Niners at Conference with a Wrench

Conference with a Wrench

On the morning of August 28th, armed with pillows and sleeping bags, a bunch of grade nines set out for Massey. It was grade nine conference, "Blend 2000". During the two days, our skill builders kept us busy doing skits and icebreakers. They even got the grade nine guys off of the benches at the dance! The gym was a comfortable place to sleep with fifty girls screaming Destiny's Child all night long. Overall, the conference was a blast. It definitely made the first day of grade nine less stressful. The memories we made will stay with us throughout our high-school years.

-Maria Pontikis

GRADE NINES

"Food products and shaving cream all over the place. What is more fun than that?"
- Tom Pandedla

"I loved having to walk home with shaving cream and oatmeal in my hair!"
- Chelsea

"I would do it all over again!"
- Yasmin

GETTIN' DIRTY

"Grade nine week was so much fun. You got to meet new people, play exciting games and dress up like cross-dressers. The best part was the Crazy Olympics, especially the tug-of-war. Most of the grade nines had the most fun at the Olympics because we didn't have too many restrictions. We got to put shaving cream in other people's hair. In one line, that week was a lot of fun!"

Grad's Remember when...

you couldn't reach the net

you would do anything for free food

you joined clubs just because your friends did

you didn't need votes to win a race

you weren't afraid to look silly

you thought there was a career for you in athletics

you experimented with cannibalism

you typed with one finger

you were M...M... good

you weren't afraid to look silly

you were sweet

you were cool

Scrabbling Through a Final Year

Nahida Abdulkhalek

Memories for a life time, friendships unbreakable and lives molded, that is how I will remember my five incredible years at Massey. Thanks to all my friends for being there for me, especially Surriah (Eyah, rrrrot), and Zeinab (What's up George). I love you both. I want to wish all the grads the best of luck and always remember:
 "Unless you try to do something beyond what you have already mastered you will never grow."

Najwa Abouhassan

"Worry, worry, worry!" is the mostly used verb ever since the existence of life - But why don't we choose other concepts? - Positive ones for example? Yes, let's fill our minds with thoughts of peace, courage, health and hope; for "our life is what our thoughts make it!"

Always look to the future, but never forget the past! -Karaoke
 DT London, crazy club clothes. Girl talks at Timmys, candles in jail eh? Tequila memories-park. What park? Cleveland rides, what was my name? Destinie Jen? What are you a bee? All nites VIP's cab ride with strangers; midnight walks. Hot cars and older guys... These five years flew by, leaving me with unforgettable memories. To my friends-no matter how far apart we are you'll forever be in my heart TE AMO Always-MARY

Janet Baglole

What meant the most to me in life has changed drastically since grade 9. Accepting changes in myself and others has been the hardest thing I've ever had to do. Rachelle you've been there through it all, I don't know what I would do without you. Thank-you to two friends I met 12 years ago and who've stood by me through the good times, bad times and horrible singing. Highschool's been great and although its my time to move on, the memories will stay with me forever.

Russlan Abouhassan

In our society it's generally accepted that knowledge is power and time is money. Using these definitions:

Power=Work/Time
 Knowledge=Work/Money
 Money=Work/Knowledge

Regardless of the work, the less you know the more you make.

Asmaa Al-Akshar

This is my first year at Massey and my last year in high school. I know that the time I had at Massey was special; I had a year which was full of laughter and tears and smiles and cheers, friends and hugs to go sunshine days. I'll try not to cry because it's over, but smile because it happened.

Matt Ball

In grade 9, I said five years was going to be a long time. Five years and countless litres of coke later, I say that was a long time. However, I've had a great time, and owe a lot of it to some people I've shared these years with.

"And I never wore pants again...ugh."

Where do I start? What do I say about Massey? I have been here for one year, but it seems like just yesterday. I am leaving Massey with fond memories. I have learned about life and other people. Thanks to my friends who have helped me through my highschool year. I will always remember you.

Nabil Berchali

Hi. How you doin'? The only thing that I can honestly say I didn't enjoy at Massey was Math. I hate math. Besides that everything was great. I liked all my teachers, and will miss them all very much. I enjoyed all the good times with my friends. Massey volleyball is #1 and one word of advice, life is like a coin. You can spend it anyway you want, but you can only spend it once. And one more word of advice, work hard from grade nine all the way to OAC. I learned the hard way.

