Administration

What is your basic philosophy about teaching?

"My basic philosophy is that all students should learn to the best of their ability and that we as teachers and parents are here to ensure that students identify their goals and work towards them with the highest potential. I believe that we have a benefit in our diverse society to understand and relate to global issues and to work, as students, through education in making our environment a better place to be."

Elver Peruzzo, Principal

What are your goals for Massey?

"My goals are to create an environment where students can achieve academic success."

To all my friends who have stuck by me, you know who you are and you'll not be forgotten. Thank you for all the great times! Darryl, thank you so much for your neverending support and understanding. You always know how to bring a smile to my face. I love you so much! Special thanks to Ms. Zeiba, Mr. Bonk, Ms. Dagg and Mrs. Morton for inspiring me, guiding me and helping me work to attain my full potential. From Hey Mister on the Russ Bus to Massey Basketball. There have been Marguerite shopping trips, failed math tests, late nights, long talks, truth or dare, French videos, no your mom, old sport, and prom two years in a row. I wouldn't change a thing. "See you later, sweetie!"

Billy Panagiotopoulos

Whats up everybody. Greek Here. Shoutouts go to all my friends, couldn't have done it without you. VP, KT, JE, JK, MG, RC, RJ (Caf Lunch Crew). Gr. 12 Stang Hockey with the Great Forbsey. Robey you up for some mac and cheese? Wow, so many more insiders I could go on forever. Thanks to all the teachers, hockey buddies, girls and family who have been there for me all my life, Thank you I love you all! I will forever be remembered as the Greekest of the Greeks! 100% Greekstyle is how I've always lived, and how I will continue to live. To all my fellow Stangs. Good luck in your future endeavors. Finally I leave you with this thought I've come up with: "Never let ANYTHING or ANYONE get in the pathway of your dreams. Overcome all barriers to reach it, so you can finally feel that one thing it was all for.... THE GLORY" - Billy Panagiotopoulos. #55 Stang Puck Cap *If Gods Not Greek, Whys the Sky Blue and White?*

Fantastic - the one word that describes my four years at Massey. From academics to athletics, I've done it all. I'd like to thank my family, my teachers and my friends for helping me throughout the years!

"When nothing seems to help, I go look at a stonecutter hammering away at his rock perhaps a hundred times without as much as a crack showing in it. Yet at the hundred and first blow it will split in two and I know it was not that blow that did it, but all that had gone before." - J.Riis

Sean Locke

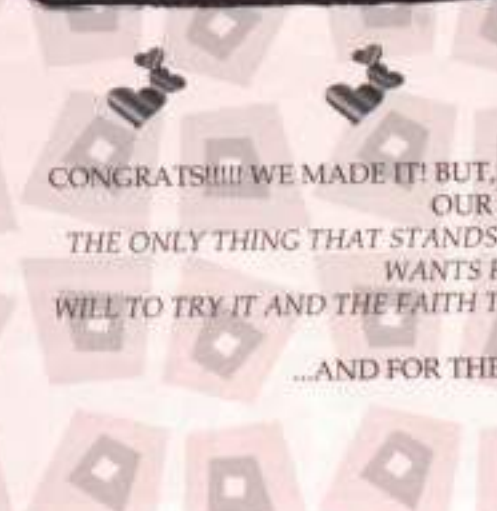

These are my final words-Ya get what ya get, give her your all, and you won't be disappointed I promise-As I leave this place I call Massey & start on a journey I call life. CONGRATS!!!! WE MADE IT! BUT, THE BIGGEST QUESTION TO ASK OUR SELVES IS: DOES SCOTTY KNOW? THE ONLY THING THAT STANDS BETWEEN A MAN AND WHAT HE WANTS FROM LIFE IS OFTEN MERELY THE WILL TO TRY IT AND THE FAITH TO BELIEVE THAT IT IS POSSIBLE. - R.M.DeVOS ...AND FOR THE RECORD, YES SCOTTY KNOWS!

