Administration

Mr Reid Mr.Ash Ms. DesJardins

The 2014-2015 school year has brought the Massey Mustangs much pride and success. Massey Mustangs witnessed the great achievements of our athletic teams, clubs, academics and in-school spirit. This year ended with the newest and possibly greatest Massey fundraiser ever, where our Mustangs partnered with Dr. Kadri, and the Care for Kidneys Foundation, to raise money for local kidney disease treatments, and to generate funds for a renewed Mustang athletic field.

The fundraiser kicked off with the Dunks for Dialysis basketball game in which Massey Mustangs past and present played local doctors and concluded with a golf tournament held at Sutton Creek. The event promises to be an on-going success and has created scholarships that will benefit Mustangs for years to come. Way to go Massey!

To all graduating students, we wish you success in your future studies. To the staff that have left Massey, we wish you well in your new placements, and know that you will be remembered for making Massey a better place to grow and learn.

We look forward to another great year with all of our returning students in 2015-2016. We are excited to meet our newest Massey staff and students next year. We are sure you will have a positive experience at Massey as you discover our diversity, our desire to learn, and our drive to succeed in all that we do.

Massey Administration

Ms. Desjardins and Mr. Reid, Vice Principals

Mr. Ash, Principal

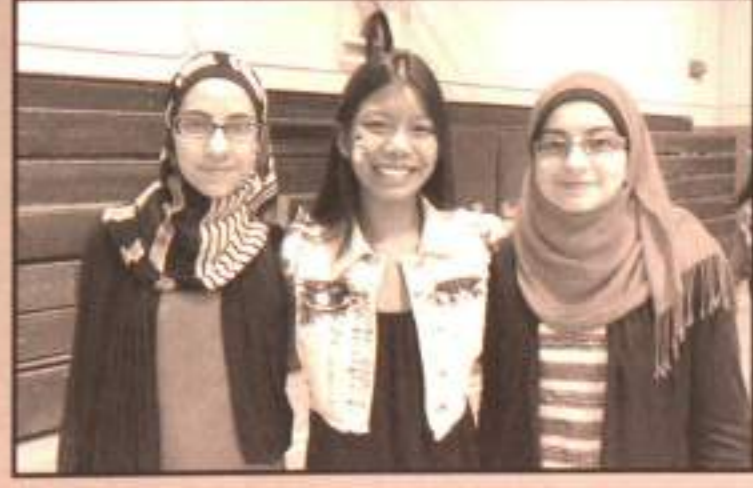

Life at Massey

What is Massey's Favourite...

Movie

- 1st place- Big Hero 6
- 2nd place- The Interview

2015 vmsss Valedictorian Speech

Good evening ladies and gentlemen, family, friends and my fellow graduates. Today is the day I stand before you and can proudly say, mama we made it. We finally did it.

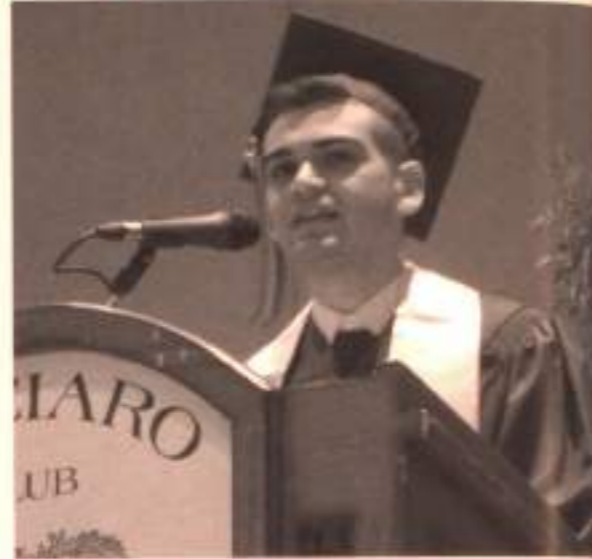

After hours of staring at a blank screen it eventually hit me, we're finally graduating. It's such a bittersweet moment we've all been waiting for. Look around you; the people you met in grade 9 are not the people beside you today. It's remarkable; we all began high school as minors, but today we are leaving as adults. I didn't believe people when they said 'savour it, high school goes by fast', but it seems like it was only yesterday that we all nervously shuffled our way into the cafeteria trying to find a table to sit at. At this significant moment, we can't help looking back. Most of us were nervous, anxious, and scared. As we first walked through the orange and blue hallways as juniors, we had no idea what we were in for. Somebody forgot to tell us about the frustrations that we would experience as we fought with our lock combinations, tried to navigate ourselves to our next class, and attempted to figure out if we actually had a third floor within the school. We can definitely say that our junior high school experience wasn't as glamorous as the movies.