Rimi Bhatt

Ah...Rimi's leaving! Massey just won't be the same without you girl! We've grown up together, ever since grade school and now our lives are going to take a parting turn. Best of luck to you! You will always be the wheat cracker to me. But hey I'm just a bleached one. As you move on never forget your times with Lauren, Kirsty, Sima, Sadaf, Shirley.

Good Luck Girl! I love you! -Jess

To all of the graduates that will succeed me, good luck. To all of the Grade nines, I have a few words of wisdom. Never back down from a fight, stay true to your friends, and if you want a really good girlfriend, never act like a jerk in front of any girl. Good luck to all of you. Thanks Massey for four great years.

Mike Breschuk

During my stay at Massey, I've learned a lot about myself and have experienced so much that I find it difficult to sum up in a paragraph. I figured that the best way to do this was by listing some of my best memories and things that I might be remembered for: Fashion Shows, The Breast, NSYNC dances, Bushchuk2K, The "I Ain't A Player Jam" Party Series (Party #3 at my house), Quebec 2000, and turning 18 at SN's. Thanks to all those who made my experiences so great. See you on the big screen.

Stephen Brownhill

High school is like a giant roller coaster with an equal number of ups and downs. To all of you who have made life interesting thanks for the best ride of my life so far...

"I have a journey, sir shortly to go; The world calls me, I must not say no."
-adapted from King Lear

P.S. Sorry for the really bad metaphor but it was the only one that came to mind.

Christine Dilworth

Where do I begin... I've had some fun in the past four years- Carter's, camping in 7h, QUE'99. And then there was Hawaii. S & BL- I'll meet you at our tree. SB- O my God- you're me! So sorry to leave you girls again. NV-Thanks for calling back. I'll never forget you (BLWD'96) JS-Sorry I stole your eyes. MC- Meow? AZ- OOLouciusts KLand Maile-wouldn't have made it without you. Me te Aloha! A & M-for always being there. And I can't tell you how many ways that I've sat and viewed my life today-BM

Trevor S Dinham

Well I guess this is it. It's been one hell of a ride. From the good (V-ball championships) to the bad (semi-formal 2000). It's been great being involved in Massey athletics. To all the guys and gals I've had fun with at parties or on teams, and especially to those who I've grown close to, thank you for the good times. I will never forget all the moments in the gym, after fashion show parties or playing card games and T or D. I won't say goodbye, just this "I'm proud to be a mustang."

Melissa Budimir

There once was a Serb named Melvin. Her hobbies were drinking Vodka, gutting fish, playing with the toy under her bed and fiestas. She got around on her Boblo goose and Italian Stallions. At Melvins you'll find the ALPB in her laundry room. Watch out for bees in your pants, flying beer bottles and oregano. Look out Africa, here she comes! Hishibashy! N+D 4 Life Love The Rat, Arlene and Karl "TorTor just ate a jalapeno pepper. Nobody's talking to each other. I gotta go. Bye!"

Tina Carlini

My five years at Massey have been great. I have learned and experienced many new things that I will never forget. To my friends, thanks for making my highschool years so much fun. It has gone by too fast but by far it has been the best. Good luck in the future and I'll miss you all!

Jason Drouillard

I have great memories of my adventures at Massey. Quebec with Puddle, To and Florida with the boys "yeah we're models" and Cuba with the whole crew.

My experiences throughout high school have taught me that it's alright to make mistakes as long as you can learn and grow from them. The real problems you face in life will blind side you when you least expect them. True friends are not so hard to find and to the valued few you make, hold on to. SEE YA LATER.

Jenny Dudok

What I am is good enough if only I would be it openly. -Carl Rogers
So many great things have happened to me over the past five years at Massey. I'll never forget the fun times I had with all my friends especially EJCWLLBKKKEWMH. Thanks for all the memories guys! I'll never forget cedar point, parties, Tims, LR, prom, swimming and all the laughs and crazy things we did! I love ya and I'll miss you all! Good luck everyone!

Erin Casasola

We never really grow up, we only learn how to behave in public.

I want to thank my family, friends and teachers for making the past five years so memorable.

