## HEADLINES

### A LEGEND LOST

Kobe Bryant and his daughter, Gianna Bryant, are killed in a helicopter crash along with seven others on January 26, 2020. Bryant is widely regarded as a basketball legend for his 20-season career with the Los Angeles Lakers and is the all-time leading scorer in Lakers franchise history.

### FASTEST FINISH

Eliud Kipchoge finishes the Austrian INEOS marathon in 1 hour, 59 minutes and 40.2 seconds. He is the first human in history to run a marathon in under two hours. According to a team of pacemakers who keep up with Kipchoge throughout the ordeal, he runs a pace of 4:33.5 minutes per mile to finish the race ahead of schedule.

### HISTORIC SPACEWALK

Astronauts Christina Koch and Jessica Meir complete the first spacewalk with an all-woman team. This is Koch's fourth space walk and Meir's first. NASA Administrator Jim Bridenstine mentions that NASA's Artemis program is currently working to land the first woman and the next man on the moon in 2024.

### TRUDEAU TRIUMPH

Justin Trudeau is re-elected as Prime Minister in the 2019 Canadian Federal Election. The Liberal Party is elected to a minority government, having lost the majority they won when forming government in 2015.

### NOTRE DAME DESTRUCTION

A mammoth blaze tears through the Notre Dame Cathedral in Paris, nearly destroying the 850-year-old landmark. The church's wooden latticework roof and iconic spire collapse, but many of the valuable cultural treasures avoid damage with some kept safe at the Louvre Museum. French President Emmanuel Macron would like the Notre Dame Cathedral to be rebuilt in five years, but restoration experts believe it could take 10 to 15 years. More than \$700 million is collected in donations for the reconstruction, including \$100,000 from the University of Notre Dame in Indiana.

### GLOBAL FIRES

Massive wildfires rage on two continents: in Brazil's Amazon rainforest and across Australia. This year the Amazon rainforest experiences the highest number of fires since Brazil's National Institute for Space Research began keeping records in 2013, which burn 2.2 million acres. The Australian bushfires primarily affect the state of New South Wales and 12 million acres are burned as of January 2020. New South Wales is home to Australia's most populous city, Sydney.

### LOST CONTINENTS

Douwe van Hinsbergen – a geologist at Utrecht University in the Netherlands – and his colleagues discover a lost continent known as Greater Adria while studying rocks beneath the Mediterranean Sea. Approximately 140 million years ago, Greater Adria and southern Europe collided, burying Greater Adria in the process. Most of the continent sank beneath what is now Italy, Greece and the Baltics. Analysis of ancient rocks suggests that almost all of Earth's earliest continents might have disappeared, leaving traces behind like certain rocks found on the Alps.

### ROYAL RETREAT

The Duke and Duchess of Sussex announce they are stepping down as "senior" working royals. The couple intend to live in Canada approximately half of each year, and pursue charitable works and employment independent of the Crown. Struggles with the media are cited as a contributing factor.

## SPORTS

### PHOTO FINISH

Lawrence Cherono wins the 2019 Boston Marathon in the third-closest finish ever, edging out Lelisa Desisa by two seconds. A review of the photo finish is needed to confirm the winner.

### BACK TO BACK BROOKS

Brooks Koepka is a back-to-back winner of the PGA Championship. This is his fourth major win in 23 months, a milestone only four other golf greats have reached: Ben Hogan, Arnold Palmer, Jack Nicklaus and Tiger Woods. This is the first repeat PGA Championship winner since Tiger Woods in 2007.

### RAPTORS REIGN

The Toronto Raptors defeat the Golden State Warriors 114-110 in the NBA Championship Game. This is the first NBA Championship title in franchise history and the first-ever Canadian win.

### WOMEN'S WORLD CUP

USA defeats the Netherlands 2-0 at the FIFA Women's World Cup. This is the fourth World Cup win for the U.S. Women's Soccer team and their second straight World Cup title. Co-captain Megan Rapinoe and team member Rose Lavelle score the two winning goals.