We are no longer those anxious juniors. We're adults now, who stand here today prepared to move along in the world whether it's to university, college or join a work force. With all of our good or bad experiences within high school, our final year within Massey has been the year of "lasts." The last day of high school, last Prom, last gathering around the cafeteria table, last laughs, the last time people will refer to us as Math-letes, the last time we get a call saying 'A student in your household', and the last time we'll walk through the doors of Vincent Massey as high school students. We are filled with a wide range of emotions, expectations, and plans. It is our final hour to spend time looking back on our Pep Rallies, Spirit Weeks, All Night Dances, Children Christmas Party, Field Trips, Talent Shows, Classy Massey, and of course our Grad Picnic. As we reflect upon the positive aspects of our high school, it is important to recognize the negative ones as well. We definitely won't miss the smelly hallways, the long cafeteria line, the library (where we weren't allowed to breathe), the horrible Wi-Fi connection, the "amazing" valet parking lot, the late night studying which I like to call Late Night Crying and the occasional bomb threats. As seniors leaving Massey, it has been left to us to make plans and decisions about the new adventures that lie ahead. They will ultimately help us discover who we want to be, and what we want to do with the rest of our lives. Massey has become a second home to all of us, one that has accepted our difference and made us one giant family.

Not only is family important, it becomes more and more apparent how much our friendships mean. It's going to be remarkable to think about the years of memories that we've collected with each other in a single building. Although our time at Massey has come to an end, let us not forget the incredible moments that we've shared with each other. Think about all the friends who have given advice, helped you with breakups, had late night conversations with, asked us for our advice then did the opposite, covered your back because you did something you weren't suppose to, and told you how crappy you looked the next day. Our friends are our honest critics and our biggest supporters. Always remember that if you find yourself in the presence of people who truly make you a better person, hold on to them. Surround yourself with friends who will only lift you higher. Our friends have taught us how to care, love, and laugh with each other. It's true that we're taking our own different paths after turning in our graduation gowns and accepting our diplomas, but no matter where we go and whatever we do; we will always be friends.

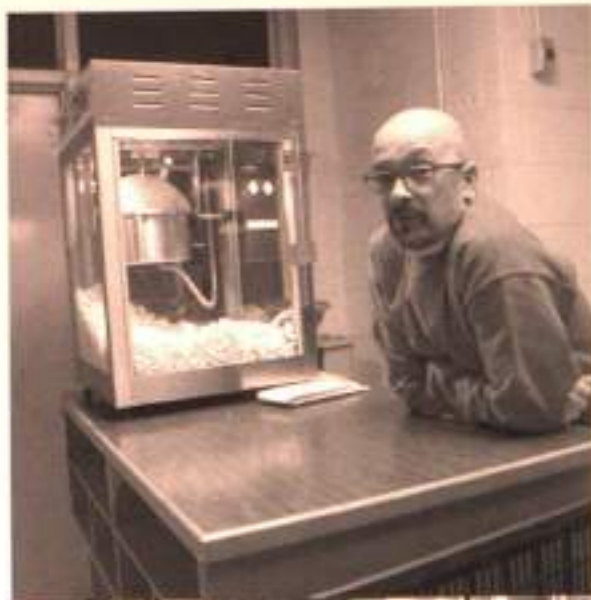

And of course, we cannot forget to mention our beloved teachers who thoughtfully shared their knowledge with us. They took the time to explain assignments over and over again because, let's be honest; half of us weren't listening the first time. They pushed us to our limits and always challenged us to do our best. They allowed us to come to your classroom after school for additional help when you could have gone home to spend time with your family. We deeply appreciate you kicking our butts when we got extremely lazy. I apologize to all teachers who had to endure the awkwardness of a student calling you Mom or Dad. And to our parents, not enough words on this paper can describe the amount of love and appreciation you deserve. You were at each milestone with us, and supported us when times got tough. Thank you for giving us the support that we needed to build a dream to chase after and for believing that we have the talent to reach our goals. To both of you, Moms and Dads, thank you for showing us true love in its rarest form. Administration, guidance counsellors, secretary, custodians, and lunchroom supervisors, we cherish all of your hard work.

As we gather here for the last time, we accept that we are moving on with our lives. I know it feels like we're saying goodbye, but we will carry a piece of each other into everything that we do next to remind us of who we are. Take a moment to look back and to see, and appreciate just how far we all have come. Today is our opportunity to acknowledge our accomplishment. From this day forward, let us make each decision with our best interest in mind. Remember if you can imagine it, you can achieve it; if you can dream it, you can become it. Congratulations class of 2015.

Graduation

VMSS SPORTS & CLUBS

2014/2015

Coming together is a beginning; keeping together is progress; working together is success.

-Henry Ford

Desire is the key to motivation, but it's determination and commitment to an unrelenting pursuit of your goal - a commitment to excellence - that will enable you to attain the success you seek.

-Mario Andretti

It's not whether you get knocked down; it's whether you get up.

-Vince Lombardi

The difference between the impossible and the possible lies in a person's determination.

-Tommy Lasorda

Continuous effort – not strength or intelligence – is the key to unlocking our potential.

-Liane Cardes

You miss 100 percent of the shots you don't take.

-Wayne Gretzky