Caleb Chapman

My five years at Massey were fast and fun. It was full of many experiences: parties (24 hour at SH'S), the DC POSSE! JOB SQUAD, after school at SH'S with DE, KT, SN throwing a rock through the window. March Break '00 with ZW, EL, KB, IS "C.A.I.T.E." Massey football. Thanks to all my friends, u know who you are. I'll never forget JP, NS, I can't even describe how much you have meant to me. You have helped me through so much. Canadian Boy (IS) going to see AS perform. Sign out front. Uh...Bye.

Jessi Dunbar

For four years she filled the halls of Massey with loud laughter and smiles. When she's near there's never a dull moment, from BC to dances to "1 & a half" scoops; and she still get good marks! She's a great friend who puts a smile on your face by songs, good memories and giving that look that tells you she's up to no good! Good luck next year Bianca!

"Life moves pretty fast. If you don't stop and look around once in a while, you could miss it."-Ferris Bueller

Stephanie Durocher

I can't fit all I learned these five years, but here goes...Life will be what we make of it. It is too short for regrets. Worry-useless. Learn from mistakes of others, we don't live long enough to make them all ourselves. Enjoy the moments. Individuals are smart, people are stupid. Matthew 19:26. I'll try not to cry cuz its over, but smile cuz it happened. Thanx and love to my friends, and everyone for touching my life as each of you did, especially MB, AKx2, EJ. I'll always be just a phone call away. Good luck all-Sneezzer.

Devin Coyle

Highschool is finally over! But before I go, there's something I have to say: I hope that people learn to like themselves and not care what arrogant people say or think. Be original and always be yourself. Never think that you are worthless. So get back out on the dance floor of life and get down with your bad self! Anyways, thanks to my friends for helping me when it got rough. Our cruise may have come to shore, but the party doesn't have to end yet. See ya!

Mike Del Duca

The past four years at Massey have been fun. I've met many new people that I will never forget. Brad, Chris B, Missy, Christina, Mitch and Andy, I'll never forget all the good times. But the time has come for me to leave. St.Clair College here I come!

Brian Egan

After five years at Massey I had many unforgettable memories. I will always remember the GQC and the family, 007 Thursdays, getting red, Cuba, my place, and many other things that can't be mentioned. I'd like to thank all my friends especially Dave Paterson for all the good times and memories and for being there for me. I'm not sure what I want to do or where I want to go. It has been really fun but the best is still to come. Good luck to everyone in the future. Peace.

Darrell Etherington

They say that high school is the best time of your life. If that's true, my life is gonna suck. There were some good times though, like the summer of the three G's, too cool KT, the mayor of fleece town and self-pity ville, my girlfriend peanut-head, Ahmad funny-stuff, the gang-war between DC and the DC beaters, lunch at the cool place, Bellewood crew, SN, MP, KT, CC, SH, BH, AS, JR, ZW, BP, JL, IS. I'll miss you guys, but me and Keith will see you at the reunion-DE

April Grainger

If you were to ask April her outlook on her years at Massey, she would say they were long and boring. Also a lot of things that can't be written. I've known April since kindergarten, we've grown close and apart, but through it all the memories stay the same. From partying in Hamilton to drinking in Kingston, and Tara crying on the bathroom floor. We can say 'been there' and 'done that'. As for high school, April we've been there and done that. Now it's over, April would want to say Good Bye to Massey, Rachel, Hailey and Tara. Fest will go on forever. Love you guys. -Val-

Well its been an interesting couple of years at Massey. A lot of good times, a lot of bad times and a lot of memories. I'll never forget the great times I had chillin' with KT and KW, going to CP every night with the whole gang or playing three great years of football with my boys.

These were so many great parties like the ones at KT's and KW hitting his head off a shed at TD's. I'm really going to miss high school.

The time really has gone by quickly these past five years I've been at Massey. I can still remember when I was in grade nine. Graduation was the last thing on my mind. But it's five years later, and here I am. I'll always remember when I had to wake up early to catch my bus, and be the last person to leave school, also due to my bus. My friends were able to make this a great time, and I hope there's more fun ahead. All I have left to say now is thanks Massey. DK 254L

A small figure peeked into the room. "Hi, may I help you?" asked the Massey secretary. The figure clasped her hands behind her back and fluttered her crystal wings. "I just came to say goodbye. Two years just wasn't enough, but they were a great couple while they lasted. I made some really good friends here. The kind that you can't buy...well, you probably could...well, I'm pretty sure that you could...well, you know what I mean. Aside from that I think I'm going to miss high school, that is, if I can leave it through the rest of the year. If I can leave you with any words of advice it would be to never hold back on anything. Meaning, time is precious, don't let something pass you by because you are only going to end up regretting it, sooner or later. Keep it real Massey, keep it real.

