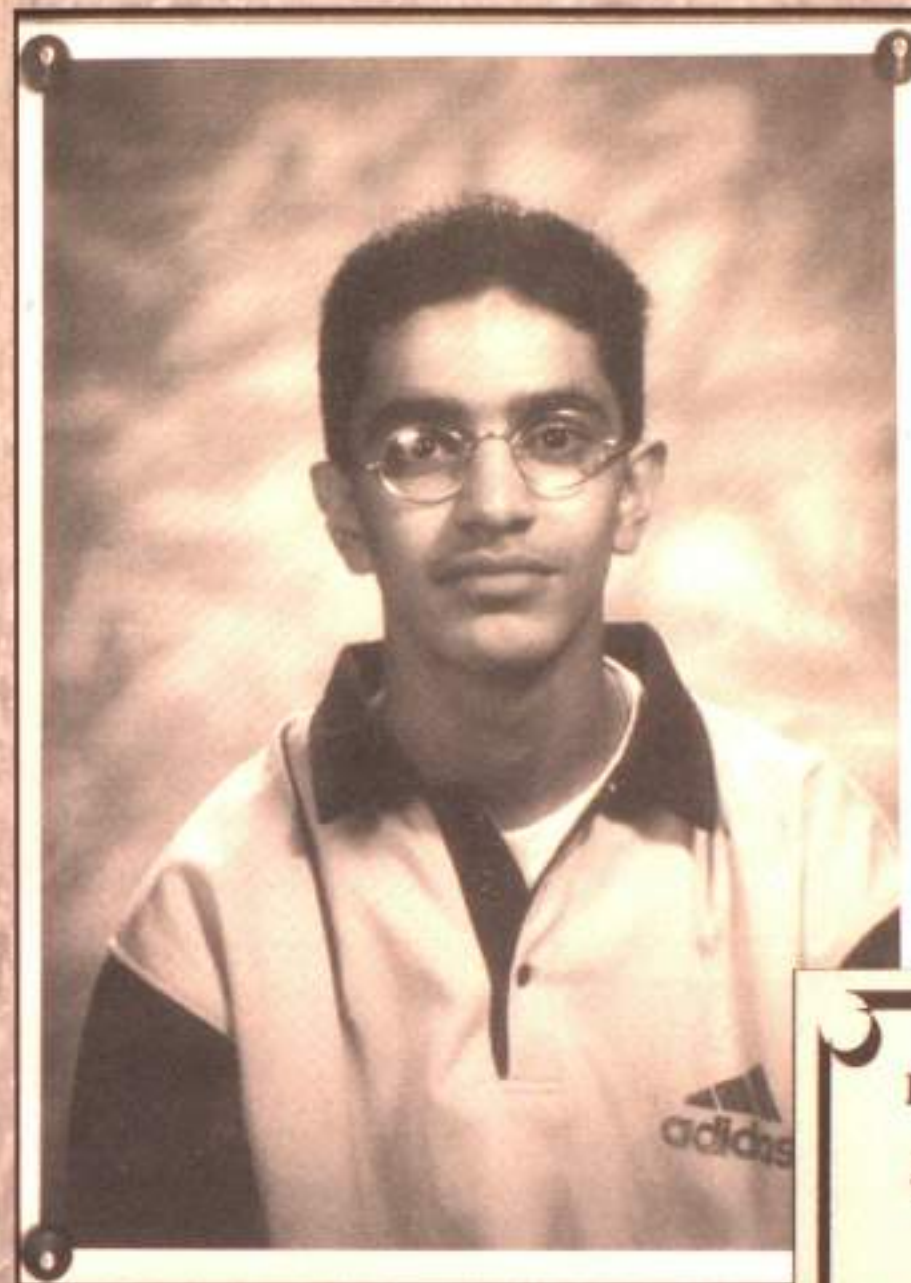

In the arts, our students continued to display their artistic talents locally and abroad. Our Spring Fashion show, theatre production of "A Mid Summer's Night Dream" and our Band trip to Montreal were extremely successful.

In sports, our students continued to excel throughout the year. Some of our highlights include: Cross Country Midget Girls (WECSSAA Champs), Women's Swim Team (OFSAA Bronze Medal; Open Relay), Freshman Boys Basketball (WECSSAA Finalist), Jr. Boys Basketball (SWOSSA "AAA" Champions), Boys Curling (WECSSAA & SWOSSA Finalist), Girls Curling (WECSSAA Finalist), Girls and Boys Badminton (City Champs). Way to go!

We have also been very active in the community. Our involvement with the Underprivileged children's Christmas Party, Easter Seal Telethon and Friends of Oakwood Bush are just some of the ways in which our students gave back to the community. Well done!

Last but certainly not least, I would like to congratulate our graduates on obtaining their Grade 12 Graduation Diploma or OAC Honours Graduation Diploma. Whether your destination is University, College or the world of work, I wish you happiness and success. Remember the lessons learned at Massey and continue with our "Tradition of Excellence".