Sheeva Nakhaie

Kevin Gervais

Graduation isn't gradual. In fact it's quite abrupt, a sudden shock. It's more like rushing towards a waterfall: One moment we're afloat, and then we're not. And then the moments past, and we're the same. Everyone is smiling, sunny bright. Someone kisses us and calls our name, and then we think, well, everything is all right. But life is like that: things get smashed inside, and we don't even know it. Foolishly, we think we're in it only for the ride, yet mourn for all that can no longer be.

Rema Farran

IT'S OVER! I guess I want to say thanx to all u guys 4 being there 4 me. From everyone I met here: MN, AP, LF, TV, KR... Meaghan Biddle

What thoughts I have of you tonight, Ting-Ting, for you have given me the healing power of Taro and I am loath to return it. Friday nights in the tank with headlights scraping and poles emerging ominously from the shadows of a cul-de-sac. Victoria and Lady Mac-beth, four-door houses and lawn jockies bobbing in the dark of putrid water; I will never forget you! Even after I have danced among sky trees and swam in a sea of rum through persecution and coke cars, gasping for breath on a naugahide shore. The song of clown-car horns call me, I am coming and won't be long.

Devin Weldon

Who knew time could go so fast... if I were to say one thing about my years at Massey it would be good times. Those good times were made by all my friends, you guys/girls know who you are... there were also those great times like Bush parties, Council, GB 04'05', Fashion shows, & Cancun 05'. If I've learned anything from Massey it would be: you have to cherish your friends, work hard and Get'R'Done!

"Life moves pretty fast. If you don't stop and look around once in a while, you could miss it."

Dear Mr. Vernon, we accept the fact that we had to sacrifice a whole
 Saturday in detention for whatever it is we did wrong, but we think
 you're crazy for making us write an essay telling you who we think we
 are. You see us as you want to see us, in the simplest terms, in the most
 convenient definitions. But what we found out, is that each one of us is a
 brain, and an athlete, and a basket case, a princess, and a criminal.
 Does that answer your question?
 Sincerely yours, The Breakfast Club.

10. A 100 kg satellite in a circular orbit 200 km from the Earth's surface. Calculate the gravitational force on the satellite and the satellite's orbital speed.

Given: $m = 100 \text{ kg}$, $r = 200 \text{ km} = 2.0 \times 10^5 \text{ m}$

Formula: $F_g = \frac{GMm}{r^2}$ and $F_c = \frac{mv^2}{r}$

Since $F_g = F_c$, $\frac{GMm}{r^2} = \frac{mv^2}{r}$

$\Rightarrow v = \sqrt{\frac{GM}{r}}$

Substituting values: $v = \sqrt{\frac{6.67 \times 10^{-11} \times 5.97 \times 10^{24}}{2.0 \times 10^5}} = 1.78 \times 10^3 \text{ m/s}$

Gravitational force: $F_g = \frac{6.67 \times 10^{-11} \times 100 \times 5.97 \times 10^{24}}{(2.0 \times 10^5)^2} = 1.96 \times 10^3 \text{ N}$

Retro Revival
a flashback to the 80's....