Kendal Malewicz

Kendal, highschool has been very hard for us. We both know that. From Quebec '99, Hawaii '97, and Boyne 2000! Those grade school TS +MJ, to AP+RW, Cord-on-the-Rob. Lonely Friday nights with our talks. We Live on Margueritas! Hey are you guys twins? And we must thank Mom + Dad for our car, DBLTRBL2. Too bad it's huge inside! We love you Umair! All these 5 years at Massey were amazing. Can't forget things like GQC vs Devonshire Luna's Basement, Gooty's Trooper, Bilal's 8 o'clock curfew, Total Fitness, Hassan's great mind, Ramiy driving stick, my chest, football team, Par's CRX, tutoring in calculus, PIA vs CIA, Desi Connection, wallet chain Central Park, 4runner, Quebec trip, taking shirt off in front of school pond, a Usman's poutine, Omair's lookalike family, Grade 9 sleepover, Nabil's volleyball, PC in the CT with Mike. Finally there comes a day for hope, when I walk out of Massey's doors for the last time. I want everyone to know I am a proud supporter of the Molson Canadian drinking Team, and Burger King Wish Foundation. But how could I forget Val, the girl with style, you will always be the bomb. To my girl Tata you are one wild chick. So I leave Massey with a few wise words, listen to the Doors and watch Fear and Loathing, but don't let the fear get to you. B.S.

A long time ago I came up with what my grad write-up would be. It involved a Simpson joke. Obviously I have matured at Massey.

It is a strange thing about leaving. It feels like first entering Massey. Not knowing what is coming up next. While Massey determined which University I go to, University will determine the rest of my life. It's a big thing to think about. I guess all good things come to an end

Highschool had some good memories. Things I'll remember most are B.P.'s, parties at my house, CP, Hick's house after school, running from busted BPs, my 9:15 smoke with Cam, our 79 year old bus driver for the Verve concert, Caleb playing GTA at my house for 8 hours, and just hangin out with my friends.

And now I get to golf boo hoo!

Every experience changes you, you discover things about your life, friends and yourself. My experiences taught me that sometimes you have to make the same mistake twice before you learn anything from it, that it's good to have people trust you but it's even better to have someone you can trust, and that you must pay close attention to your friends or else they might slip away (sometimes forever). Thanks for all the memories guys, keep in touch, I'll need you in the future.

Since coming to Massey, I've made a lot of friends, who have provided endless memories I'll look back on for the rest of my life. Thanks and good luck to all my friends; DC, GQC, (and all of those friends in between) 3 G's and JS for making my years here so memorable.

We met as two very different souls so long ago at Roseland, me being shy and perhaps intimidated by such an older girl. My five years here at Massey are finally over and I can't believe it. The time went by incredibly fast, but I was still able to make so many new friends and have so many great times. This year's OAC's will be the last to remember the reign of Dimmick, Bomb Day '96, the "Like this? It's a pen. Like this? It's a weapon." speech, and walk-a-thon. We're leaving the teachers, classmates, and good friends that made our days easier and helped the years fly by. I'll miss all my girls who gave me strength when life went to hell, and the guys who made it a point to keep smiling. <Insert more cheese here>. See you tomorrow.

OH MY GOD! My times here at Massey are done and I can't believe it. I wish that I had more time. More time to think. More time to look and the past and wish it was here again. Throughout my time here, I have seen pain and happiness. Even though some friends come and go in your life, always remember the ones that took your heart, and the ones you gave it to, but never gave it back. Those people you will remember for the rest of your life. I wish I had more time. To all, I thank you and I'LL MISS YOU ALL!

Priya Sharda

Life isn't about keeping score. It's not about your shoes or your hair or the color of your skin or where you live or go to school. In fact, it's not about grades, money, clothes, or colleges that accept you or not. Life is about who you love and who you hurt. It's about how you feel about yourself. Life is about avoiding jealousy, overcoming ignorance, and building confidence. It's about what you say and what you mean. It's about seeing people for who they are and not what they have. Most of all, it's about choosing to use your life to touch someone else's in a way that could never have been achieved otherwise. These choices are what life is about.

