MR. BONDY - VICE PRINCIPAL

This year, 1997, will mark W.C.I as an educational corner of the city of Windsor.

The Windor Board of Education is proud to acknowledge the excellent graduates who have gone on to be noted members of Canada.

Walkerville, having a unique culture filled with tradition is renowned worldwide. The Community Living program as well as the Centre for the Creative Arts has added new depth to its uniqueness. It is noteworthy that a school which was oringinally located on the second floor of what is now the Adult Learning Centre has forged ahead to be such a viable school. The school has won many awards due to a dedicated staff, an entiusiastic student body and a caring parental community.

As a part of the administrative team, I have interacted with many students and parents during this past year. I thank you for your warmth and kindness you are true Tartans. You should be extremely proud of yourselves and your families as you leave your mark on such a prestigious school, deep in tradition. wish you continual success and happiness in all your future endeavours.

MR. CRUICKSHANKS - PRINCIPAL

This is a very special year in the history of Walkerville Collegiate Institute. The school opened its doors to students as Walkerville High School in September 1922, and we celebrate our 75th anniversary this year. During its 75 years. Walkerville C.I. has enjoyed a reputation of excellence in the community. Many of our graduates have excelled academically, in athletics, in business, in politics, in community service, and in the field of entertainment. The staff and administration continue to encourage the pursuit of excellence by students.

The school has changed tremendously over the last ten years or so. We now have a Community Living Program for the developmentally challenged students, and Walkerville is the home for the Windsor Centre for the Creative Arts. Both programs have enriched the school in so many ways.

As we get closer to the 21st century, Walkerville Collegiate Institute continues to offer an excellent education for all stodents. I am proud to be Principal of the school. I am also proud of this yearbook and I would like to acknowledge the outstanding contribution of Heather Stuart. She has almost single handedly been responsible for putting this yearbook together. Thanks to you Heather and your com-

LET'S CELEBRATE 75 YEARS OF WALKERVILLE!

The present school building at 2100 Richmond Street was completed at a cost of \$600 000 and formally opened November 2, 1922. The celebrations included a luncheon, a programme of moving pictures, a swimming exhibition, and a dance. The total enrolment, which that first year was 195 students, peaked in 1970 at 1287 (believe me, this was wall to wall students) but has since declined and stabilized in the last few years to the present 800 students. The enrolment has declined, but the building functions at 100% capacity due to changes over the past few years.

Walkerville has grown and changed both in appearance and format since her start on Richmond Street. During the first year in the new building, W.D Lowe Vocational School used the second floor at Walkerville, moving into its present building the following year. With the amalgamation of Windsor and the town of Walkerville n 1935, the school began to grow at a more rapid rate and soon all of the rooms were in use.

In 1942, the Commercial Department was started. Several additions were added to the original building in 1955- a music room, rifle range, store rooms, a new gym and cafeteria; the main office was renovated, the quadrangles on each side of the auditorium were built in to house a new library, a new music room, six regular class rooms and three seminar rooms in 1966; two more classrooms, a dressing room, and various other equipment and store rooms were added to the north west corner in 1969.

In 1923, lunch in the cafeteria was a far cry from what it is today-both the food and the location. Lunch was eaten in what is now the home economics room and might have consisted of soup and crackers or weiners and beans for \$0.05. In 1990, the kitchen in the cafeteria was completely renovated to accommodate the needs of the present day students.

The Student Council, first known as the Literary Society, changed its name in 1934 to the Agora (taken from the name of the public square in Athens of 500 B.C.). It was this square the assembly met in session and its offic-

ers were elected by the citizens. Membership in the Agora in 1934 was voluntary and a fee of \$0.15 was charged each member to cover expenses. Today members of the Agora are elected by the student body with all students paying a fee of \$15.00 to help with athletic teams, clubs, etc. In 1960 the Agora established the Honour Society to recognize individual effort in the areas of academics, athletics, service and clubs, the top honour having one's picture being hung in the school library.

Drama and music have always been an important part of Walkerville. The school orchestra was begun in 1927 and flourished until 1947 when it was the only Concert Orchestra in the city. In 1949 music was first introduced into the school curriculum. How far we have come in this field! In 1989 The Windsor Centre for Creative Arts was established at Walkerville and Lowe. This programme offers students from across the city classes in drama, all forms of dance and instrumental music and vocal training. Much renovation was needed for this programme; 2 dance studios; 2 additional music rooms and the stage in the auditorium being made twice the size with new lights and sound eqipment.

Mr. Bruce Curry really began the drama at Walkerville with the formation of the "Tartan Players". Beginning in 1967, Mr. Curry and his cast of approximately 200 students each year provided the public with much enjoyment over the next 15 years. Currently, Mr. John Vacratsis heads Walkerville's Centre for the Creative Arts. The WCCA and the many displays of students' creative talent has continued to be a tremendous assect to our school.

The Community Living programme was transferred to Walkerville in 1923, lunch in the cafeteria was a far cry from what it is today- both the d and the location. Lunch was eaten in what is now the home economics.

The Community Living programme was transferred to Walkerville in 1986, once again requiring changes not only in the building, but with the staff and students. These "special students" needed our love and support but we in turn have learned countless lessons in compassion and friendship from them.

The Blue and White, Walkerville Collegiate Highlanders and Pipeband, the Military Ball, and our proud athletes, have all played an important part in Walkerville's history. Many people in our community and around the world are proud to still consider themselves "true Tartans."

The school will surely continue to flourish in the future if all students look to the school motto, "Nil Sine Labore" as a guide through their lives.