### VICTORY ON ICE

Team Canada defeats Team Russia 4-3 in the World Junior Hockey Championship in January 2020. Team Canada now holds 18 gold medals, more than any other country.

## SPORTS

### GREY CUP CHAMPIONS

The Winnipeg Blue Bombers claim victory over the Hamilton Tiger-Cats in the 2019 Grey Cup Championship by a score of 33-12. This is the Blue Bombers' first Grey Cup victory since 1990.

### MEN'S SOCCER

While Toronto FC fails to defeat the Seattle Sounders in the 2019 MLS Cup, the Canadian Men's National Team defeats the USA 2-0 in the 4th Concacaf Nations League A match.

### CANADIAN CHAMPION

Bianca Andreescu takes home the 2019 U.S. Open women's singles title defeating Serena Williams in the final match. She is the first Canadian to win a Grand Slam singles title.

### HISTORIC HEIGHTS

Simone Biles wins five gold medals at the 2019 World Championships, more than any gymnast at a single World Championship since 1958. She also earns her 25th career World medal, 19 of which are gold, a total that surpasses any gymnast in history. While winning her sixth U.S. all-around title in Stuttgart, Germany, the 22-year-old gymnast successfully lands two historic gymnastics moves: the double-double dismount off the balance beam and the triple-double on floor. Her landing of the triple-double move on floor is dubbed the Biles II in the FIG Women's Artistic Gymnastics Code of Points. She also has a floor element named the Biles.

### 2019 DAVIS CUP

Canada reaches the final of the Davis Cup for the first time in 2019. Felix Auger-Aliassime and Denis Shapovalov led Canada to victory in the 2015 Junior Davis Cup and come in second in the 2019 Davis Cup final against Spain.

### FORTNITE WORLD CUP

American teenager Kyle Giersdorf, 16, wins \$3 million and takes the top prize at the Fortnite World Cup. The tournament is held at Arthur Ashe Stadium on July 28, 2019 in New York City. Giersdorf is one of at least 100 players competing for \$30 million in total prize money.

## TECH/SCIENCE

### A NEW WAY TO APPLY

McDonald's announces a new initiative it is calling the "Apply Thru," where owners of Amazon Alexa or Google Assistant devices can begin job applications using standard "Alexa" and "Ok Google" voice commands. The company is also investing in ways to automate its self-order kiosk, mobile app and drive-thru experiences.

### CORONAVIRUS CHAOS

An outbreak of a coronavirus first identified in China spreads quickly across the globe. The new coronavirus (officially called COVID-19) causes fever, cough and shortness of breath and is responsible for more than 1,100 deaths in mainland China as of February 2020.

### MINECRAFT COMEBACK

According to Google trends, online searches for *Minecraft* peaked in 2012 and 2013. They have been on a steady decline since until 2019. In September, Google searches for the game boosted to 76% of their all-time high. It surpassed even *Fortnite*, arguably the most popular game in the world in 2018. This family-friendly game has 176 million copies sold as of May 2019, making it the second-highest game ever, under *Tetris*. Many companies choose to advertise on the game, as it is not violent or controversial. Younger audiences have gained interest with well-known YouTube personalities attracting new users and creating a widely popular weekly *Minecraft* tournament series known as "Minecraft Monday."

### FORTNITE FREEZE

Popular online game *Fortnite* goes silent for 36 hours before launching an entirely new experience, dubbed Chapter 2. Epic Games, the creator of *Fortnite*, foreshadows this event through social media, via video trailer and by generating a black hole within the game itself.

### 3D TECHNOLOGY

Scientists from Dresden University of Technology in Germany develop a 3-D bioprinter capable of producing human tissue. Scientists design this technology specifically for future astronauts experiencing low gravity conditions.

### AMAZING ADVANCEMENTS

Two successful experimental treatments are offered to Ebola patients in the Democratic Republic of Congo. Scientists note that 90% of those infected can ultimately be cured with these treatments.