Laura Stark

Laura came to Massey in her OAC year. She felt that she could properly finish her highschool education away from the problems with Ecol in her hometown of Walkerton. In the short time that Laura has been here, she has gained many friends and had some good times. She looks forward to prom and graduation and all of the fun she will have. In her limited time here, at Massey, she enjoys spending her time resting in the caf, showing off her "Nice Pear" shirt, and joking with the guys. She thanks everyone for a great year.

Tomorrow is our permanent address and there they'll scarcely find us (if they do we'll move away still further). Thank you to God; I dedicate this achievement to you. To the dear people of Massey, thank you for enriching my stay.

A few are period 9 skits, brest getting hit by mat 5x5-25, CJ, Booyaw, Boys soccer, gunfest, and many more. 4 years is the longest time that I have ever spent at one school and I owe it all to you Massey! Thanks for making these past 4 years the best. Everything from dances to trips to friends. The most precious memories are ones of highschool. Thanks to all of my friends for all the good and rocky times we've had. Trust me, I won't forget the good ones! DS thanks for putting a smile on my face. Well I guess I'm outta here, I luv all of you! Later Days Massey.

In six years my love...

Ricardo O Tate #23

From the first day I decided to attend Massey people told me I was making a bad decision. But now that I'm here it feels like I just moved to a new city; meeting new people and finding new friends like Thomas, Nick, Vinnie and Dan. To all the girls I met this year I'm gonna miss you all, especially Danielle Ball and Christina Dinu. To my brother Darnell Charles, even though I'm gone, we're still a team. Ballers for life! Ricardo Tate and Darnell Charles #23 and #12.

Nick Vassiliou

Memories of my years at Massey were skateboarding with SM, skipping class for Pizza Hut buffet with PW and DK, getting toss throw the thorpy case at school by KB, crashing NBs car, parties at Shell with SW, cruising in the RC mobile, almost killing a family of four with ST, going to the beer store with WL every day, SL you still owe me, partying hard with the groover, CL for always caring, working on cars, with AF. My time here was fun, but I'm gone now. LATER

Adam Vickery

5 years ago, I never would've guessed how it would all burn out for me, must have been the football...

Massey football is #1. 53-45-59-48-62. It doesn't get any better than this. Football... more than a way of life. Franco is the best.

Thanks to CJ for all the rides. Too bad about that time in Ogdenville. Never did fix that. What's wrong with a car with no doors?

Andrea Terpenkas

The truth shall be known to all. The will to accept the truth must be fed, never suspiciously bled. People must never be afraid of their paths chosen by God. In their hearts they see the path so much more clearly than in their eyes. Love is being tested here, not just our families, our whole world. The time has come for us to be on the watch, to know the scent, to recognize, to stand and visualize, to stand and realize.

-Jimi Hendrix

Joey Timko

My last five years at Massey have been a cool experience.

TE, DL, JL, BM, CS, KR, KS, JS, MW, NW, and KZ are the people that made it fun. From the trailer, GMD, the arena, hitting a tree, howard a roommate four times, inferno, the corsica, the jeep, the moju, macs, travelodges, machine shop, bb, it was all cool. I'm gonna miss it, but I've got to move on. Wrestling fan 4 life. HBK! AND THAT'S THE BOTTOM LINE

BECAUSE THE KLIQ SAID SO!

Kelly Wahl

Memories from the past five years. CP, SWA, S+C, WB at SH, HB at JA. Smokin' my head off the FS. Flipin' explorers is sweet. Gr 10 machine shop. The bush. 48 hours of Wahl. Summers at the farm with MM. My baby LS. OFSSA wrestling. KT parties. FB at Vets. Lookout, DE is gonna' snap. Pizza Hut with ZW, UK, ST. Jobb squad 4Life. Chillin' at SH. FU Bestway. Massey Football. Meetin' up at the B with S. EL, we'll go to D one day. To all my boyz, peace out.

The trains coming through.

Sarah Trudell

My five years have been fun, but I can't say that I'm sad to see them end. I've had a lot of fun. Bush parties, countless nights at CP, Kevin's, Linda's. RH: pee puke what? SHUTTLEWORTHS NV: Red light, green light. LW: PEEZER! CM: Mexican town hangovers! SS: You're the best! But as all good things, it must come to an end. I have made a lot of good friends, and memories that I'll take with me forever!