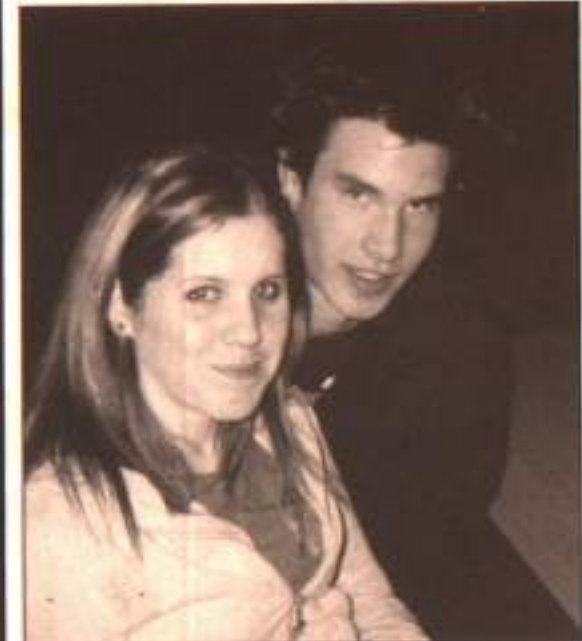

And a flashback it was! From the hair and make up, to the old school sounds of the 1980's. Junior and senior students alike strutted their stuff down the runway of this year's show that took place May 4th, 5th, and 6th. Through the power failures to blown fuses, we rocked a packed house every night. Even when the lights went down, the show went on! With our dancers that had everyone groovin' in their seats, to our commentators that took us WAY back (to the times of Cyndi Lauper and Wayne's World), to our M/C that got us kickin' back and wrapped us up, to our incredible models who flipped, boogied and just looked plain marvelous in their fabulous clothing!

After months of hard work, it all came down to three nights of pure entertaining fun. Thank you to all who participated, including our incredible art committee, technical support, Mr. D'Amico who helped put all of our technical equipment together, including ALL the lights, and Massey's very own fashion designer, Vanessa Hughes.

Looking forward to next year!

UCCP

It was another successful year for the UCCP! We were able to raise thousands of dollars thanks to all who supported the *All Night Dance* and the UCCP bake sale. With the donation money we were able to buy so much food that we even had to deliver the leftovers to the homeless shelter. All the volunteers had a lot of fun helping out and playing with the children. Nobody felt left out that day! Fun day! Big thanks to Ms. Dagg and Dr. White for putting in time and patience to work with all the volunteers. Even though there were some troubles in the beginning, your guidance let us get through everything.

REACH FOR THE TOP

Rafik Chakiri, David Qian, Laura Southcott, Chris Oliver, Derrick Tam, Michael Shelley, Emily Wunder, Eric Brown, Martina Kovecevic
Coaches: Mr. Greg "Glarry" Levack and Mr. Jim Boland aka Dr. Feelgood

For Massey's Reach for the Top Team, 2005 was an outstanding year. The team was particularly strong, its collective knowledge covering a myriad of topics. The team breezed through the city-wide games and went into the Provincial Championships held in Scarborough as the undefeated city champs. The provincial games began on May 14th. Massey competed against teams from across Ontario, hoping to earn a spot as one of the top ten teams who advance to the televised rounds. The team surpassed its goal and came out with the second highest score overall, undefeated yet again. Moving on into the televised rounds, the team suffered its first defeat of the season. However, having earned the highest score of all losing teams, Massey was chosen to be the wildcard team and proceeded on to the next round, where they were dealt a second defeat but were again named the wildcard. In the next round, the semifinals, Massey was defeated for the third and final time this season, by last year's Provincial Champions, ending the season as the third best trivia team in Ontario. Congratulations reachmates on setting a new standard on triviality.

Ellen Mia - The one and only...

The yearbook project is always a creative and organizational challenge. This year's creative team came up with some great ideas. Unfortunately, they were all too far off the wall for anyone from earth to appreciate. Trevor's robot idea has survived to some extent. The unique designs of Ellen and Stephanie are everywhere. I hope everyone appreciates the hard work and dedication this crew gave this year so that you the students could have a piece of Massey with you forever.

SWIMMING

Boys Baseball

For these guys the goal was obvious
The playoffs were a must
For Pecnik, Patel and Robitaille
It was "Championship or Bust!"

Pitman's pitching was impressive
With Sprague it was the same
And Halliday was so steady
He could pitch in any game

Bannon played infield/outfield
Morrison played third
With Bauer batting Number 2
"Steady" was the word.
Maynard played the field
Blackshaw mainly caught
Alexander brought pain to opposing teams
(Did I mention he brought it a lot?)

Ruan flashed a quick bat
Ableser pitched quite well
Gutsy scored on a suicide squeeze
And Guiley's glove was swell.