I'M FINALLY OUTTA HERE!!

Keith Turton

I came to highschool as a nerd with no friends, then I found great ones: SH, KW, DL, CC, SN, MP, ZW, AS, BH, MK, IS, all the DC and GQC, and all the CP, SWA boys. We had lots of fun like Quebec, Cuba, stupid parties, bush parties, Spencer's Cancer House, Burke's, Curl's, all the Keithapaloozas, night at CP, night of 15, hockey, football, boozing, stripping at parties, and fashion shows. Special thanks to Sam for being the most important thing to happen to me in highschool.

COMMUNITY LIVING

Community living at Massey is a variety of opportunities, learning experiences and fun for all the students. Work experience has been the most important part of the program for many students. Crystal and Melissa work with pupils at Montessori school. Denise is learning while working at Pet Valu. Peter is a good worker in the cafeteria. An Hoai works at Holland Chemical and Habitat. Kyle has a job at St. Matthew's Church. Lynn and Constantin do recycling. David thinks he should be paid to come to school. Sagal would rather stay home. Jason enjoys being a member of the student council. Jessica is happy and thinks it is great to be in a regular high school with everyone else. Leeann, Tami, and Christina are happy helping Stevan, Khasha, Phat, and Kritsti Anne. Chris and Jonathan enjoy the new routines, eating in the cafeteria and meeting other people. Tina, Ahmed, Patrick, Marianne, Joshua, Barbie, Robin, and Matthew likes basketball, floor hockey, swimming, school dances and the new friends they have made at Massey.

PRINCIPAL'S MESSAGE

Massey is now the largest high school in the system, and by the fall of 2001 will register close to 1500 students including, for the first time, up to 250 grade 7/8 students in a separate elementary program within the school.

This development will necessitate goodwill, compassion and understanding, not to mention accommodation on the part of all Massey stakeholders. The cafeteria, the gyms and the music room will be resources that we can creatively share without upset.

The elementary program, for the most part, will be separate and will not interfere with the operation of our secondary schedule. Staggered beginning and ending times will minimize any further traffic congestion in the hallways.

Our challenge over the course of this year and the next is to find creative solutions to problems that may evolve. I look to student council for leadership and the student body for support. Together, we can make it work.

Over this past year we have been faced with major challenges, from restricted clubs and activities to timetable changes, the implementation of a new curriculum, EQAO testing in math and reading/writing skills, full inclosure on our transcripts and compulsory volunteerism. At Massey we work well in problem solving mode. The honour wall in the main office devoted to Picasso, Davis, Henson, Gandhi, Erhart and Einstein is there for a reason. I believe it represents the free spirit, the enterprise, the creativity, and the ingenuity of our Massey student body. I challenge you to prove me right.

VICE PRINCIPAL'S MESSAGE

Walking through the halls of Massey, speaking to students in the cafeteria and visiting classrooms will give a strong impression of the vibrant life that is a part of our high school. And that life at Massey is alive and well.

Changes in education abound these days, ranging from the EQAO Literacy test for Grade 10 students to preparation for the Grade 7 and 8's coming to Massey for the first time in September 2001. We are now finishing the second year of new course implementation leading to the new four year diploma and are experiencing the sweeping changes to course codes and course descriptions as we head towards year three.

Student activities continue in a somewhat diminished capacity, but are still available to enrich our lives. Some of these include a trip to Stratford, Chekov's Double Take, a French trip to St. Donat, a band trip in May, tremendous involvement and success in Mathematics Competitions, a wonderful series of noon hour activities paralleling the *Survivor* reality TV series and the hypnotist *Casey St. Jones*.

Teams in football, volleyball, swimming, basketball and many others distinguished themselves on the courts and playing fields.

To the graduates of 2001, use the lessons that you have learned to realize a career rich in experiences and opportunities. Make sure you do not lose touch with all of the friends that you have made. Come back to see your teachers and let us know how you are doing.

The night before UCCP, all through the school, Santa's little helpers dreamed of the coming festive yule.

They cheerfully woke to the dawning sun. Some hurried off to gather the eager children. Others set to work finishing the preparations from the weeks before.

The children arrived with their hosts and hostesses, heading first to their designated room for a briefing.

When everything was ready, the real fun began. There were arts and crafts...

Sing along...

The extensive obstacle course...

Reindeer games...

And the ever popular cookie decoration!

BLOOD

The Vincent Massey students' blood drive was held on December 13th. Thirty-eight students volunteered to make a difference and donate their blood. This was a first time experience for twenty-six of the students.

We're briefed

Eager to go

After viewing a video, the students passed through the thorough screening process. Then they turned themselves over to the capable team of nurses and aids. The actual donation process is somewhat discomfoting, yet thirty-five Massey students filled the collection bags.

We exceeded our target of thirty units. Many thanks to those volunteers who gave blood and will become life long donors.

Thank you Mr Scorrar for all your hard work, and best wishes for next year.

MAPLE LEAF DAY

Below: Mr. Scarrar and Lisa Charron display their pride for their favourite team. The event united teachers and students in a schoolwide demonstration of appreciation.

Above: Mr. Nanson sports a Toronto Maple Leaf jersey in support of his favourite hockey team, the Toronto Maple Leafs. He was the organizer of the celebration.

December 6th marked Massey's celebration of our national passion and its ultimate team. Of course, we are referring to hockey and the Toronto Maple Leafs.

Yes, it was our annual Maple Leaf Appreciation Day. Multitudes of Massey students wore their finest Maple Leaf apparel or at least blue and white (a few unenlightened people were spotted wearing red and white, but this failed to dampen our enthusiasm).

The celebration opened with an overture of popular hockey tunes, followed by the singing of our patriotic song, "The Maple Leaf Forever," sung by Canada's songbird, Anne Murray.

A group photo was taken and since Leaf fans are open-minded and forgiving, we invited Wing fans to join in for the picture.

The Leafs' visit to Joe Louis - the climax of this tradition, resulted in a 3-0 decision for the Leafs, a perfect ending to a perfect day. We all went to sleep secure in our knowledge that the Leafs rule.

SWIMMING

Our team this year was different from all the other teams in the city. We were completely sponsored by parents, not teachers. Due to this, we were one of the last teams to start practicing. We came a long way. At WECSSA we placed 5th overall out of 15 schools. Our senior girls placed 6th, our senior boys placed 5th and our junior girls team placed 4th. Vera Semenova and Andrew Cheung both won 2 golds each and Samantha Hope received a bronze and a silver. We also had 10 OFSAA qualifiers. Considering we started so late in the season, these are amazing results.

We would like to thank our coach, Jen Lachine, for her hard work and dedication; Mme. Kaufman for her support at swim meets and Mr. Hope for organizing the pool contract that allowed us to have a team.

We have a lot of potential on this team, good luck next year. Good luck in the future to the swimmers that are leaving us. --Captains Sam and Jen D.

MASSEY FOOTBALL RULES!!

The Mustang Football Team enjoyed its most successful season in many years. From the very first practice, the coaching staff knew the team was loaded with talent, and it was just a matter of the team learning new systems.

Everything seemed great in practice and in the one preseason game, but the regular season opener against the Kennedy Clippers began with disaster. With only two minutes gone in the second quarter, the Mustangs were down 27-0. Then the Mustangs realized they could play. They engineered the best high school comeback (I've) ever seen to win the game 35-30. The season was a great success. The Mustangs made it to the championship, but lost to a strong General Amherst team. Several players were named to the Conference All-Star Team: Thomas Whitfield, TB; Zack Willick, LB; Liam Wahl, FB; Mike Wojtowicz, OT; and Dan Liliac, DB. Thomas Whitfield was also the unanimous selection for League MVP.

The coaches would like to thank all the players for their dedication and effort this year. We can't wait for next September...

This year's wrestling team was a muscular one, even though it was only our 2nd year. We participated in a strong Windsor/Essex county conference.

CONCERT BAND

Massey's Concert Band and Wind Ensemble have both had an amazing year. There was avid participation in both groups, especially in the jr. grade levels.

Both groups performed at ChiliFest hosted by IMPAC in Massey's cafeteria. The performance was a huge success.

After much fundraising; selling Mr. Big and Caramilk bars, BINGOs etc. the Band and Wind Ensemble united to compete in Chicago. The trip was filled with wonderful experiences and memories.