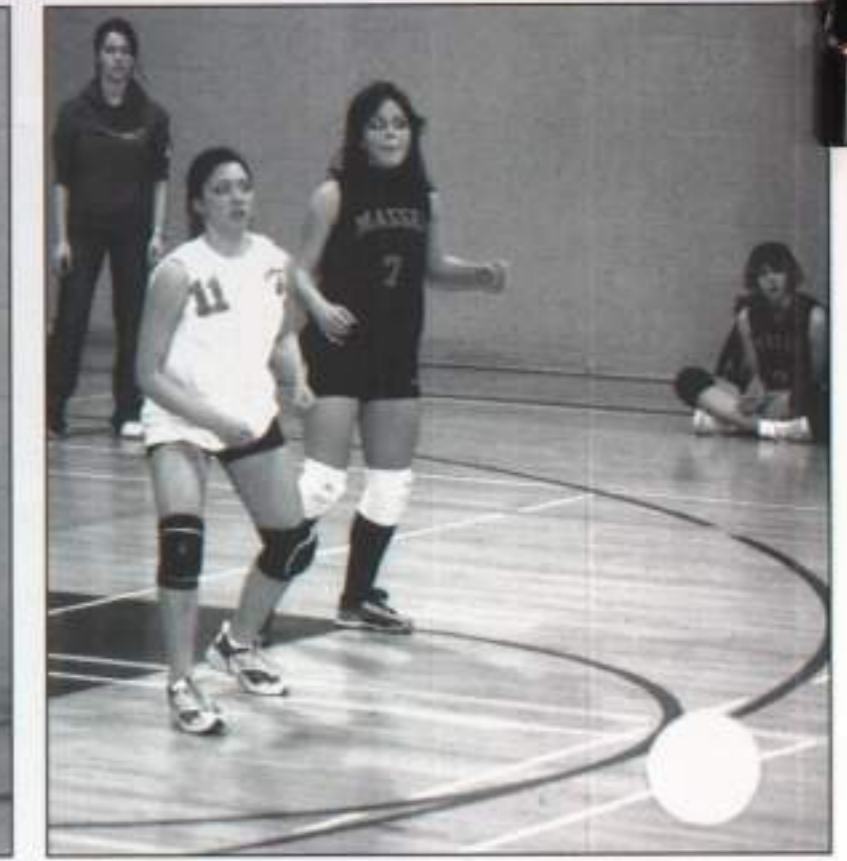

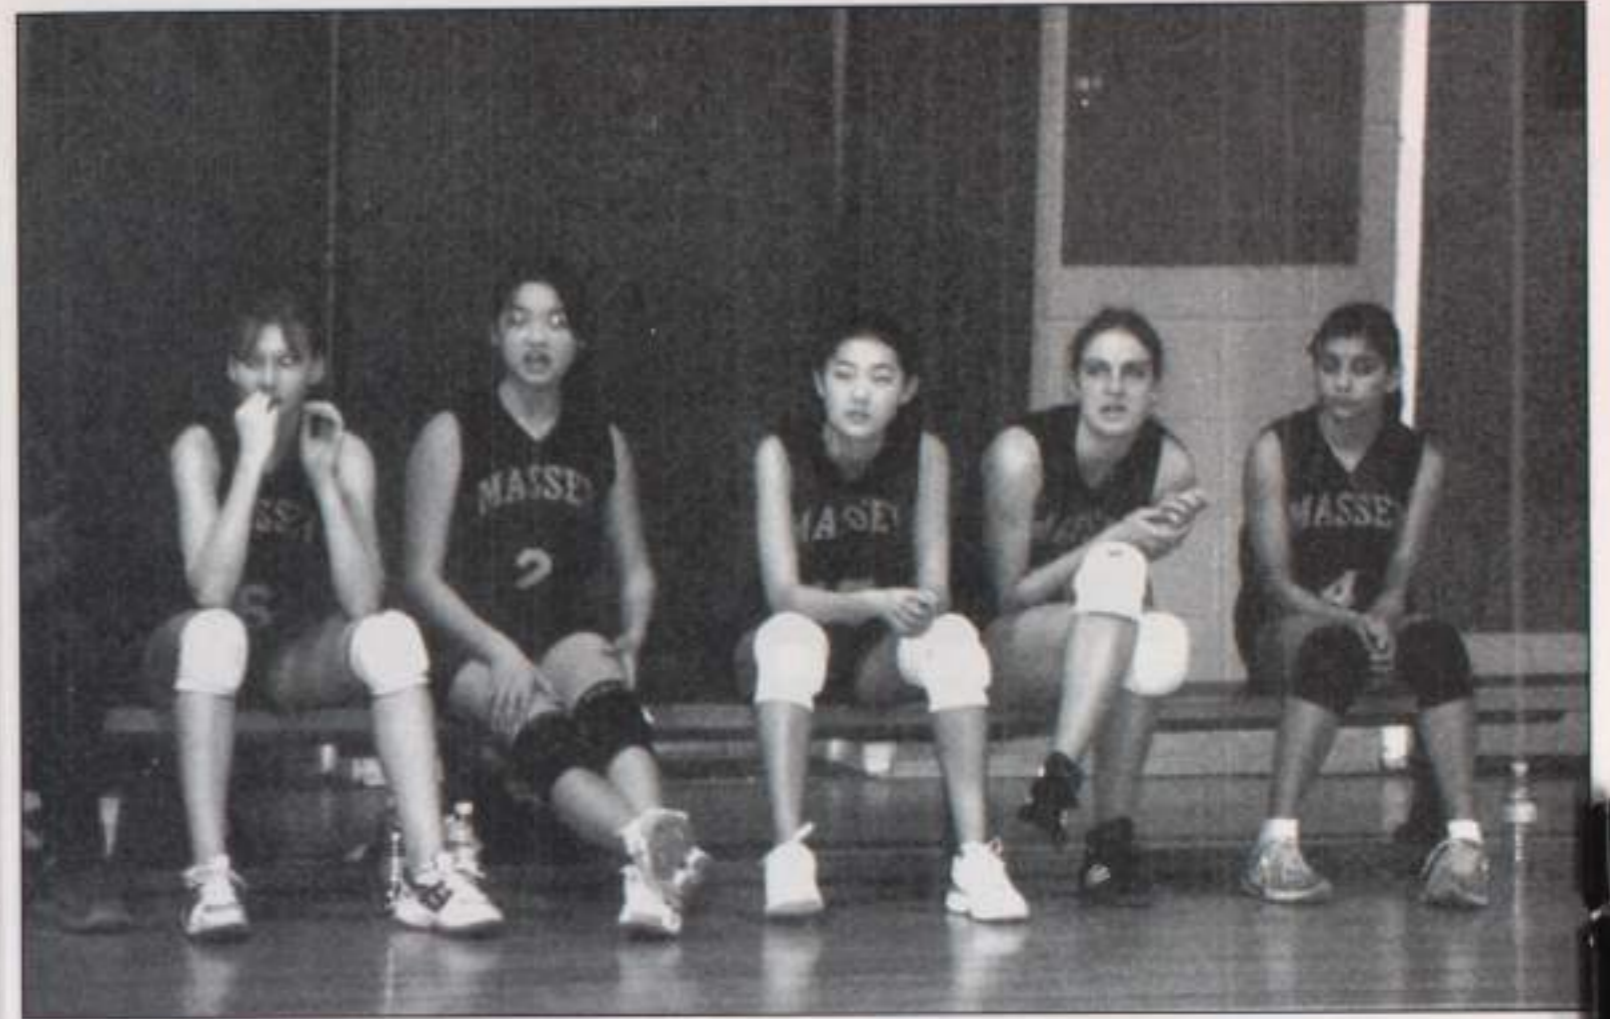

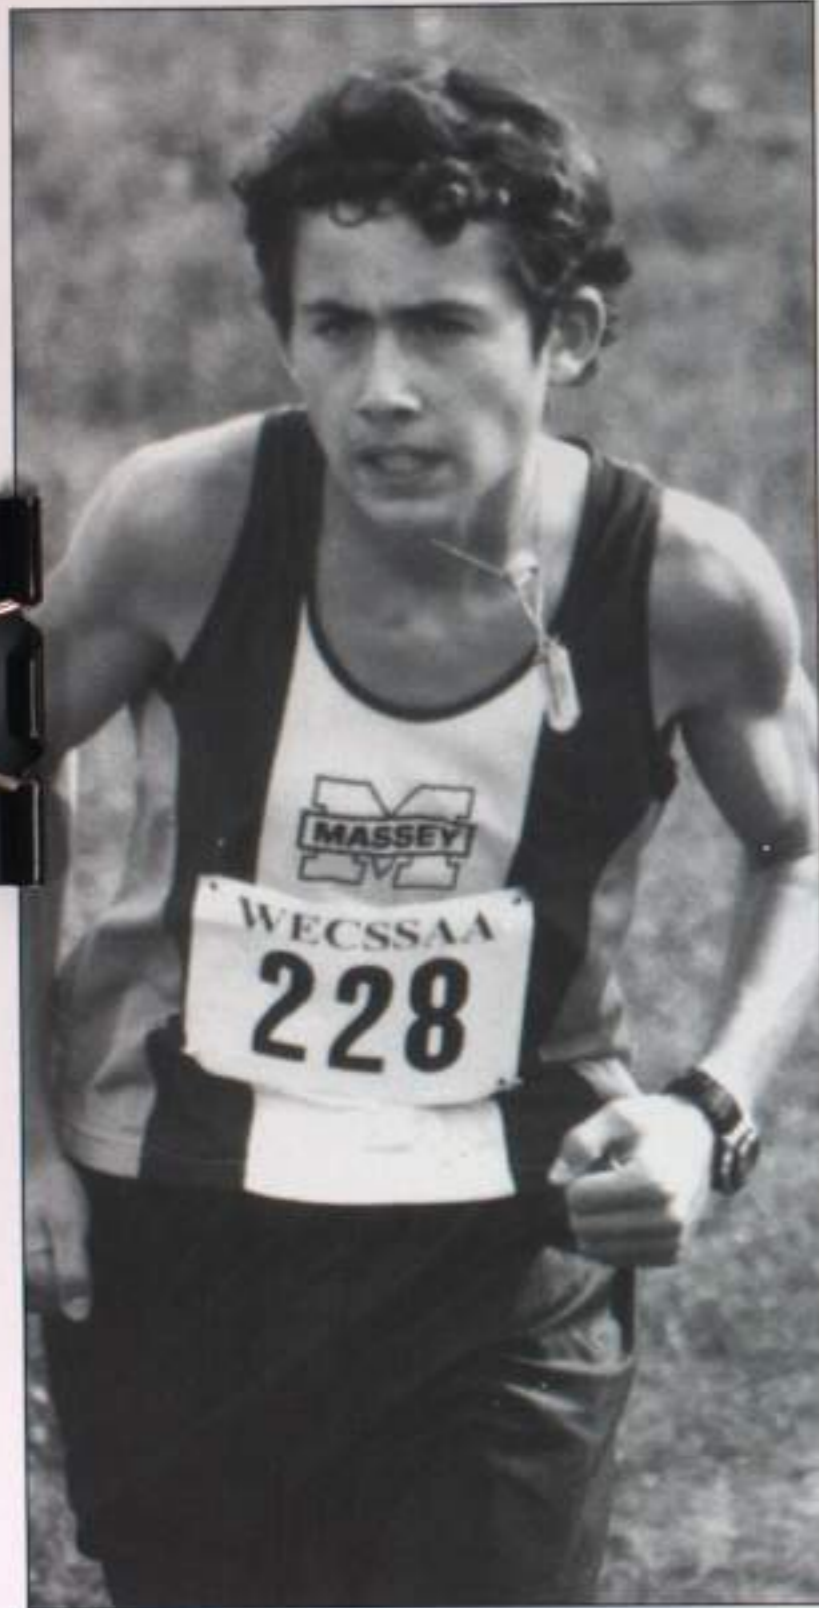

They got into the playoffs
And met the Brennan nine
But then they lost, our Mustang lads
But they had served their school fine