Thanks to Mr. D'Amico for his hard work and dedication.

This year's Environment Club has formed a partnership with the Friends of Oakwood Bush Club. This union has benefited both clubs. The Environment Club is involved in helping out with many of the Oakwood Bush projects such as the Fashion Show. We also have individual projects that we hope will be successful such as Pitch-In Day, Turkey Creek clean-ups and gardening projects.

Special thanks goes out to all the students who helped out with any activities or attended any meetings. Thank you to Mr. Nanson who took on the challenge of a second club. As a club we hope to continue these traditions in the future and start new ones.

This year's helpers proved their worth with re-organization and the introduction of the new Massey circulation software. With the help of Nancy Landale, we completed the linking of the remainder of the books and now we are up and running. The helpers are continually making the Massey Library a tidy and organized environment.

Paws... for a Cause!

The Paws for a Cause program was introduced to Windsor in 1990. Through the fundraising efforts of Family Studies students throughout the city, it has been possible to supply the Police with hundreds of teddy bears each year. A pair of our bears ride in every police vehicle and they are offered to children involved in traumatic situations. The children keep our bears as a continuing source of comfort once the situation is over.

"Paws for a Cause!" is a community project initiated by the Family Studies students of The Greater Essex County District School Board in support of the Windsor Police Service and the Perinatal Bereavement Units to provide teddy bears in a time of crisis.

Well Mustangs, another year gone. As I look back on the year, I can think of all the times that made my last year a great one. Massey's annual grade nine conference, grade nine welcome week, our annual Beach Dance, the hypnotist show, all the activity weeks, and SURVIVOR were all huge successes. There was also our awesome Fashion Show, that almost wasn't. Of course, none of these events were just thrown together at the last minute, okay some were, but for the most part there were students hard at work behind the scenes. I want to thank all of the 29 Student Council members who put forth their best on many different occasions, endured my meetings, and the gavel. I especially want to thank my executive for all the work they did. I must also thank Mr. Mercer for his support, Mr. Eberwein, and all the teachers who helped me throughout the year, especially Mrs. Beneteau, because without your support Mrs. B. none of the events would have taken place.

Over the years I have seen Massey students endure some tough times. Teacher strikes, work to rule, and countless other problems, all I can say is that Massey students sailed through it all. The Mustang spirit has been on the rise ever since I've been here, and it will only increase in the future. Student Council may have provided the events, but it was the Massey student body who made them a success. So I thank the Massey student body for showing your spirit and making my job somewhat easy. Keep the spirit up Mustangs. It's been a blast!

The Massey chess team had an extremely successful year. Three gold medals in city-wide tournaments were captured by Feng Tian, Joey McQueen and Julie Feng.

Shen-jun Xu was invited along with the three medalists to the Canadian Chess Open in the spring.

Mr. Tran sponsored the club for the first time and hopes to be involved again next year, pending continued student interest.

Every lunch hour, Mr. Tran's math room was transformed into a battlefield. The most gallant knights of Massey, such as Chris Connell (left) and Landon Hang (right) squared off.

The attack of the white knights!
The Massey chess team dominated their opponents with cunning strategy and relentless patience. The 'Stangs were always one stride ahead of the baffled opposition.

From left: John Bussey, Jason Hebert, Wissam Bishara, Yu Li, Karl Blass, Matt Vyskocil. Intent on challenging their intellects, Massey's chess players engaged in a plethora of matches during the year.

World Affairs

The 2001 World Affairs Club has had a remarkable year. With more members than ever before we were able to hold larger discussions and organize more volunteers.

The year started off with the Ten Thousand Villages sale at Glenwood Church. We had many helpers, without whom the sale would not have been possible.

In December we arranged to make shoeboxes for the needy. Then we worked toward raising funds for victims of the Indian Earthquake. With the help of our ever-caring Massey students we were able to raise almost \$400.00. The money went to help the Red Cross in their relief efforts.

Last year we began our sponsor child program with a boy from Niger, named Himadou. We are happy to report that with our help, Himadou is doing great.

In this year's 30 hour famine we were able to raise a considerable amount of money that will be used to help famine victims world wide.

Overall, this year has been an overwhelming success. I personally could not be more proud of the work of this club during my five years of involvement. Lastly, our success could not have been possible without the tireless efforts of our sponsor teacher, Mrs. Caldwell.
